

NEW ZEALAND

EFFECTIVE JUNE 2025

Globally sourced practitioner brands from a trusted partner.

www.fxmed.co.nz

Our Vision

To shift healthcare in New Zealand and Australia by helping practitioners focus on prevention and personalised care.

Every patient success story fuels our drive to create a future where vitality and wellness are the norm, not the exception.

Amal Karl CEO

77

Be good, do good.

Proud to be supporter of KidsCan

With your help, we have donated NZ\$208,741* to date – in a quest to create brighter futures for Kiwi kids in need.

*This amount reflects a collective donation by the FxMed Group as at Jan '25

Embracing Mindful Living

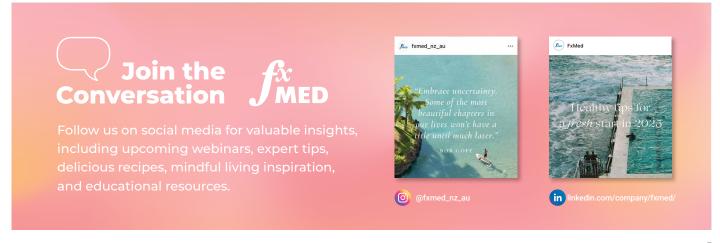

FxMed believes mindfulness is a vital pillar of overall wellbeing.

See page 144 to learn more.

Practitioner Hub

Your personalised all-in-one platform, designed with your clinic in mind. Packed full of features to help simplify your workflow, enhanced with mobile-friendly access for on-the-go convenience.

Advanced search and filter for products

Use powerful search and filter capabilities to help navigate the range, including multiple ingredients, conditions, categories, plus the ability to save searches.

Quick access to Resources

Latest protocols, guides, patient handouts, catalogues and more.
Search for resources directly from **Dashboard** for added convenience.

Easy retrieval of invoices

Listing of invoices and statements plus direct link to pay online via **Billing History**.

Full transparency

Readily see product expiry dates, product specials, delivery ETAs to help guide purchasing decisions.

Stay informed and be notified when out-of-stock products are back in stock or can be backordered.

Patient login for FxDirect

Simple password set up, no more lost authorisation links – secure and easy access for re-orders plus faster patient checkout experience.

Rebates details

Readily access your **FxDirect** rebate statements plus try out the nifty rebates calculator to get a running tally.

Showcase your profile

Allow potential clients to find and connect with you. 4000+ searches on our **Find a Practitioner** tool.

20% DISCOUNT FOR SELF-TESTS

Functional Testing services

Streamlined end-to-end flow for functional testing online.

Explore Tests > Authorise or Order on behalf > Track samples

> Secure storage of results for future retrieval (more on page 134)

Interpretation of Test Results – directly book a session

for this popular service via the Hub.

- Hassle-Free: No need to hold stock patients order securely online
- Personalisation: Customisable messaging, dosage + supply period
- Ongoing Rebates: Access rebate statements with a built-in calculator
- Continuity of Care: Authorise alternative products for out-of-stock items
- © Custom Discounting: Apply discounts at product or authorisation level
- Meaningful Insights: Gain a clear view of patient order history
- Quick-Action Tools: Create protocol-based templates efficiently
- NEW to FxDirect: Functional testing & streamlined order flow (see page 134).

Simple to use - try it out today!

Welcome to FxMed's Top Products List

New for 2025! Our popular Top Products List, curated by our Technical Support Team, is now featured in this catalogue in the following pages. This streamlined overview makes it quicker than ever to find exactly what you need, helping you navigate our wide range of products and brands with ease.

We have also highlighted some of our most popular clinical essentials – core foundational supplements commonly used in practice. These are marked with a distinctive colour box, so you can easily identify them. Simply refer to the key at the top right of the page to locate these key products.

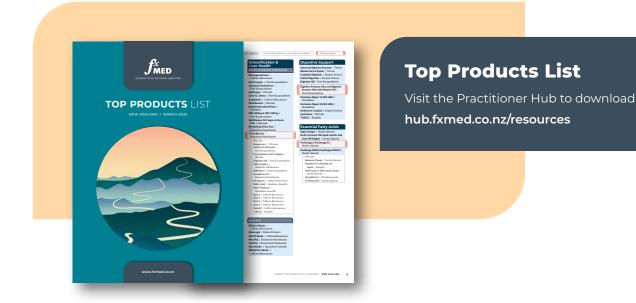

For detailed product information including product descriptions, supplement facts, suggested use, educational resources and pricing, please visit the FxMed Practitioner Hub.

Alight Health Formulas

Inspired by practitioners for practitioners, Alight Health Formulas is guided by the expertise of trusted clinicians such as Dr. Jill Crista, Naturopathic Doctor, to create superior specialty products with patients compromised by mould and mycotoxins in mind.

Alight Health Formulas utilises scientific research and innovation to select specific herbs and nutrients that synergistically deliver proven results in their most bioavailable and effective forms, without common allergens or unnecessary excipients which is especially important for sensitive patients.

Alight Health Formulas are high-quality, professional grade supplements that are independently tested to guarantee purity and potency. Ingredients are third-party tested to be free of toxicants such as yeasts, moulds, and heavy metals. All products are made in facilities certified to follow cGMP's and are regulated by the FDA – measures equating to a premium brand you can trust.

*	•	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
		Bile Movers™	ALI-BILE90	Featuring ox bile with a blend of vitamins (A, B6, B12), botanicals (artichoke, beet, milk thistle) and amino acids (inositol, L-methionine, taurine) to support bile production/flow, fat metabolism and detoxification.	90c
		BioFilm Plus™	ALI-BIOFILM60	A combination of proteolytic enzymes (proteases, serratiopeptidase, trypsin, chymotrypsin) with anti-inflammatory and antioxidant herbs (turmeric, Boswellia, ginger, rosemary) plus quercetin, rutin and trans resveratrol. Supports a healthy inflammatory response, biofilm disruption and lymphatic drainage.	60c
		Bright Panda™	ALI-BRIGHTP	Unique nootropic blend designed to support a healthy neuroinflammatory response and balanced neurochemistry. Rich in resveratrol and rosmarinic acid, it supports cognition and focus. Ideal for supporting mental clarity and concentration and for those diagnosed with PANS/PANDAS.	60ml (24 serves)
		Chill Panda™	ALI-CHILLP	Calming botanical blend supports children with anxiety, OCD, tics and PANS/PANDAS. Supports a healthy neuroinflammatory response to stress for balance and mental calm without daytime drowsiness.	60ml (24 serves)
*		Color Guard™	ALI-COLOR60	An antioxidant blend of botanicals and nutrients to support against environmental toxicants – particularly mycotoxins. Supports visual health (for screen time and blue light exposure) and healthy ageing. Contains bilberry, Ginkgo, maqui berry, DeltaGold® tocotrienols, Lutemax® 2020 (lutein & zeaxanthin) and AstaREAL® astaxanthin.	60c
		CoQ Absorb™	ALI-COQABSRB	Contains 100mg of highly stable and bio-available ubiquinol (as DuoQuinol™) per softgel with trans-geranylgeraniol (as GG-Gold™). Provides additional support for muscles adversely affected by statin use. Supports healthy mitochondrial function, energy metabolism, cardiovascular health and muscle function.	60sg
		Garlic Assist™	ALI-GARLICASST	Contains garlic oil as Garlicillin™ with parsley oil. Active component allicillin is in a special form (standardised to include 20mg garlic diallyl sulfide/disulfide/trisulfide and ajoene). Supports a healthy microbial balance including intestinal flora balance and fungal flora balance. SIBO friendly.	60sg
		Gentle Bind™	ALI-BIND60	Contains pure 200:1 Aloe vera extract (500mg per capsule). Supports digestive health, a healthy immune response and adsorption of mould mycotoxins. Carefully processed to retain the long polysaccharide chains.	60c
		Mold Multi™	ALI- MOLDMULTI60	A comprehensive array of antioxidant and anti-toxin nutrients, featuring Lutemax* 2020 (lutein & zeaxanthin), NAC and quercetin with co-enzymes and co-factors for detoxification support. Formulated to replete the most common nutrient depletions for those exposed to damp and mould-infested buildings.	60c
		MycoRepel™	ALI-MREPEL90	Broad spectrum antioxidant formulation including culinary herbs with antimicrobial properties and specific bioflavonoids selected for both water and lipid solubility. Supports a healthy microbial balance, a healthy inflammatory response and protective support against oxidative damage often seen with "die-off".	90c
		MycoXpel™	ALI-MXPEL60	Vitamins, minerals and botanicals to support healthy detoxification and a healthy inflammatory response. Includes NAC, green tea, turmeric, GSE, RLA and DeltaGold® tocotrienols.	60c
		Nettle Hist-Tone™	ALI-NETTLE90	Contains the dried leaf of stinging nettles with this herb's active flavonoid, quercetin. Combining the active ingredient with its source plant amplifies the anti-inflammatory, antiallergic, antioxidant and immune-supportive properties to support a healthy histamine response.	90c

*	•	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
		Resolvins	ALI-RESOLVINS60	Active Fractioned Marine Lipid Concentrate containing pro-resolving mediators (PRMs) which may support the resolution of the first steps of inflammation when an inflammatory response is triggered. Each softgel is standardised to contain 150mcg PRMs (18-HEPE; 17-HDHA; and 14-HDHA). With DeltaGold® tocotrienols to support absorption.	60sg
		Silver Guard™	ALI-SLVRGRD	Purified silver in spray format that is well tolerated by kids and adults alike. May support a healthy microbial balance in the mouth, tonsils and throat. Each 5ml (approx. 6 sprays) contains 75mcg.	118ml (approx 24 serves)
		Vagus Nirvana™	ALI-VAGUSNIR	First-of-its-kind nervine blend designed to optimise the parasympathetic nervous system and reset the vagus nerve, ideal for PANS/PANDAS. Supports autonomic balance, featuring calming sacred lotus and white mulberry, plus feverfew and Perilla for inflammation. Non-sedating formula encourages restorative sleep without daytime drowsiness.	60ml (48 serves)
		Yummy Tummy™	ALI-YUMMYTU	Specialised herbal blend for children with neuroinflammation-related eating challenges, like PANS/PANDAS. Contains herbs known for their neuroprotective and immune-balancing properties. Supports digestion by targeting gut endotoxins and mast cell responses to support regular meal tolerance and eating restrictions.	60ml (48 serves)

*	•	NAME	TESTER KIT CODE	DESCRIPTION	VOLUME
		PANS/PANDAS Muscle Testing Kit	ALI-PANS	Muscle testing kit featuring 4 vials of Alight Health Formulas PANS/PANDAS products: Bright Panda, Chill Panda, Vagus Nirvana and Yummy Tummy. Suitable test kit for multiple modalities.	each

*	•	NAME	BOOK CODE	DESCRIPTION	VOLUME
		A Light in the Dark for PANDAS & PANS, by Dr Jill Crista	ALI-ALITDBOOK	Watching a child suffer from PANDAS or PANS can be a heart-wrenching experience. This book is for parents desperate for more understanding and guidance and suitable for Practitioners wanting to learn more about the subject.	each
		Break the Mold 5 Tools to Conquer Mold and Take Back Your Health, by Dr Jill Crista	ALI-BTMBOOK	Do you have mysterious health problems with no explanations? Mould can lurk without a trace or a scent. If this is happening where you spend time, you could be sick from mould and not even know it.	each

Mold Multi™ supports individuals exposed to mouldy environments, addressing nutrient depletions caused by toxins and microbes. It helps balance immune and mast cell responses while supporting detoxification.

Color Guard™ is an antioxidant blend of botanicals and nutrients to support against environmental toxicants – particularly mycotoxins.

Supports visual health (for screen time and blue light exposure) and healthy ageing.

Gentle Bind™ contains pure 200:1 aloe vera extract.
Supports digestive health, a healthy immune response and adsorption of mould mycotoxins.

Ayush Herbs

Ayurveda meaning 'science of life' is an ancient Indian system of medicine founded on the immutable laws of nature.

Ayush Herbs, Inc. was founded by Ayurvedic and naturopathic physicians who believe in healthy living in body, mind and spirit. From the very beginning, they have shared their knowledge and demonstrated the incredible healing power of Ayurvedic medicine.

Ayush Herbs' foundation is firmly rooted in its commitment to providing the best that Mother Nature has to offer, combined with the latest in scientific research. As a result, Ayush Herbs offers the highest quality science-based Ayurvedic herbal products available to practitioners.

Knowing how critical it is to have uncontaminated and unadulterated herbal products, Ayush grow and harvest their own herbs in the most pristine region of the Himalayas, without the use of pesticides, insecticides, herbicides or chemical fertilisers.

Ayush Herbs' continued success for almost 30 years lies in their ability to create unique and effective formulations made from standardised herbal extracts to ensure quality, purity and potency.

* \	PRODUCT	CODE	DESCRIPTION	VOLUME	
	AdrenOm™	AYUSH-ADO	Adrenal, stress and sleep support combining herbs ashwagandha, Eleuthero, licorice, maca, Magnolia, shatavari and tulsi with nutrients magnesium, shilajit and phytosomal quercetin.	90c	
	Amla Plex™	AYUSH-AM	Traditional immune enhancing Chavanprash (herbal nutritional spread) for all ages, contains 35 ingredients of spices and herbs.	300g (30 serves)	
	AP Traveler™	AYUSH-AP	Botanical Ayurvedic formula for support and maintenance of GI health. Contains antibacterial, antiviral, antiprotozoal and antihelminthic herbs.	90c	
	Arjuna Heart™	AYUSH-AH	Botanicals and nutrients to support a healthy heart function, with the added benefits of B6, folic acid, magnesium, calcium and CoQ10.	90c	
_		AYUSH-ASH60	Use during times of stress to support cognitive function, physical and		
\star	Ashwagandha	AYUSH-ASH120	mental health. Also supports the immune system and thyroid function. Each	120c	
	Ashwagandha Drops Adult	AYUSH-AD	capsule contains 500mg of ashwagandha and the drops contain 100mg per serve.	60ml (80 serves)	
*	Ashwagandha Drops Kids	AYUSH-AKD	Supports calm and focus, relaxes the mind for a restful night's sleep. Immune enhancing; great tasting liquid for compliancy. Each serve contains 100mg of ashwagandha.	60ml (80 serves)	
	AyuDep™	AYUSH-AY1494	A blend of herbs, MSM and minerals for stress, cognitive and mood support. Aids memory, sexual desire; supports tranquillity and mental function with its soothing and rejuvenating properties.	90c

		Rentone™	AYUSH-RENTONE	Kidney and urinary support, contains botanicals with the added benefit of vitamin B6 and magnesium to improve the effect of the elimination system. Beneficial for bladder and kidney infections.	90 caplets
		Shilajeet Mumiyo	AYUSH-SM	Kidney tonic and general support for the immune and endocrine systems.	90c
		Sitawari	AYUSH-SI	Contains shatavari which is considered to be the main Ayurvedic rejuvenating female tonic for overall health and vitality. Provides adaptogenic hormone support for reproductive balance.	90c
		SupraMag™	AYUSH-SUP	Combination of magnesium with Krebs cycle intermediates; fumarate, citrate, malate, orotate and glycine for enhanced bioavailability and efficacy in the body. Provides molecules for the generation of ATP in the cells.	90c
		Trifal™	AYUSH-T	A traditional Ayurvedic combination of three herbs – haritaki, bahera and amla. Supports bowel regulation and provides relief from constipation, while aiding both digestion and elimination.	90c
		VegenzymePlus™	AYUSH-VEPLU	Vegetarian digestive enzyme formula which supports the metabolism of fats, carbohydrates and proteins.	90c

QUALITY AND TRANSPARENCY

Our herbs are largely grown and harvested on our own farms and the surrounding hills in the pristine and pure environment of the Himachal Pradesh region of India.

The herbs are then tested for potency and quality as well as pesticides, contaminants, heavy metals, and microbial growth. Once approved, our products are shipped to the United States where they are once again tested for all aspects of contamination and heavy metals.

Bioline Products (Enterosgel)

Bioline Products s.r.o was founded in Prague in 2008 and in the same year they manufactured and introduced Enterosgel® to the European market. FxMed is proud to be the exclusive NZ distributor of Enterosgel®, a mineral-based gastrointestinal support gel that utilises the natural properties of unique silica structures to adsorb undesirable compounds within the GI tract.

Enterosgel doesn't adsorb vitamins or nutrients. It adheres to and eliminates medium size opportunistic pathogens, toxins and heavy metals leaving microflora to flourish. This fast-acting vegan formula contains no sugar, sweetener, lactose, dairy, gluten, fat, colours, flavours or preservatives and is composed of 70% polymethylsiloxane polyhydrate (methylsilicic acid hydrogel) and 30% purified water.

Enterosgel collects and eliminates harmful substances naturally within 7–24 hours without entering the metabolic processes of the body proving itself to be an effective detoxification approach suitable for most patients.

*	•	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
	Enterosgel®		ENTERO90	An innovative mineral based intestinal "adsorbent" developed for binding toxins, harmful substances (heavy metals), pathogens (bacteria, viruses and yeasts) and allergens in the gastrointestinal tract and supports elimination	90g (4–18 serves)
*		Enterosgel®	ENTERO225	from the body within 7–24 hours. Recommended for diarrhoea (of any cause), food allergies or alcohol intoxications, nausea, flatulence, gastritis and intestinal issues (dysbiosis). Can be taken at first onset of food poisoning or while travelling to prevent GI issues.	225g (10-45 serves)

Biotivia (Resveratrol)

Established in 1992 in Vienna, Austria, Biotivia demonstrates how quality natural ingredients and advances in anti-ageing can promote health and improve longevity.

Biotivia are the resveratrol specialists and use trans-resveratrol (the active form of resveratrol) in most of their formulations because of its unique and astonishing range of benefits. Each individual product is designed to address specific biological processes and to modulate cellular and genetic pathways known to improve health and wellness.

Packed in nitrogen, Biotivia utilises a patented active packaging system along with a sachet that will absorb the free oxygen every time a bottle is opened. This prevents resveratrol oxidation and preserves potency and bio-activity.

Biotivia offers the purest, most powerful natural ingredients to help you control your wellness today, and long into the future. Their mission is to support you to age powerfully and reach 100% of your health potential.

*	¥	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
		TransMax™	ВІОТ	Highest potency and purity - contains 500mg of 98% bio-enhanced Trans-Resveratrol with polydatin and piperine to increase absorption.	60c
		TransMax TR™	BIOTTR	12-hr time release formula providing a constant supply of micronised 98% Trans-resveratrol (500mg per capsule). Penetrates cellular walls ensuring the body benefits from the SirTl activation properties of resveratrol.	60c

The supplements your cells love and practitioners trust.

Our supplements are founded in research, tested for efficacy and trusted by thousands of practitioners. Science is at the center of everything we do.

Detox with TUDCA

TUDCA (or tauroursodeoxycholic acid) helps the body break down food, destroying harmful pathogens that enter the digestive tract. It also helps the body eliminate waste, excrete unnecessary cholesterol and regulate your metabolism, making it a helpful tool in cellular detox.

Specifically formulated to:

- Support digestion
- · Support the liver
- Neuroprotective support

The Foundation for Cellular Health

A pure liposomal phospholipid complex – provides the building blocks of your cell membranes, repairing and protecting each of your 70 trillion+ cells. Ageing and toxin exposure cause your cells to break down, and phospholipids are critical to rebuild and maintain their health from the brain to the gut and everywhere in between.

Contains contentrated levels of:

- Phosphatidylcholine (PC)
- · Phosphatidylethanolamine (PE)
- Phosphatidylinositol (PI)
- · Phosphatidylserine (PS)

We believe there is no way to heal the complex diseases of today without addressing the fats and oils of the membrane. The membrane carries the signals in our body, without a healthy membrane, signaling will cease to exist.

- Ed Kane, BodyBio Founder

99

BodyBio

Research is at the heart of everything BodyBio does and the brand was founded by Ed Kane in 1998 as he developed targeted blood chemistry analysis and epigenetic testing to investigate the most complex disorders in the world. His mission began with developing a medical software program that would produce a list of required nutrients based on an individual's blood chemistry results. The findings from that research developed into BodyBio as we know it today.

BodyBio's focus has been on the research of targeted bio-metabolic nutritional support for chronic, acute and metabolic illness.

The underlying belief is there is no way to heal complex diseases without addressing the fats and oils of the membrane. The membrane carries the signals in our body and without a healthy membrane, signalling will cease to exist. BodyBio's ethos is to 'follow science, not trends'; continually pushing boundaries and educating on the importance of human health at the cellular level – improving lives one cell at a time.

*	•	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
		Balance Oil	BB-B0180	A perfect 4:1 blend of organic omega-6 (linoleic) and omega-3 (linolenic) EFA's to improve digestive health and support brain health, immunity and liver function in convenient softgels.	180sg
			BB-PC60	Combines four forms of pure phospholipids in liposomal form for	60sg
*		quick absorption to support every cell and key system in the body.	100sg		
			BB-PC300	Phosphatidylcholine is an important component of all cell membranes.	300sg
*		D- d-Di- DC Liid	BB-PC8	Same ingredients as BodyBio PC softgels but in a convenient liquid form; great for consuming higher doses per serve of phosphatidylcholine.	8oz / 237ml (79 serves)
		BodyBio PC Liquid	BB-PC16		16oz / 473ml (158 serves)
*		Calcium/Magnesium Butyrate	BB-BUCM100	A short chain fatty acid that encourages the formation of friendly bacteria in the gut. Critical in repairing the lining and cells of the gut – it also supports a healthy inflammation response and immune function. This is the most recommended butyrate product.	100c
X			BB-BUCM250		250c
		ReMineralize	BB-RM4	A full-spectrum, ionic mineral formula sourced from Utah's salt flats, containing 72+ trace elements. Designed to support hydration, electrolyte balance and cellular function. Ideal alongside filtered or RO water.	118ml (47 serves)
*		Sodium Butyrate	BB-BUS100	A short chain fatty acid that encourages the formation of friendly bacteria in the gut. Critical in repairing the lining and cells of the gut – it also supports a healthy inflammation response and immune function. The perfect combination for those who exercise frequently, work in hot environments, or have low blood sodium levels.	100c
*		TUDCA	BB-TU60	Tauroursodeoxycholic acid (TUDCA) is a bile acid naturally formed in the body that supports the digestion and utilisation of fats and oils and demonstrates neuroprotective benefits.	60c

CALROY Health Sciences

Innovators in the industry, Calroy Health Sciences translates breakthrough research into transformative products for foundational health needs.

Their mission is to advance science and enhance health for the benefit of healthcare practitioners and their patients.

Arterosil HP® contributes to healthy vascular function

- Supports healthy circulation and healthy artery function
- Supports a healthy heart
- Supports a strong and vital endothelial glycocalyx – the micro-thin gel lining in veins and arteries

Vascanox HP® provides nitric oxide (NO) support

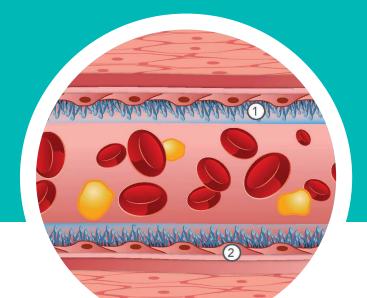

- Supports healthy NO levels for up to 24 hours with a single dose
- Quick-acting and longlasting dietary supplement for supporting healthy blood pressure

Nitric Oxide (NO) Indicator Saliva Test Strips

- Measures the amount of nitrate in the saliva, indicating the amount of bioavailable NO in the body
- Results in 10 seconds
- Simple and easy-to-use, test anytime, anywhere

The endothelial glycocalyx, the fragile inner lining of the entire vascular system

- 1 Endothelial glycocalyx
- 2 Artery wall

Calroy Health Sciences

Innovators in the industry, Calroy Health Sciences translate breakthrough research into transformative products for foundational health needs.

Their mission is to advance science and enhance health for the benefit of healthcare practitioners and their patients. Their model combines rigorous research and development with an exacting approach to sourcing, manufacturing, and transparency. This groundbreaking work has led to the award of two patents, with more pending.

Their flagship product, Arterosil HP® contains an extract of rhamnan sulfate from *Monostroma nitidum*, a rare green seaweed harvested in the Pacific Ocean. Over the past thirty years, extensive scientific research on this extract has highlighted its significant benefits for cardiovascular health.

Discover how Calroy Health Sciences products can support your patients' vascular and nitric oxide levels today!

*	•	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
*		Arterosil HP®	CALROY- P060C502	Supports the endothelial glycocalyx, healthy circulation, arterial function/wall health and heart health. Features MonitumRS® (a proprietary extract of rhamnan sulphate from the green seaweed <i>Monostroma nitidum</i>) enhanced with a combination of fruit, vegetable and green tea extracts selected for their established vascular benefits.	60c
*		Vascanox HP®	CALROY- P060C602	Next generation nitric oxide (NO) support, targeting multiple pathways. Powered by Calroy's proprietary blend, Noxa24®, to support the natural production, storage and release of NO. Optimal NO levels have been shown to support a healthy cardiovascular system, blood pressure and circulation. Vascanox® HP is designed to be used in conjunction with NO test strips.	60c
*		2-in-1 Nitric Oxide Test Strips	CALROY- 2in1TestStrips-50ct	Nitric oxide (NO) indicator strips provide a simple test for NO status in the body. It is recommended to test on a regular basis; for best results test on an empty stomach before and after usage of Vascanox® HP or after consumption of NO-rich foods.	50 strips

2-in-1 Nitric Oxide Test Strips

Research on Glycocalyx
Regeneration and Nitric
Oxide with Dr Derrick DeSilva

Vascular dysfunction is prevalent and increases with age. There are implications not just for the heart, but for every organ and system.

Expert clinician Dr DeSilva will describe the science and research behind centering vascular support in wellness plans, as well as the top 2 dietary supplements he uses and why.

Duration: 80 minutes

CellCore Biosciences

The team at CellCore Biosciences has decades of experience in biochemistry research, development, testing and innovating with a shared passion for discovering alternative methods of attacking chronic infection, disease, and other barriers to wellness. This passion has led to unlocking the health benefits of extracts of humic and fulvic acids, specifically when paired with natural ingredients.

The science behind CellCore isn't simple, but the results are. They produce active carbon, hydrogen, and molecular oxygen molecules that carry enormous energetic potential and enhance virtually everything to which they bond. BioActive Carbon complexes increase retention, absorption, and utilisation of nutrients in food, vitamins, minerals, and other supplements.

With the ability to both bind and restore, BioActive Carbons function differently and more completely than traditional binders. BioActive Carbons can drive and protect the herbs and nutrients in CellCore supplements through the gastric acid, allowing absorption of nutrients in the right place at the proper pH.

*	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
	Advanced TUDCA	CC-TUDCA-060	Combines TUDCA with BioActive Carbon® and NAC to support healthy bile flow, liver detoxification and drainage. Included in the Foundational Protocol for targeted hepatobiliary and systemic detox support.	60c
	BC-ATP	CC-BCATP-120	Proprietary blend of fulvic acid with citric acid formulated with Carbon Technology to support and optimise mitochondrial function, maximise ATP production and cellular energy.	120c
*	BioToxin Binder	CC-BIOTX-120	BioActive Carbon technology designed to target specific biotoxins like mycotoxins from mould and ammonia, as well as bacteria, parasites, yeast, fungi and viruses. Includes wild crafted yucca root along with extracts of fulvic acid.	120c
	Carboxy	CC-CRBXY-080	A selective binder that contains short- and long-chain carbons (electrolytes, humic/fulvic acid compounds and polysaccharides) which travel to different areas of the body to remove harmful environmental elements. Works systemically to support full body detoxification, moving beyond the gut.	80g (approx 106 serves)
	Core Nutrients	CC-CRNUT-60	Comprehensive daily micronutrient formula with 32 bioavailable ingredients, including active B vitamins, PQQ and antioxidants. Supports mitochondrial function, nutrient replenishment and cellular repair. Formulated with BioActive Carbon® Technology.	60c
	CT-Biotic	CC-BIOTC-060	Formerly called CT-Spore, this newly refreshed formula now contains a proprietary blend of 11 bacterial strains comprising both spore-forming and non-spore-forming probiotics.	60c
	CT-Minerals	CC-MNRLS-060	A convenient capsule that provides two forms of magnesium and a variety of trace minerals derived from fulvic acid (sourced from the soil and decomposed plant life). I cap is twice the strength of a 10-drop dose of the previously available liquid.	60c
	CT-Zyme	CC-ZYMEX-120	A new combination of digestive enzymes powered by CellCore's Carbon Technology that provides next level digestive support. Each enzyme functions at a particular pH, making this product effective at different stages of digestion as it passes through the gastrointestinal tract.	120c
	Cytolmmune	CC-CYTIM-120	Foundational immune-modulating formula for early symptom onset, seasonal support and weakened immunity due to travel or stress. Features eight synergistic herbs, including black cumin seed and quercetin, for immune and inflammatory support. Includes BioActive Carbon® Technology for cellular repair and detoxification.	120c
*	Drainage Activator	CC-DRNAC-120	Drainage support supplement which can be used at any stage but particularly at the start to help effectively open drainage pathways. Focuses on drainage at the extracellular matrix junction (ECM). Includes six adaptogenic mushrooms with manjistha, olive leaf, black cumin, gotu kola and St. John's wort.	120c
*	HM-ET Binder	CC-HMETX-120	The proverbial "cleanup batter" for binding heavy metals and environmental toxins. Supports focused removal of harmful toxins like mercury, arsenic and aluminium. Contains extracts of fulvic acid and humic acid.	120c
	IFC	CC-INFLM-120	These 11 plant-based "inflammation tamers" help support healthy levels of inflammation by stimulating your own natural anti-inflammatory pathways for optimum health.	120c
	IS-BOOST	CC-BOOST-4OZ	A potent combination of 14 antioxidant herbs to support liver function and the immune system. This liquid formulation is the perfect add-on to any parasite cleansing protocol. Includes black walnut and pau d'arco.	118ml (approx 59 serves)
*	KL Support	CC-KLSUP-120	A unique blend including NAC, milk thistle, parsley, Gynostemma, gromwell root, beetroot and marshmallow, alongside powerful BioActive Carbons to support healthy kidney and liver function – essential to any detox protocol.	120c

* .	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
*	LymphActiv	CC-LYMPH-060	Blend of lymphatic-supportive herbs coupled with BioActive Carbon molecules. Creates the lymphatic motion needed to support drainage, detoxification and die-off symptom mitigation.	60c
	ME Support	CC-MESUP-2OZ	Liquid tincture combining traditional herbs with BioActive Carbon® Technology to support the limbic system. Features chamomile and lavender for relaxation and sleep. Supports emotional resilience and equilibrium; ideal for mental and emotional balance.	59ml (approx 60 serves)
	Methyl-B Complex	CC-MTHLB-060	Bioavailable B-complex with methylated B12, 5-MTHF and P5P to support methylation, energy production and detox pathways. Includes BioActive Carbon® Technology for improved utilisation. Suitable for long-term cellular health support.	60c
	MitoActive [™]	CC-MTACT-060	Advanced mitochondrial support formula featuring CoQ10, PQQ and BioActive Carbon® Technology. Designed to support mitochondrial biogenesis, ATP production and cellular detoxification. A stimulant-free solution for sustained energy and resilience.	60c
*	Para 1	CC-PARA1-120	CellCore's flagship immune and digestive support product – the 'Gutscrubber'. Made from the <i>Mimosa Pudica</i> seed, in the GI tract the powderform expands to become gelatinous, pulling out toxins, biofilm and parasites.	120c
*	Para 2	CC-PARA2-120	Developed over years of clinical trials, this Ayurvedic blend offers powerful detox, immune and digestive support.	120c
*	Para 3	CC-PARA3-2OZ	A novel combination of herbs designed to absorb deep into tissues to address pathogens. The tincture offers immune support from a fresh angle and allows more specific dosing options.	59ml (approx 113 serves)
*	Para 4	CC-PARA4-120	Para 4 is the latest in the series of Para products to go along with Para 1, 2 and 3. When taken in sequential order over a period of time the products work together to support digestion, immunity and a healthy gut microbiome.	120c
*	Para Kit	CC-PARAKIT	Includes Para 1, Para 2, Para 3 and Biotoxin Binder (previously Full Moon Kit). This combination can be used to provide extra support to maximise detox results and evict unwanted guests!	each
	S-TRO	CC-STROX-120	A proprietary blend of adaptogenic herbs – including ashwagandha, maca root, Masson pine pollen and turmeric – to support healthy oestrogen and testosterone levels in both men and women.	120c
	TriMag Complex™	CC-TRMAG-120	Triple-magnesium complex with malate, bisglycinate and taurate plus cofactors for energy, nervous system and cardiovascular support. BioActive Carbon® Technology supports absorption and detoxification. Designed for daily mitochondrial and cellular health.	120c
*	ViRadChem Binder	CC-VIRAD-120	This game-changer contains twelve amino acids and extracts of humic, fulvic and ulmic acids. Diffuses easily through membranes, unlike other colloids, targeting mould, viruses, retroviruses, radiation and chemical toxins.	120c

Redefining health with root cause solutions

CellCore Biosciences are dedicated to providing you with the products, support and education to help you understand how to approach root cause solutions in a whole new way.

Para Kit

The supplements in this kit provide key herbs and nutrients to support the body's natural ability to detoxify foreign organisms, including *Mimosa pudica* seed, amla fruit, black walnut hull, clove bud, holy basil and neem. These ingredients also lend increased support to digestion, the immune system, and the gut microbiome.

cGPMAXPLUS

Manufactured by cGP Labs in New Zealand, the cGPMAX®PLUS product range contains cGP-PRo® a world-exclusive blend with two patents filed globally, derived from NZ-grown blackcurrants and collagen peptides. This proprietary blend is the accumulation of 30 years of research on cyclic Glycine-Proline (cGP).

cGP is endogenous to the human body and plays a key role in regulating Insulin-like Growth Factor-1, (IGF-1) function, a life-essential hormone that is crucial for growth and development. As we age, the body's production of cGP is just not sufficient to fulfil the body's needs and low levels of cGP have been associated with brain ageing, cardiovascular and neurodegenerative diseases. Supplementing with a natural, food-based supplement has been shown to replenish and support cGP levels in the brain and body.

*	•	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
*		cGP Support	cGPMAXPlus- CSC60+	Developed from 30 years of research to address age-related cognitive symptoms and cardiometabolic health. Uses 100% natural sources to deliver consistent cGP levels, supporting IGF-1 function and healthy circulation. Each capsule contains 40mcg of natural cGP-PRo® from NZ-grown blackcurrants and hydrolysed collagen (Bovine).	60c
*		Neuro Support	CGPMAXPLUS- NSC60	Formulated using scientifically researched ingredients to support healthy cognitive function, mental clarity and focus. Research has shown cGP (cyclic Glycine-Proline) crosses the BBB normalising IGF-1 bioavailability in the brain and Bacopa offers neuroprotective and adaptogenic properties. Each capsule contains cGP-PRo® (cGP, blackcurrant and hydrolysed bovine collagen) and Bacopa.	60c
*		Vascular Support	CGPMAXPLUS- VSC60	Scientifically researched and clinically proven ingredients that support IGF-1 function and nitric oxide production. Supports microcirculation, healthy blood pressure and overall vasculature which is critical for a healthy cardiovascular system. Each capsule contains cGP-PRo* (cGP, blackcurrant and hydrolysed bovine collagen), grape seed extract and mango fruit powder.	60c

cGP and its Involvement with Microcirculation and Nerve Functions with Dr Jian Guan Learn the function and importance of cGP in relation to healthy blood vessels and in supporting the function of IGF-1 (insulin-like growth factor-1), a hormone essential for supporting microcirculation and organ function.

The webinar will also cover research on cGP and its promising role in metabolic disorders.

Visit fxlearn.co.nz to watch

cGPMAX®PLUS is a range of dietary supplements that deliver natural cGP – delivered by the proprietary blend cGP-PRo®.

cGP (cyclic Glycine Proline) is an endogenous molecule that regulates IGF-1 bioavailability, a process that becomes more important to support as we age.

Supplementation with natural cGP offers an opportunity to support optimal IGF-1 levels, enabling a healthy blood circulation and providing comprehensive benefits for wellbeing across the entire spectrum of health.

In addition to the hero ingredient cGP-PRo®, these formulations include other ingredients that have been scientifically researched to maximise potency and efficacy. Together, they work synergistically with the mechanism of cGP to deliver health benefits allowing our tissues and organs to function at their full potential.

Coromega

Coromega have been making emulsified omega-3 squeeze shots for 20 years in their own factory in California. Coromega's products are clinically proven to be 3x as effective as traditional fish oil softgels. Using only high-quality fish oil, which undergoes molecular distillation to provide a pure source of omega-3, their patented emulsion formula is finished in a delicious natural citrus flavour in a convenient individual serve. Each serving is individually packaged and free from oxygen, for an effective, delicious, fresh and effective dietary supplement. With no fishy taste, aftertaste or fishy burps, Coromega is an omega-3 supplement beneficial to your taste buds – you can taste the difference!

*	•	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
	С	Coromega® Omega3 Squeeze Shots <i>Orange</i>	CO-00101	Just tear, squeeze and enjoy straight from the packet. A tasty burst of orange goodness containing EPA and DHA, great compliance as no fishy burps or aftertaste. One packet of Coromega will give the RDA for most	30 packets
			CO-00106	adults and children age 4+ and contains 350mg EPA and 230mg DHA. Nutritionally essential for children and helps support brain health, eye health and overall growth and development.	90 packets

Douglas Laboratories

For over 60 years, Douglas Laboratories® has been dedicated to meeting the needs of healthcare professionals and is recognised as a leader in the development of high quality, science-based, innovative nutritional supplements that support healthy lifestyles.

Your practice and patients will benefit from their commitment to quality. Douglas Laboratories® is a GMP and NSF International registered manufacturing facility under Atrium Innovations, ISO accredited for in-house laboratories and approved to produce certified organic products.

Their uncompromising operational practices at their state-of-the-art manufacturing facilities surpass GMP standards and manufacturing regulations.

Discover how Douglas Laboratories® can help your patients push their potential of healthier living, today and in the future.

₹ 🖤	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
	Acetyl-L-Carnitine	DOUG-82730-60X	Each capsule contains 500mg of pure acetyl-L-carnitine to support neurocognitive health.	60c
	AHCC® Plus	DOUG-99275-60X	A unique mushroom-derived extract (AHCC®) from cultured <i>Lentinula</i> edodesmycelia (shiitake) combined with larch arabinogalactan which provide an immune-supportive formula.	60c
	Amino-Iron™	DOUG-FEC	A nutritionally functional iron amino acid chelate with documented high bioavailability and excellent tolerability. Each tablet contains 18mg iron bisglycinate.	100t
	Ayur-Ashwagandha	DOUG-7670-60X	Supplies 300mg of the ashwagandha (<i>Withania somnifera</i>) root in each capsule to support stress and adrenal function. Standardised to 7% withanolides, 1% alkaloids and 0.25% withaferine-A.	60c
	B-Complex with Metafolin® L-5-MTHF	DOUG-202676-60X	A combination of B vitamins, all of which are provided in their optimal bioavailable and functional forms.	60c
	Betaine Plus	DOUG-202759- 100X	Betaine (as betaine HCI) and pepsin (porcine) aid in the digestion of proteins and food in the stomach.	100c
	Biotin 8mg	DOUG-202255- 120X	Each capsule contains biotin (vitamin B7) 8,000mcg (8mg). Biotin may provide support for healthy glucose metabolism, nerve function and nail strength.	120c
	Boswellia-Turmeric Complex	DOUG-INF	A combination of three standardised botanical extracts: Boswellia, turmeric and devil's claw to support the joints and muscles.	60t
	Calcium D-Glucarate	DOUG-CDG	Calcium (as calcium-D-glucarate) 63mg – supports the body's natural defences against environmental toxins and excess steroid hormones by way of glucuronidation.	90c
	Choline Bitartrate	DOUG-7426-100X	Provides 235mg of choline. Supports homocysteine metabolism, cellular membrane structure and acetylcholine production.	100c
	Free Form Amino Caps	DOUG-82005-100X	Contains a nutritionally-balanced mixture of essential, conditionally essential and important non-essential amino acids in their physiological L-crystalline forms.	100c
	Garlic (Odorless)	DOUG-7420-100X	Supplies 500mg of garlic (Allium sativum, bulb) in each tablet for cardiovascular health and immune support.	100t
	Inositol	DOUG-80801-100X	Contains 650mg of inositol (as myo-inositol) in each capsule to support neurological health, mood stability and healthy ovarian function.	100c
	Klean BCAA + PEAK ATP® Natural Orange	DOUG- KA57678-258	NSF Certified for Sport® supplement that supplies a 2:1:1 ratio of the branched-chain amino acids (BCAA) leucine, isoleucine and valine, as well as 400mg of ATP in each serving. Together, these nutrients provide a direct source of energy to the muscles for performance and recovery.	258g (30 serves)
	Klean Creatine	DOUG- KA57692P-315	NSF Certified for Sport® supplement that provides 5g of pure creatine monohydrate per 5g scoop – a vital energy carrier that ensures ATP availability during high-intensity, intermittent bouts of anaerobic or dynamic exercise.	315g (approx 60 serves)
	Klean Electrolytes	DOUG- KA201390-120	NSF Certified for Sport® supplement that provides specific nutrients to help replenish electrolytes and retain hydration during or after exercise. Contains vitamin B6 (P5P), calcium, magnesium, sodium, potassium and chloride.	120c
	L-Arginine (500mg)	DOUG-7932-60X	Contains 500mg of pure, crystalline L-arginine in each capsule.	60c
	L-Methionine	DOUG-7937-60X	L-Methionine is an essential amino acid and plays an important role as a methyl donor. Essential for normal liver and neurological function plus supports the body's antioxidant defences. Each capsule contains 500mg of I-methionine.	60c

*	♥ PRODUCT NAME	CODE	DESCRIPTION	VOLUME
	L-Theanine	DOUG-98740-60X	Supplies 100mg of pure L-theanine (as Suntheanine®) in each capsule to support relaxation and neurological health.	60c
	Liquid Magnesium Natural Pomegranate	DOUG-57622- 8OZX	Supplies 225mg of magnesium citrate in a great-tasting pomegranate flavoured liquid, sweetened naturally with stevia.	240ml (48 serves)
	Liquid Vitamin D3	DOUG-57738-22X	A highly concentrated, neutral-tasting, sugar-free liquid supplying 25mcg (1,000 IU) of natural vitamin D3 (as cholecalciferol) per drop.	22.5ml (750 serves)
	Magnesium Citrate	DOUG-202236-90X	Each capsule supplies 150mg of elemental magnesium in bioavailable citrate form. This form of magnesium is often used for magnesium depletion, muscle support or at higher doses for constipation and the citrate itself is used in the krebs cycle to support energy production.	90c
	Magnesium	DOUG-202733- 120X	Each capsule supplies 120mg of elemental magnesium in glycinate form. This	120c
	Glycinate	DOUG-202733- 240X	form of magnesium is often used for its calming properties and as it is gentle on the GI tract it can be useful when higher dosing of magnesium is needed.	240c
	MCT/Butyrate Liquid with SunButyrate™ Lemon Vanilla	DOUG-57689- 460X	Featuring SunButyrate™ this formula contains highly concentrated caprylic acid (from medium-chain triglycerides/MCT) and butyric acid (from butyrate triglycerides) in a pleasant, lemon vanilla-flavoured liquid. Supports cognitive function and ketone production.	460ml (30 serves)
	Methyl B12 Plus Natural Black Cherry and Vanilla	DOUG-202273-90X	Folate (as Metafolin®, L-5-MTHF) 667mcg DFE (400mcg) and vitamin B12 (as methylcobalamin) 1,000mcg in a great tasting natural cherry, berry and vanilla flavoured lozenge.	90 lozenges
	Niatab™ 500	DOUG-NTB	Slow-release tablets containing 500mg of pure niacin (nicotinic acid). Sustained release niacin may help reduce flushing or itching associated with regular niacin supplements. This scored uncoated tablet can be broken in half when lower dosage is desired.	100t
	QÜELL® Fish Oil EPA/ DHA Plus D 5+1 free	DOUG-200981-60X	Omega-3 Supercritical CO2 Triglyceride Concentrate (1,250mg) delivering bioavailable and concentrated fish oil with EPA and DHA in a 3:2 ratio (EPA 600mg:DHA 400mg) plus 25mcg (1,000 IU) of vitamin D3 per softgel.	60sg
	QÜELL® Fish Oil Ultra SPM	DOUG-202691-60X	Supercritical C02 Marine Oil Concentrate providing 560mg omega-3 fatty acids: 225mg EPA, 200mg DHA, 300mcg SPMs (specialised proresolving mediators) and 45mg DPA in each softgel. SPMs are used to support Inflammatory conditions.	60sg
	Quercetin-Bromelain Complex	DOUG-QBC	Antioxidant and immune support. Each tablet contains 333mg of quercetin, 50mg of bromelain with 200mg of buffered vitamin C.	100t
	S.B.C. (Saccharomyces Boulardii Capsules)	DOUG-9302-50X	Supplies 300mg of non-pathogenic yeast probiotic <i>Saccharomyces boulardii</i> (SB), which yields 3 billion CFU per capsule. Supports gastrointestinal health.	50c
	SAM-e	DOUG-202170-60X	Delivers 200mg of S-adenosyl-methionine (SAMe) in acid-resistant capsules that provide both protection and pH-targeted release in intestinal fluid. Supports healthy mood, methylation and joints.	60c
	Selenium + Vitamin E	DOUG-202283-90X	Supplies 268mg (400 IU) of natural vitamin E (as d-alpha tocopherol) and 50mcg of selenium in each softgel.	90sg
		DOUG-201348-30X	A combination of clinically studied Lactium® casein decapeptide, L-theanine	30c
	Sereniten Plus	DOUG-201348-60X	(Suntheanine®) and vitamin D3 to support the HPA axis. Supports stress management, cortisol regulation and stress-related metabolic functions.	60c
	Taurine	DOUG-202326-100X	Each capsule contains 500mg of pure, crystalline taurine.	100c
*	TestoGain™	DOUG-201397- 120X	A comprehensive herb formulation of adaptogens and phytochemicals that support androgen signalling and healthy testosterone production and function. Contains horny goat weed, mucuna, Tribulus, maca, damiana, Siberian/Panax ginseng and ashwagandha.	120c
	TestoQuench™ For Women	DOUG-201352-120X	A herbal formulation that helps to support androgen activity and the healthy function of testosterone-sensitive tissues in women. Contains peony, fenugreek, saw palmetto, fennel, holy basil and Vitex.	120c
	ThyroMend™	DOUG-202703- 120X	A herbal formulation with iodine-containing seaweed and adaptogenic herbs that support thyroid function. Contains guggulipid, Bacopa, ashwagandha, hops and sage.	120c
*	Ultra Preventive® 2 Daily 5+1 free	DOUG-202775-60X	Comprehensive multivitamin/mineral formula supporting cellular, heart, cognitive and immune health. Includes bioavailable nutrients and EZ Swallow Technology™ – these smaller tablets are designed to be easily swallowed. Daily serving = 2 tablets.	60t
*	Ultra Preventive® 50+ Vanilla 5+1 free	DOUG-202547-60X	Formulated for adults 50+, this comprehensive multivitamin/mineral formula supports healthy ageing with Neurophenol® for cognitive function, lutein for vision, CoQ10 for heart health and EZ Swallow technology for easy ingestion. Daily serving = 2 tablets.	60t
*	Ultra Preventive® III 5+1 free	DOUG-202660- 180X	This advanced formula combines vitamins, minerals and trace elements to support bone, cardiovascular and immune health. Key ingredients include vitamin K2, bioavailable B12, antioxidants and balanced calcium and magnesium. Daily serving = 6 capsules.	180c

*	V	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
*		Ultra Preventive® X 5+1 free	DOUG-202346- 240X	A comprehensive multivitamin/mineral using bio-available and active forms of nutrients with an organic fruit/vegetable/phytonutrient blend. Daily serving = 8 capsules.	240c
*		Ultra Protein Green™ French Vanilla	DOUG-57658P- 619X	A plant-based protein powder containing pea, chia, brown rice, flaxseed and chlorella. Additional organic greens, soluble fibre, inulin, probiotics, enzymes, vitamins, minerals and the Spectra™ Phytonutrient proprietary blend make this a nutritionally satisfying, great-tasting vanilla shake mix.	619g (approx 20 serves)
		Ultrazyme™ Polyphasic Enzyme Complex	DOUG-7022-180X	Digestive enzymes from animal and plant sources that act synergistically to assist in fat, protein and carbohydrate digestion in the stomach and small intestine. Contains amylase, protease, lipase, ox bile powder, L-lysine, pepsin, bromelain and cellulase.	180t
		Vitamin A	DOUG-AV1	Each softgel contains vitamin A 3,000mcg (as vitamin A palmitate and fish liver oil [cod]). Supports vision, growth, reproduction, cell division and immune health.	100sg
		Vitamin D 25mcg (1,000 I.U.)	DOUG-83007-100X	Contains 25mcg (1,000 IU) of natural vitamin D3 (as cholecalciferol) per tablet.	100t
		Vitamin K2	DOUG-202597-60X	Each capsule supplies 90mcg of biologically active vitamin K2 (as menaquinone-7 [MK-7]). Soy-free and derived from plant-based geraniol and farnesol. Supports healthy bone formation and blood vessels.	60c
		Zinc Lozenges Natural Orange	DOUG-202648- 100X	Each lozenge contains 10mg of elemental zinc (as zinc citrate) flavoured with natural orange extracts for immune support.	100 lozenges

ecoNugenics

ecoNugenics®, founded by Dr. Isaac Eliaz, MD, MS, LAc, combines over 30 years of clinical expertise with cutting-edge nutraceutical research. Backed by more than 200 published studies, Dr. Eliaz has developed innovative, evidence-based formulas that blend Western medicine with Traditional Chinese, Ayurvedic and Naturopathic healing systems.

Their advanced products feature patented, synergistic ingredients designed to optimise health, restore balance and activate the body's innate healing abilities. ecoNugenics® flagship product, PectaSol® contains modified citrus pectin, derived from citrus pith and modified to a precise molecular weight. This unique form inhibits galectin-3, supporting healthy ageing, cellular function, cardiovascular health and a normal immune response. ecoNugenics® collaborates with leading institutions like Harvard and NIH, offering clinically validated solutions to enhance patient outcomes. Elevate your practice with trusted, scientifically backed supplements for better patient care and long-term wellness. Formerly known as Clinical Synergy Professional Formulas (now discontinued). They are currently in the process of transitioning back to their original brand, ecoNugenics®.

*	•	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
		BreastDefend® (formerly BreastDefend Professional)	BDF120	A proprietary formula that works by targeting cell-signalling pathways and other mechanisms of action to support breast health, healthy cell behaviour, favourable hormone metabolism and optimal immune function. Contains Astragalus, DIM, mushrooms (including coriolus and reishi), quercetin, barbed skullcap and turmeric.	120c
		ecoDetox® (formerly Detox Complete)	EDTOX90	A combination of botanical extracts, antioxidants, amino acids, methylated B vitamins and other nutrients (including NAC) for in-depth, total-body toxin removal. Supports methylation, phase I and II liver detoxification, healthy liver and digestive functions.	90c
		ecoMetabolic® (formerly Advanced Glucose Support)	ЕМЕТ90	An integrative blend of botanical extracts including organically-grown medicinal mushrooms, amino acids; ALA and taurine plus chromium and zinc. Includes amla, berberine, Gymnema, cinnamon and holy basil leaf to support healthy insulin function, blood glucose levels and metabolic health.	90c
		HonoPure®	HONPUR30	A powerful, extensively-researched extract purified from <i>Magnolia officinalis</i> bark using a supercritical CO2 process to provide high potency and pure	30c
		(formerly Pure Honokiol)	HONPURI20	honokiol. Acts on the neurotransmitter receptor GABBA to support a relaxed mood, restful sleep, healthy stress response, neurological and cellular health.	120c
		PectaClear® (formerly PectaSol Metal Detox)	PCC180	Clinically proven, natural detoxification support for the burden of heavy metals and environmental toxins such as radioactive particles. Combines the detoxification properties of PectaSol-C® modified citrus pectin and Algimate®, modified alginates purified from kelp seaweed, to bind to heavy metals in the digestive and circulation systems without disrupting essential mineral balance, for safe elimination.	180c
		ProstaCaid® (formerly Complete Prostate Health)	PROSTI20	A clinically researched formula to support optimal prostate health, cellular regulation and urinary function in men. Contains 33 prostate-supportive ingredients including concentrated and standardised botanical extracts, botanically-enhanced medicinal mushrooms, vitamins, minerals and targeted nutrients.	120c

Support Your Digestive System With Targeted Enzymes From Enzyme Science™

Complete Digestion™ is a comprehensive formula that contains gentle enzyme blends to calm digestive upset like occasional gas, bloating and indigestion, while also working to provide you with the nutrition and fuel you need to be at your best. This product is recommended for individuals who are sensitive to high protease formulas.

Critical Digestion™ is a high potency and comprehensive vegetarian digestive enzyme formula that also contains nutrients to support ATP and a probiotic blend containing 1 billion CFU per capsule.

Provides support to anyone with an acute or chronic health condition to reduce the impact digestion has on overall energy reserves.

Intolerance Complex™ offers a targeted approach to digestive sensitivities by providing specialised enzymes in one single capsule. Provides support for the most common food intolerances to promote full meal digestion, nutrient absorption and energy promotion.

Gives your body what it needs to enjoy the food you love, contains enzymes to digest gluten, casein, lactose, complex carbohydrates and phenols.

Enzyme Science™ formulates each enzyme focused product with exclusive Thera-blend™ enzymes. The Thera-blend™ process is scientifically designed to provide optimal solutions for digestive health and wellness. These unique protease, amylase, cellulase and lipase enzymes are comprised of multiple variants which are blended to work synergistically throughout the broad pH range of the human body.

Enzyme Science

Enzyme Science™ represents exceptional solutions for digestive health. In addition, they offer unique enzyme blends formulated with vital nutraceuticals to support various health functions including cardiovascular, immune, and joint support.

Specialising in vegetarian digestive and proteolytic enzyme assays, the Enzyme Science laboratory tests each batch of product for enzyme activity (rather than measuring them by weight). In addition, Thera-blend™ is an exclusive patented process combining multiple strains of enzymes, each working in various pH levels for continued activity throughout the gut. It demonstrates unmatched performance and speed (up to 6x faster than competing products) in digestion of carbohydrates, fats and proteins.

Enzyme Science's natural formulas never contain fillers, binders, excipients or flow agents. This guarantees highest levels of purity with immediate bioavailability, as well as products that inspire confidence in their safety and efficacy.

*	•	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
		Acid Calm™	ES-11-30055	Combines vegetarian enzymes that support natural digestion with botanical agents and zinc carnosine to support mucosal integrity. Indicated for acid relief and occasional heartburn.	90c
		Aqua Biome™ Omega-3 Maximum Strength	ENZY10012	Provided in the ratio DHA 4: EPA 2: DPA 1 a higher strength for optimal microbiome support. Maximum strength.	60sg
		Betaine HCl+	ES-11-30034	For optimising the conditions and pH of the stomach and maximising digestion in those with lower levels of stomach acid, vegetable betaine hydrochloride (HCI) and an acid-stable protease blend are paired with patented Mucosave® FG to protect the gastrointestinal lining. Vegan.	120c
*		Candidase Pro®	ES-11-30050	Contains enzymes, broccoli seed extract and probiotics to cleanse and balance yeast overgrowth. Also supports the body to maintain healthy gut flora after taking antibiotics.	84c

Gaia PRO Difference

PLANT INTELLIGENCE MEETS MODERN SCIENCE

Our products are formulated to offer both healthcare professionals and their patients the best option to support their wellness goals, with potent dosing, diverse formats, and single or multi-herb formulas to address contraindications.

QUALITY-CONTROLLED

Our industry-leading validation process ensures quality and authenticity, as our products are screened for adulterants, heavy metals, pesticides and microbial contaminants.

All Gaia Herbs PRO products are tested via 22 ISO-validated laboratory methods in our ISO-certified laboratory. You can track each report via MeetYourHerbs.com.

MEET YOUR HERBS THE INDUSTRY'S FIRST TRACEABILITY TOOL

As a testament to our transparency and integrity, we pioneered the industry's first transparency tool, Meet Your Herbs. With this tool, you can trace the origin and authenticity of our products, ensuring your patients receive nothing but the finest nature has to offer.

We believe the combined power of nature, science, and your clinical and medical expertise, is the key to quality care.

Inspired by Nature. Powered by Science. Dedicated to Care.

Learn more at fxmed.co.nz/gaia-herbs-pro

Gaia Herbs PRO

For over 25 years, Gaia Herbs PRO has established itself as the leading grower and producer of certified organic medicinal herbs and herbal products. Nestled in a pristine mountain valley in Western North Carolina, their farm is one of the largest and most productive commercial herb farms in the US. They control every stage of production from organic soil enrichment programs, seed selection, cultivation and harvesting.

Their products are always validated to 'full spectrum potency', which ensures that the entirety of a plant's unique phytochemical make-up is intact. Gaia Herbs PRO never purify or isolate any properties of the herb, but instead make herbal products that mirror nature. An industry-first traceability program called 'Meet Your Herbs' supports their principles of purity, integrity, and potency so you can view the full history of every herb in all their products.

* \	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
	Calm Restore	GAIA-90P59060	Made with passionflower and fresh skullcap from the Gaia Herbs farm, this herbal blend supports a calm response to stress. Formula includes chamomile, vervain, holy basil and lavender essential oil.	60c
	Cordyceps Mushroom	GAIA-90Q37060	Adaptogenic support for energy, endurance and stamina with sustainably sourced organic Cordyceps mushrooms. Each serving (2 capsules) contains 900mg fruiting body extracts with 24mg beta glucans.	60c
*	Daytime HPA	GAIA-90P57060	Provides nourishment to the adrenals. Contains Rhodiola and holy basil plus a proprietary blend of herbs, enabling the body to adapt to stress in a healthy way for ongoing daily support.	60c
*	Kava 75	GAIA-90P10060	Supports emotional balance; has a calming and relaxing effect on the body, providing support during periods of occasional stress. Ecologically harvested with 442mg of kava root extract (75mg kavalactones) per capsule.	60c
	Lion's Mane Mushroom	GAIA-90Q38060	Provides support for overall brain and neurological health with organic sustainably sourced lion's mane mushrooms. Each serving (2 capsules) contains 900mg fruiting body extracts with 166mg beta glucans.	60c
	Nighttime HPA	GAIA-90P49120	Gentle, calming adrenal support at night. Contains ashwagandha and reishi plus a proprietary blend of herbs, nourishing the HPA axis while you sleep so the body can repair.	120c
*	Prostate Formula	GAIA-90P55060	Supports metabolism of male hormones, provides antioxidant protection and supports a healthy prostate function. Contains saw palmetto plus a proprietary blend of herbs including nettle.	60c
	Reishi Mushroom	GAIA-90Q39060	Immune, heart and longevity support with sustainably sourced organic reishi mushrooms. Each serving (2 capsules) contains 900mg fruiting body extracts with 226mg beta glucans.	60c
	Revive HPA	GAIA-90P48060	Revive healthy energy and stress levels for short-term use, 6–8 weeks. Contains Rhodiola and Cordyceps plus a proprietary blend of herbs to address occasional exhaustion and stress.	60c
*	Sleep Formula	GAIA-90P25060	A proprietary blend of herbs historically recognised to facilitate the transition from wakefulness to sleep. Contains passionflower, hops, skullcap, valerian, California poppy, vervain, gotu kola and lavender. Encapsulated in Gaia's patented, readily-absorbable Liquid Phyto-Caps®.	60c
	Sleep Maintenance	GAIA-90P77060	This blend of herbs supports restful sleep and healthy adrenal function. Includes ashwagandha, Magnolia and jujube date.	60c
	St. John's Wort	GAIA-90P22060	Provides nervous system support for healthy mood. Each capsule delivers 333mg of organic St. John's wort (0.9mg hypericins; 2.7mg per serving).	60c
	Systolic Complex	GAIA-90C75060	Supports healthy blood pressure, blood vessels and circulatory health. A blend of organic Pomanox® whole pomegranate with olive leaf (70mg oleuropein), hibiscus, holy basil and grape seed extract.	60c
*	Vitex	GAIA-90P73060	Certified organic chaste tree berry extract – provides support for a normal menstrual cycle and a healthy balance of female hormone levels. Each capsule contains 1000mg of chaste tree.	60c

HumanN (Neo40)

Nitric Oxide is essential to all life. Dubbed the "miracle molecule", the discovery of Nitric Oxide, and its immense importance as a biological signalling molecule resulted in a Nobel Prize in 1998.

Building upon this discovery, HumanN (formerly Neogenis Labs) was founded in 2009 and first began researching the unique impact of Nitric Oxide on cardiovascular health.

Realising the immense potential, HumanN channelled its interest into a passion and focused its energy to identify ways for the body to replenish and even help promote optimal Nitric Oxide function.

Consulting with the top Nitric Oxide scientists, doctors, registered dietitians and healthcare thought-leaders, there is no other company more committed, or qualified, to bringing the best Nitric Oxide functional foods and supplements to every human across every phase of life.

*	V	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
		Neo40® Daily	200026	Nitric Oxide (NO) is one of the most critical ways to improve cardiovascular health for those over 40. This proprietary NO blend is proven to help naturally increase NO levels. Contains vitamin C, B12, beetroot, hawthorn, L-citrulline and sodium nitrite.	30t
*		Neo40® Professional	200129	Clinical strength Nitric Oxide (NO) restoration formula, containing 425mg Proprietary Nitric Oxide Blend (beetroot, hawthorn, L-citrulline, sodium nitrite) with methyl folate for increased efficacy.	60t
*		Nitric Oxide Indicator Strip Tube	200023	This test is a simple way to understand your body's current ability to produce NO. Testing on an empty stomach before and after the use of Neo40 or NO rich foods on a regular basis is recommended.	25 strips

humanⁿ Neo40[®] Professional

Neo40® Professional supports restoration and replenishment of the body's nitric oxide levels. Neo40® is clinically researched and may support dilation and increased circulation throughout the body.

It's an effective synergistic blend of beet root, hawthorn berry extract and other nitric oxide-active nutrients, in a great-tasting, fast-melt lozenge. As the lozenge dissolves on your tongue, nitric oxide is produced almost instantly and supports your body's own production of nitric oxide.

Based on the Neo40® Daily formula, Neo40® Professional yields approx 20% more nitric oxide production in each lozenge vs Neo40® Daily. The professional formula also contains methylated tetrahydrofolate to support those with genetic mutations affecting nitric oxide production.

ne040

KBS Research (Atrantíl)

KBS Research is a nutraceutical research and development company founded by Dr Kenneth Brown, a gastroenterologist who felt frustrated with the lack of treatment options to address a range of digestive health issues.

Using science-based clinical research, highest quality standards for sourcing and independent testing ingredients, Atrantíl was developed as a natural solution to restore digestive health.

New research shows that many digestive problems start with methane producing archaebacteria. When left untreated, these out-of-place bacteria feed off the foods eaten and create methane gas which in turn produces symptoms of bloating and abdominal discomfort. Atrantíl breaks the cycle naturally and restores the gastrointestinal tract.

Formulated to deliver daily support and balance to your digestive system, even if there are no noticeable symptoms, Atrantíl can increase cellular support to promote a healthy gut. Atrantíl is non-GMO, vegan, FAARP Certified gluten-free and free of artificial colours.

*	•	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
*		Atrantil [®]	ATRANTIL	A synergistic blend of polyphenols from peppermint, horse chestnut and quebracho. Supports abdominal discomfort and changing bowel habits by supporting the body's natural ability to inhibit the activity of the methane producing bacteria.	90c
*		Atrantil® Pro	ATRANTILPRO	Combines the benefits of Atrantil® and MEGATRIO™ spore biotics, supporting gut health through synergistic effects. Balances healthy bacteria, inflammation and digestion by breaking down polyphenols, providing essential nutrients and postbiotics for optimal wellness.	90c

PRE & PROBIOTICS

Atrantil Pro

First ever polyphenol with spore biotic therapy, formulated in collaboration with Microbiome Labs

A combination of Atrantil® and MEGATRIO™ (spore-based probiotics), designed to effectively address digestive concerns such as bloating, abdominal discomfort, irregular bowel habits and intestinal permeability.

- Contains synergistic ingredients such as quebracho colorado, horse chestnut and peppermint leaf
- MEGATRIO[™] features three well-researched Bacillus strains for supporting gut health which have been shown to increase beneficial bacteria
- Tannase enzymes aid in the germination of spores and break down the tannins in polyphenols

Visit fxmed.co.nz/atrantil-kbsresearch for more info

Feel great through the power of better health

The Big One®

One-a-day multivitamin/mineral

The Big One® is designed for those who prefer a convenient, one-a-day multivitamin/mineral. One single capsule is packed with key nutrients at optimal levels, providing a solid framework for further individualised supplementation.

The Big One® is offered in two different formulations for your unique needs:

The Big One® with Iron | The Big One® without Iron

Little One™

Children's Multivitamin

This one-a-day multivitamin is created specifically for children's unique nutritional needs from ages 6–12. Each dose contains the finest ingredients, in the most bioavailable forms, in a kid-sized capsule.

Little One™ capsules can be opened, powder dissolves easily in water

Metabolic Maintenance

Metabolic Maintenance is based out of the High Cascades in Central Oregon and feel fortunate to live and manufacture in a community that is beaming with health and wellness professionals, extreme world class athletes and families that strive for optimal health and longevity of life.

This environment has helped them become pioneers in the field of personal nutrition by combining the latest wellness research and certified manufacturing process. Since 1984, they have listened to the needs to healthcare professionals and have produced a complete selection of pure, high quality, preservative-free products with no added excipients, fillers or binders. All their supplements are free of gluten, dairy, peanuts, tree nuts, stevia, artificial sweetener, dye and contaminants. Their two-piece capsules are vegetarian and they use amber glass bottles to maximise potency while eliminating the role of harmful dioxins and BPA found in plastics.

Metabolic Maintenance is the oldest family-owned company in the nutritional supplements industry. With a focus on continuous improvement, they are on a quest to create new products and refine current formulas with the intention of offering innovative solutions to the developing needs of our growing population.

*	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
	5-HTP 50mg	META-00100	Naturally derived from <i>Griffonia simplicifolia</i> and combined with P5P, an important cofactor in serotonin metabolism, 5-HTP is the precursor to serotonin – supports healthy mood, sleep and appetite.	60c
	Ashwagandha Plus	META-00714	Shoden® Ashwagandha paired with Suntheanine® L-theanine and magnesium bisglycinate for support of a healthy cortisol balance, restful sleep and stress response.	60c
	Basic Maintenance®	META-00521	Daily multivitamin/mineral packed with a full complement of clinical- strength vitamins and minerals (without iron) essential for organ function and protection.	120c
	Buffered Vitamin C 500mg	META-00230	For those who want additional vitamin C without increasing stomach acidity. A buffered form combining low acidity potassium/magnesium	90c
	Buffered Vitamin C 1000mg	META-00232	ascorbate with citrus bioflavonoids. Gentler on sensitive stomachs, this powerful antioxidant supports adrenal and immune function whilst nourishing tissue growth and repair.	90c
*	Cal/Mag Plus with Vitamin D and Vitamin K2 MK-7	META-00409	Combines Ca/Mg with two powerful calcium boosters: vitamin D-3 and vitamin K-2 (MK-7). Supports bone health, nerve and muscle function and cardiovascular health.	180c
	CoQ10 100mg	META-00210	A powerful antioxidant shown to be beneficial for heart health, immune function and supports energy metabolism at a cellular level.	60c
	CoQ10 200mg	META-00212	Antioxidant formulation of 200mg vegan CoQ10 (ubiquinone) with 200mg vitamin C. Supports ATP production, cardiovascular, immune and neurological health.	60c
	Deluxe Scavengers™	META-00214	Provides optimum doses of essential antioxidants vitamins A, C and E as well as CoQ10, L-glutathione, pomegranate, lutein and zeaxanthin. Offers cellular protection and complements any existing multi-vitamin-mineral.	60c
*	DIM Complex	META-00612	Contains therapeutic dosages of diindolylmethane and its cofactors plus calcium d-glucarate, NAC and citrus bioflavonoids which all support healthy oestrogen ratios, oestrogen metabolism and excretion.	60c
*	Glucosamine Chondroitin with Hyaluronic Acid	META-00624	High potency glucosamine and chondroitin formula with hyaluronic acid to provide a more complete supplement for supporting joint health.	60c
*	Happy Belly®	META-00661	Proprietary herbal antimicrobial formula with caprylic acid designed to destroy unwanted pathogens. Used for yeast overgrowth and dysbiosis. Supports intestinal and microbiome health.	90c
	L-Glutathione	META-00134	Reduced L-glutathione, a sulphur-containing amino acid important to the body's antioxidant defence system. Boost's activity of other cellular antioxidants and supports immunity and liver detoxification.	60c
	Little One™ Children's Multivitamin	META-00522	A multivitamin specifically for children's unique nutritional needs from age 6–12 years old in a child friendly size capsule, which can be opened and dissolved in water if capsules are not well tolerated.	90c
	Metabolic Detox®	META-00217	Potent liver support blend combining silymarin (from milk thistle) with the powerful naturally occurring thiol antioxidants NAC and ALA.	60c

* 1	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
	Metabolic Detox® Complete Natural Chocolate	META-00680	Containing a blend of pea, rice and hemp proteins in chocolate or vanilla flavours, this is an excellent supplement for comprehensive detoxification and elimination diets. Includes MCT's and EFA's, vitamins, minerals,	1.05kg (21 serves)
	Metabolic Detox® Complete Natural Vanilla	META-00671	amino acids, prebiotic inulin and other nutritional cofactors to support detoxification.	1.05kg (21 serves)
	NAC 600mg	META-00150	N-Acetyl Cysteine is beneficial in supporting detoxification pathways and hepatic function whilst promoting healthy glutathione levels.	60c
	Potassium/ Magnesium Citrate	META-00426	Highly bioavailable elemental potassium (90mg) and magnesium (100mg) are combined to support cellular, cardiovascular and kidney health, normal muscle function and balanced electrolytes.	240c
	PS-100 (Phosphatidylserine)	META-00640	Contains Sharp-PS® Green phosphatidylserine, (derived from sunflower lecithin) making it soy-free. Supports healthy brain and cellular function throughout the ageing process. Supports sustained, restful sleep and healthy cognition.	60sg
	Rebuild®	META-00432	Contains key nutrients involved in healthy bone synthesis (calcium and magnesium) plus balanced levels of trace minerals including boron, vitamins D and K, to help support bone density for those at risk of osteoporosis.	180c
	SAMe 200mg (exp. 9–12 months)	META-00154	A critical methyl donor in the CNS and cofactor for neurotransmitter synthesis. Crosses the blood-brain barrier and supports balanced mood and healthy brain function, also supports healthy joints. Since SAMe can be unstable, this is a stable acid-resistant formula.	60c
	SAMe + CoFactors	META-00156	Contains 200mg SAMe with its essential nutrient cofactors B6, B12, folate, calcium and magnesium citrates. Acid-resistant capsules; no refrigeration required. Supports detoxification, joint health, methylation and mood.	60c
	The Big One® with Iron	META-00518	Designed for those who prefer a convenient one per day multivitamin/mineral with iron.	90c
*	The Big One® without Iron	META-00520	Convenient one-a-day multi-vitamin/mineral without iron. Provides key nutrients in bioavailable forms with beneficial trace minerals.	90c
	VitalEyes™ Complete	META-00229	Contains research-backed ocular nutrients beneficial for age-related degeneration, providing visual health support with potent antioxidant protection combined with a multi-vitamin-mineral.	90c
	Vitamin C Powder (Reduced Acidity)	META-00236	A combination of sodium ascorbate and ascorbic acid powder which ensures the pH of the supplement is less acidic than ascorbic acid alone. The powder is easily mixed into a water-based beverage for convenient dosing. Each serve contains 1,100mg of vitamin C.	454g (380 serves)
	Vitamin/Mineral Base Powder	META-00508	Highly soluble vitamin/mineral powder containing all the key nutrients in required amounts and in their most bioavailable forms (active, chelated or superior) including trace minerals.	312g (60 serves)
	Zinc Picolinate 25mg	META-965	Bioavailable form of zinc picolinate 25mg combined with 150mg of vitamin C to enhance absorption. Critical for immune function, growth, wound healing and healthy DNA structure. Important for proper enzyme function.	100c
	Zinc Plus	META-927	Bioavailable form of 25mg zinc picolinate combined with 100mg of vitamin C, 150mcg of selenium and 250mcg of molybdenum (as picolinates).	100c

Cal/Mag Plus with Vitamin D and Vitamin K2 MK-7

This unique formula combines calcium and magnesium with two important co-factors: vitamins D-3 and K-2. A complete, balanced supplement designed to deliver calcium where it is needed in the body.

Total Gut **Restoration**

What if we told you that a healthy gut could be as easy as 1, 2, 3?

With Microbiome Lab's Total Gut Restoration Protocol, it's really that easy.

The first step is to **RECONDITION** the gut with MegaSporeBiotic™, the first-ever 100% spore-based, multi-spore probiotic on the market.

The basis of MegaSporeBiotic™ is a highly selective blend of 5 Bacillus spores. The bi-phasic life cycle of Bacillus spores allows them to survive harsh digestive conditions and effectively reach the large intestine. Once safely inside, the dormant spores are able to change into an active form and begin colonising in the gut.

What's next? **REINFORCE** the gut with MegaPre[™]! This precision prebiotic supplement reinforces the effects of MegaSporeBiotic[™] on your gut by further supporting microbial diversity. Precise function fibres in this supplement are used to target keystone species, including *Akkermansia muciniphila*, *Faecalibacterium prausnitzii* and *Bifidobacteria*. Dairy-Free option also available.

Last but not least is MegaMucosa[™], the first complete mucosal support supplement of its kind. Formulated to **REBUILD** a healthy mucosal barrier, MegaMucosa[™] neutralises microbial debris, supports gut-associated immune function and provides the perfect building blocks for mucosal repair.

1, 2, 3! Recondition, Reinforce and Rebuild with the Total Gut Restoration Protocol

View or download the protocol from hub.fxmed.co.nz/resources

Microbiome Labs

Microbiome Labs is at the forefront of unlocking the full potential of the human microbiome. Founded in 2013 as Physicians Exclusive by Dr Tom Bayne DC and Microbiologist Kiran Krishnan, they created the first all-spore probiotic, MegaSporeBiotic, pioneering the spore-based probiotic category. Today, Microbiome Labs continues to lead in research and development with over 14 clinical trials, offering a comprehensive range of microbiome support solutions designed to optimise patient outcomes.

With a commitment to cutting-edge science and holistic health and backed by Novozymes OneHealth, a global biotech leader, Microbiome Labs controls every step of the product development process – from strain discovery to formulation – ensuring proven efficacy. By partnering with forward-thinking practitioners, Microbiome Labs is redefining health protocols, delivering innovative, science-based solutions to address modern health challenges. More than just a brand, Microbiome Labs is leading a movement to revolutionise healthcare through the power of the microbiome.

*	♥ PRODUCT NAME	CODE	DESCRIPTION	VOLUME
	FODMATE™	MB-18100295051	An innovative digestive enzyme formula designed for short-term use that can help address cramping, bloating, gas, abdominal pain, diarrhoea and constipation that may result from the consumption of high FODMAP foods.	120c
*	HU58™	MB-10030523282	Ultra strength <i>Bacillus subtilis</i> formulated to enhance the efficacy of MegaSporeBiotic for specific health conditions like IBD, UC, Crohn's, <i>C. difficile</i> , SIBO and Candida. Produces targeted antibiotics in the intestines, effectively balancing intestinal microflora.	60c
	MegaGuard™	MB-6935296	Digestive support formulation containing Gutgard® (licorice), artichoke, and ginger, balances stomach acid, reduces occasional digestive discomforts such as gas, bloating and indigestion.	60c
*	MegalgG2000™	MB-18010475496	Serum derived immunoglobulin concentrate (Immunolin®). Supports	120c
*	MegalgG2000™ Powder <i>Unflavoured</i>	MB-18015294856	 healthy digestion, detoxification and gut barrier function. Derived from bovine serum, it is lactose-free, casein-free and β-lactoglobulin-free. I scoop (2g) of the powder = 4 caps. 	60g (30 serves)
*	MegaMarine™	MB-18065476592	Supports a healthy gut microbiome with a superior ratio of EPA, DHA and DPA plus pro-resolving mediators (PRMs) shown to support a healthy immune and inflammatory response.	60sg
*	MegaMucosa™	MB-18024527461	Complete mucosa support formulated with key amino acids to support a	180c
*	MegaMucosa™ Powder <i>Berry Acai</i>	MB-18021525269	healthy mucosal barrier, microbial diversity and immune response in the gut. Contains dairy-free bovine immunoglobulins. I scoop (5g) of the powder = 6 caps.	144.6g (30 serves)
	MegaMycoBalance™	MB-18040294252	Undecylenic acid (castor bean oil) and bee propolis to support healthy yeast and fungal balance in the body. Can support a healthy balance of vaginal flora by restoring balance to the intestinal flora.	180sg
*	MegaPre™	MB-11023528963	Precision Prebiotic™ formulation containing non-digestible oligosaccharides that support microbial diversity and selectively feed	180c
*	MegaPre™ DF	MB-11060527362	keystone strains like <i>Akkermansia</i> , <i>F. prausnitzii</i> and Bifidobacteria without feeding dysbiotic flora in the gut. Reinforces the beneficial	180c
*	MegaPre™ Powder Pineapple Orange Guava	MB-11041529069	microbial changes created by MegaSporeBiotic™ to support a diverse microbiome. 1 scoop (4.8g) of the powder = 6 caps of MegaPre, MegaPre DF contains slightly less fibre per serve as it does not contain the fibre galactooligosaccharides (Bimuno®).	144.6g (30 serves)
*	MegaQuinone™	MB-12010523749	High-dose, 100% soy-free formulation of naturally sourced vitamin K2 (MK-7) formulated to support optimal bone, nerve and heart health. Each capsule contains 160mcg of K2 with K1 and chelated magnesium and zinc cofactors.	60c
	MagaCharaDiatiaTM	MB-6935153	100% spore-based, broad-spectrum probiotic shown to maintain healthy	60c
*	MegaSporeBiotic™ 3	MB-6935154	gut barrier function. Contains 5 strains of Bacillus, which recondition the gut by promoting microbial diversity and maintaining key health-promoting, commensal gut bacteria.	180c
*	MegaSporeBiotic™ Gummies for Kids Berry Blast	MB-6935071	Delicious berry flavoured, easy-to-digest chewable probiotic gummies. Contains four of the spore-forming Bacillus strains found in MegaSporeBiotic™ (<i>B. indicus</i> HU36, <i>B. subtilis</i> HU58, <i>B. coagulans</i> SC208, <i>B. clausii</i> SC109). Suitable for ages 4+.	30 gummies
*	Pregnancy Support	MB-6935251	Formulated to support a healthy mother and baby from preconception through pregnancy and beyond. Supports a balanced vaginal microbiome, supports seeding the microbiome of the infant's gut, infant skin development, and shares beneficial bacteria during breastfeeding. Contains ASTARTETM, LGG®, and ISTILOSTM.	30c

*	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
*	PyloGuard™	MB-6935230	Offers a patented strain of <i>Limosilactobacillus reuteri</i> DSM 17648 (previously <i>Lactobacillus</i>) to support healthy levels of <i>H. pylori</i> . This strain is considered a postbiotic (a preparation of dead cells and metabolites that can act as a biological response modifier).	30c
*	RestorFlora™	MB-10040523787	Combines probiotic yeast and bacteria to offer comprehensive digestive flora support with a dual-action approach to maintaining a healthy GI environment. Contains <i>Bacillus subtilis</i> HU58, <i>Bacillus clausii</i> SC109 and <i>Saccharomyces boulardii</i> in one formula.	50c
	SereneSkin™	MB-10050294559	A probiotic-powered skincare supplement that supports a radiant, youthful complexion as well as supporting total body health. Contains a unique blend of four spore-forming Bacillus strains with added vitamin K2 for overall skin microbiome and gut-skin axis support.	30c
*	Vaginal Balance	MB-6935252	An innovative blend, combining <i>Lactobacillus</i> and cranberry; formulated as a 4-in-1 product to support vaginal, urinary tract, immune and digestive health. Contains ASTARTETM – a combination of 4 dominant <i>Lactobacillus</i> strains plus LA-5® which supports GI and digestive health. Formulated to support a healthy gut-vagina axis and reduction of bacteria-related vaginal discomfort.	60c
	Zenbiome™ Cope	MB-6935209	Designed to provide targeted support for coping with day-to-day periodic stressors and mood changes, this formula pairs the well-researched psychobiotic <i>Bifidobacterium longum</i> 1714 TM with B6, B12 and saffron extract.	60c
*	Zenbiome™ Dual	MB-10085527966	A dual-action probiotic combination of the extensively studied psychobiotics <i>Bifidobacterium longum</i> 1714™ and 35624™ to support the gut-brain axis. Provides around-the-clock support for digestive/GI health and overall wellbeing.	60c
	Zenbiome™ Sleep	MB-6935208	Formulated to help clients deal with occasional sleeplessness and help support feelings of relaxation and reduced tension. Featuring the psychobiotic <i>Bifidobacterium longum</i> 1714 TM with L-theanine and lemon balm extract.	30c

Mushroom Wisdom

As a pioneer in the newly established medicinal mushroom industry, Mushroom Wisdom (formerly Maitake Products, Inc.) has taken a leading role in bringing healthful benefits of mushrooms to the everyday lifestyles of consumers worldwide.

Founded by CEO Mike Shirota in 1991, Mushroom Wisdom links Eastern mushroom tradition with Western scientific research and validation. They are committed to educating consumers and healthcare professionals about the amazing health benefits of various medicinal mushrooms.

Mushrooms are grown in the southern part of Zhejiang province in China, where they have an ideal natural environment with optimal temperatures and humidity as well as fresh, clean water and air without the use of any pesticides, herbicides or fertilisers. Final manufacturing takes place at a pharmaceutical GMP-certified manufacturer in the USA, where stringent laboratory tests are again performed to reconfirm purity.

* \	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
	Breast-Mate	MW-BM120	Formulated to support healthy breast tissue this synergistic blend combines the immune-supportive actions of well-researched extracts Meshima PL-Fraction™ and Maitake PSX-Fraction® with the addition of vitamins C and D3.	120t
	Lion's Mane Amyloban	MW-AML180	Amyloban® is made from a unique and innovative extract concentrating active compounds from the Lion's Mane mushroom. This extract (Amycenone®) contains amyloban and hericenones shown to support healthy brain function while also supporting healthy cognition and sleep quality.	180t
	Maitake D-Fraction Pro 4X	MW-PDF120	Maitake mushroom (<i>Crifola frondosa</i>) contains proteoglucan, Beta-1,3 glucan and Beta-1,6 glucans combined with protein as an active constituent to support the immune system. Contains 4X more proteoglucan than Maitake D-Fraction standard capsules.	120t
	Maitake D-Fraction Pro 4X Liquid	MW-PDF02	Maitake mushroom (<i>Crifola frondosa</i>) contains proteoglucan, Beta-1,3 glucan and Beta-1,6 glucans combined with protein as an active constituent to support the immune system. Contains PD-Fraction® standardised D-Fraction (proteoglucan) 22mg in alcohol free vegetable glycerine base.	60ml (273 serves)
	Maitake D-Fraction Standard	MW-GD120	A proprietary extract of the maitake mushroom with vitamin C. Ultimate immune enhancer for regular health maintenance. Contains a unique protein-bound Beta-1,3/1,6 glucan that research has shown to support healthy immune function with the whole maitake fruiting body. Supports blood glucose levels and healthy blood pressure.	120c
*	Super Cordyceps	MW-WCC120	Traditionally <i>Cordyceps sinensis</i> has been praised for its health benefits to elevate energy levels, stamina, endurance and sexual performance. Now also recognised for its cardio support. Uses a concentrated hot water extract of the mycelium cultivated with the most-researched Cs-4 strain.	120t
	Super Coriolus	MW-WTT120	One of the most researched mushroom supplements worldwide; contains both the whole fruit body and extract of Coriolus, which contributes to healthy immune function, anti-tumour activities and liver support – reducing symptoms of hepatitis and cirrhosis.	120t
*	Super Lion's Mane	MW-WLM120	Recent studies support the traditional use of <i>Hericium erinaceus</i> for supporting healthy digestive and immune system functions. Also stimulates synthesis of the nerve growth factor, which may protect nerves in the brain and body from deterioration.	120t
*	Super Reishi	MW-WRS120	Ganoderma lucidum is traditionally known as the "mushroom of immortality", it is considered a superior tonic for supporting overall health of body and mind. Supports immune function. Research has demonstrated possible usefulness for allergies, bronchitis, cancer, HIV, inflammation, liver and radiation protection.	120t

Preconception Multi for Women is a premium multivitamin, multimineral, and antioxidant.

This daily multivitamin is designed to enhance preconception health and prepare the body for a flourishing pregnancy.

Premium prenatal multivitamin and mineral supplement specially formulated to support a woman's unique nutritional requirements in the first trimester as well as minimising the symptoms of morning sickness.

Prenatal Trimester 2 & 3 Plus Breastfeeding contains higher levels of key nutrients such as vitamins B1, activated B2, B3 and B5, choline, iodine, iron, zinc and vitamin D.

NaturoBest

NaturoBest has the vision of 'Creating a healthier world, one baby at a time' – providing comprehensive, premium formulas with high levels of nutrients in one formulation. They were the first on the Australian and New Zealand prenatal supplement market to have a separate formula specially designed for the first trimester. Experienced fertility naturopath and medical herbalist Nikki Warren designed the range, born out of her desire to provide high quality prenatal supplements that she is proud to call her own.

This range has been designed for discerning women who value the quality of the nutrients they ingest and recognise the importance of preventative health care before, during and after pregnancy. Beneficial for both mum and baby in meeting the increased nutritional requirements at this time. Supplements in the range contain minimal excipients – with NO added artificial colours, flavours, sweeteners, preservatives, yeast, gluten, wheat, dairy, soy and titanium dioxide.

*	V	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
		Birth Prep & Recovery	NBPR60	Herbal formulation of raspberry leaf and squaw vine to prepare and support pregnant women for labour, delivery, birth and quick recovery. Designed for use from week 34 of pregnancy until six weeks after birth.	60c
	Ca	Calcium & Magnesium	NCM150	A high-quality, high potency calcium and magnesium powder with co-factor vitamins K2 and D3, suitable for vegans. Supports a healthy pregnancy,	150g (30 serves)
*		Plus K2 & D3 Natural Lemon Lime	NCM300	nervous system, muscle cramps, bone development and strength. Designed for all life stages from kids over 2 years, teenagers, young adults, pregnancy, breastfeeding, menopause through to mature age adults.	300g (60 serves)
		Cycle & Skin Support	NCS90	Offers an array of benefits for women with menstrual and skin issues and includes herbs with a long history of use in Western herbal medicine i.e., dong quai, white peony, licorice, burdock, nettle and Gymnema alongside myo-inositol.	90c
		Detox & Liver Support	NDLS60	Contains six powerful herbs (burdock, globe artichoke, Bupleurum, clivers, Schisandra, dandelion) alongside chlorella to support detoxification processes. Ideal for both men and women as part of a 3–4-month preconception plan.	60c
		Menopause Night Formula	NMN60	Supports healthy sleep patterns and healthy oestrogen levels for women during perimenopause, menopause or with low levels who are trying to conceive. Contains hops, sage, valerian and Zizyphus.	60c
*		Preconception Multi for Men	NPMM60	A clinically-formulated multivitamin, multimineral and antioxidant specifically to support men for preconception. Designed to support sperm health, sperm motility and testosterone levels for a healthy conception.	60c
*		Preconception Multi for Women	NPMW60V	A clinically formulated multivitamin, multimineral and antioxidant specifically to support preconception, for a healthy pregnancy and healthy growth and development of the baby from 4 months prior to the time of conception. During pregnancy, a woman's nutritional requirements increase dramatically, so preparation is vital.	60c
*		Prenatal Trimester One with Ginger	NPT160G	A 2-in-1 formulation: a prenatal vitamin and mineral supplement designed specifically for the first trimester as well as a morning sickness relief formula. Helps reduce morning sickness symptoms with 75mg of vitamin B6 and 1300mg of ginger per daily dose.	60c
*		Prenatal Trimester 2 & 3 Plus Breastfeeding	NPT260V	Multivitamin/mineral formula designed specifically for trimester 2 & 3 plus breastfeeding – providing optimal nutritional and antioxidant support for both mother and baby. There is an increased demand for iron at these stages of pregnancy, when women are more likely to tolerate iron supplementation. Contains 24mg iron bisglycinate.	60c

NeoCell

NeoCell® is dedicated to providing premium collagen peptide-based dietary supplements for skin, connective tissue and joint health.

A trusted brand since 1998, NeoCell has millions of customers worldwide that have experienced the antiageing benefits of this naturally sourced collagen-based supplement range. Their products are manufactured in their own GMP-certified facility in California which guarantees the highest quality of safe manufacturing standards globally.

*	♥ PRODUCT NAME	CODE	DESCRIPTION	VOLUME
	Collagen Joint Complex	M13284	Highly bioavailable hydrolysed collagen type 2 (from chicken sternum) with hyaluronic acid (HA) to support joint cartilage and health. This natural source parallels the amino acid structure of the body's type 2 collagen for high absorption into the bloodstream. 2g collagen and 60mg HA per serving (4 capsules).	120c
	Collagen Pomegranate Liquid	M13295	Combines the incredible anti-ageing benefits of collagen types 1 & 3 peptides (4g bovine collagen per serving) with a powerful antioxidant blend (pomegranate, cranberry, green tea and elderberry) with ionic minerals in a delicious liquid format.	473ml (32 serves)
	Hyaluronic Acid	M09664	Bioavailable hyaluronic acid (HA) gives skin and joints the quenching hydration that they crave. HA is one of nature's most water-loving molecules and can hold 1,000 times its weight in water. Its role in the control of tissue hydration and water transport in the body helps support the appearance of smooth, supple skin and provides lubrication to the joints and eyes. Each serve (2 caps) contains 100mg HA.	60c
	Hyaluronic Acid + Vitamin C Liquid Berry	M13296	Bioavailable hyaluronic acid (HA) in a palatable berry liquid with the addition of vitamin C and a proprietary blend of antioxidants (cranberry, blueberry, pomegranate, elderberry and green tea) and ionic minerals for support and hydration of healthy skin, joints and eyes. Each 15ml contains 50mg HA.	473ml (32 serves)
	Marine Collagen Peptides + Hyaluronic Acid	M12900	Delivering bioavailable types 1 & 3 hydrolysed collagen from fish (carp), this formula offers an alternative to bovine collagen. Contains hyaluronic acid for skin hydration and a collagen support complex of vitamins and minerals to optimise new collagen production in the dermis. 2g collagen per serving (4 capsules).	120c
	Super Collagen +	M13260	Type 1 & 3 hydrolysed collagen peptides (bovine) support healthy collagen in skin, hair, nails, muscles, tendons, ligaments, bones, gums, teeth, eyes and	180t
	Vitamin C & Biotin	M13262	blood vessels. These tablets are formulated with vitamin C, which is essential to collagen formation; and biotin for additional hair, skin and nail benefits. 3g collagen per serving (3 tablets).	270t
	Super Collagen	M01986	Provides 10g of hydrolysed bovine type 1 and 3 collagen per serving	200g (20 serves)
	Peptides Powder	M12986	(2 scoops) in a versatile unflavoured powder form. Supports healthy skin, hair and nails. Can be mixed into hot and cold beverages (without milk).	400g (40 serves)

Rediscover Clarity

Key ingredients involved in creating acetylcholine, a neurotransmitter important for learning, memory and immune response regulation.

- » Subjects in a pre-clinical trial reported feeling more clear-headed, more focussed and waking up refreshed and alert*
- » Extra strength, high dose acetyl L-carnitine. Many professional carnitine products use 500mg/serving. Avipaxin™ offers almost 90% more Acetyl L-carnitine, nearly 1000mg per serving!*
- » Proven inflammatory response support Avipaxin™ has shown to reduce six major pro-inflammatory markers*

*Data on file

NeuroScience

As their name implies, NeuroScience is rooted in innervating healthcare with their innovative and integrative brain-focused approach. Whilst their peripheral focus may evolve, the brain forever remains central to who they are.

As a professional grade brand, their foremost goal is delivering premium supplements containing amino acids, botanicals, vitamins and minerals that contain impactful amounts of ingredients in a practical daily serving. They never design products with specific price points in mind.

NeuroScience believe that no system works alone so they favour comprehensive blends of ingredients that offer benefits single ingredient products cannot. NeuroScience supplements are designed to provide precursors to neurotransmitter, hormone and immune pathways associated with clinical symptoms.

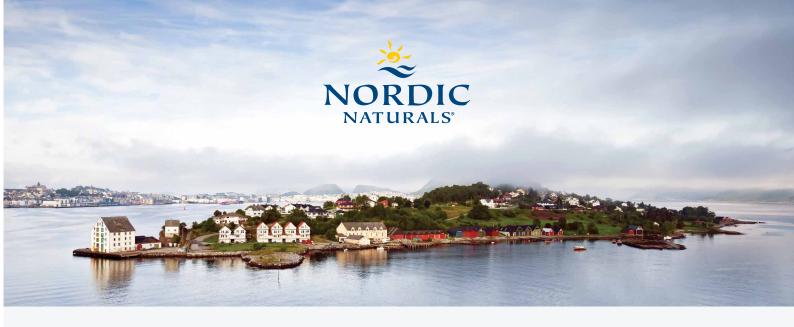

Underpinned by the understanding that health is maintained between the nervous, endocrine and immune systems – while also recognising clinical symptoms are multifactorial – NeuroScience products are formulated and organised into their multi-system approach which includes NeuroAdrenal, NeuroEnteric and NeuroImmune.

NeuroScience embraces the expectations of a rigorously regulated professional grade supplement brand. In addition to using FDA-inspected manufacturers that are cGMP (current good manufacturing practices) compliant, NeuroScience orders impartial third-party testing to verify label ingredient amounts and claims are met and for the absence of heavy metals, pesticides, residual solvents and microbes. NeuroScience believe their comprehensive Quality Management System ensures consistent products that deliver consistent results.

*	V	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
		AdreCor	NS-2096	Non-glandular support (amino acids, botanicals and vitamins/minerals) for adrenal health and stress-induced fatigue. Includes 5-MTHF, B12, magnesium, green tea and Rhodiola.	90c
*		Avipaxin	NS-20040	Studied blend of ingredients proven to support cognitive health and reduction of pro-inflammatory cytokine activity. Contains acetyl-L-carnitine, <i>Huperzia serrata</i> (standardised to 1% huperzine A) and alpha-GPC.	90c
		Calm CP	NS-2099	Blend of glycine, taurine, banaba leaf and phosphatidylserine to support healthy cortisol levels for support of calm, sleep and blood sugar management.	60c
		Digest DTX	NS-20067	Formulated with digestive enzymes (Biocore®), botanicals (apple cider vinegar, cilantro and turmeric as Theracurmin®) and 25mg zinc carnosine to support digestion, detoxification and immune function.	60c
		Methyl FMT	NS-20062	Fundamental methylation support and complete cofactor fuel designed for the entire family (age 4+). Includes TMG (betaine), B vitamins (P5P, L-5-MTHF, methylcobalamin), magnesium and zinc (bisglycinate forms).	60c
		NeuroBiota	NS-20049	Shelf-stable probiotic blend important for the gut-brain axis. Supports healthy mood, neurotransmitter synthesis and immune response. Contains x2 <i>Bifidobacterium</i> and x4 <i>Lactobacillus</i> strains.	30c

Why Nordic Naturals?

SUPERIOR QUALITY

From ingredient sourcing and product creation, to shipping and customer care, superior quality is how Nordic Naturals delivers the best essential nutrients.

MADE WITH INTEGRITY

Nordic Naturals fish oils are
Friend of the Sea (FOS) Certified
to guarantee that the fish they use
come from healthy fisheries and
are sourced in line with
strict standards.

PRODUCT TRANSPARENCY

Check your product's third-party test results and see for yourself why so many people love Nordic Naturals.

Certificate of Analysis

Every Nordic Naturals product is tested to verify potency, purity and freshness by certified laboratories.

Test results are summarised on Certificates of Analysis (COAs) which are available for each product. Every product is guaranteed to meet the highest international standards of ingredient quality.

Visit www.nordicpro.com/nordic-promise/ and enter the Lot number found on your product to access the COA.

The Nordic Promise

Committed to delivering the safest, most effective nutrients essential to health.

Find out more at fxmed.co.nz/nordic-naturals

Nordic Naturals

Nordic Naturals is committed to delivering the world's safest, most effective nutrients essential to health. Their award-winning omega-3 fish oil and other foundational nutrients are research-supported, expertly formulated, rigorously tested, proven effective and, best of all, great tasting with products for the whole family. All fish for their omega-3s products is sourced from some of the cleanest waters on earth and the fish oil is bottled in an oxygen-free, nitrogen-rich environment to promote freshness.

Their story begins in Arctic Norway, where Nordic Naturals' founder and CEO Joar Opheim grew up. When Joar came to California to complete his MBA, he noticed that the pure omega-rich cod liver oil that Norwegians rely on for good health was nowhere to be found. With each trip home, he would fill an extra suitcase with bottles of his favourite fish oil to share with friends. This deep desire to share the power of pure, fresh omega-3 nutrients inspired Joar to found Nordic Naturals back in 1995, and still drives the company today.

Offering a wide variety of flavours, concentrations and delivery forms to meet personalised nutritional needs, Nordic Naturals' dedication to innovation is grounded in scientific research and guaranteed by participation in peer-reviewed clinical studies by leading experts worldwide.

*	♥ PRODUCT NAME	CODE	DESCRIPTION	VOLUME
*	Algae Omega Unflavoured	RUS-01606	100% vegetarian source of omega-3s sourced from microalgae, a plant- based source of beneficial marine omega-3s. Supports normal vision, heart health, positive mood and immunity. Each serve (2 soft gels) contains EPA 195mg and DHA 390mg.	60sg

Histamine Intolerance is real. Histamine Digest can help.

Histamine Digest from Omne Diem® supplies
Diamine Oxidase (DAO), the enzyme that
neutralises dietary histamine in the digestive
tract. Taking Histamine Digest prior to consuming
high histamine foods and beverages defends
against digestive histamine sensitivity to help
support the reduction of histamine intolerance.

✓ DAO supports histamine degradation within 20 min after intake

OmneDiem

Founded by an international team of industry experts, OmneDiem® is deeply committed to scientific validation, education, and product innovation to develop products that address under-served and unmet needs in the field of digestive health and other areas.

Their experience and expertise in this area started in 2000 when they began to develop and execute extensive clinical research in Histamine Intolerance (HIT).

The team at OmneDiem® became the first USA company to actively raise awareness of HIT while offering an exclusive, effective and excipient free formula, Histamine Digest which continues to be the leading product for providing the most effective support for HIT in the USA.

		Brain Support +	OMNE-CNX001	Features Cerenx® citicoline (CDP 5'-phosphatidyl choline), a natural source of choline that supports healthy brain structures and functions, including mood, mental energy, focus, attention, concentration and mental acuity. Contains 575mg per capsule. Also contains B12 to support brain energy metabolism and cognitive function. Research suggests combining these two ingredients can amplify results for better brain function.	60c
		Connective Tissue TLC	OMNE-DPN005	Unflavoured bovine collagen powder (TENDOFORTE®) in combination with clinically studied TENDAXION® (mucopolysaccharides and collagen type I) and CSbioactive® chondroitin to support TLC (tendons, ligaments and cartilage).	192g (30 serves)
		Histamine Complete 15,000 HDU	OMNE-RHC030	Combines DAO (15,000 HDU) with quercetin, bromelain, stinging nettle and vitamin C to support histamine breakdown, mast cell balance and seasonal sinus comfort. Designed for dietary and gut histamine support.	30c
*		Histamine Digest® 15,000 HDU	OMNE-DAO030	Contains 15,000 HDU of Diamine Oxidase (DAO) to neutralise histamine in the digestive tract and support digestive comfort. Features natural DAO enzyme from porcine kidney for effective histamine breakdown; ideal for histamine sensitivity management. Non-systemic formula aids in preventing histamine intolerance when taken before meals.	30c
		Histamine Digest® 30,000 HDU	OMNE-RDAO060	Contains 30,000 HDU of DAOgest™ porcine kidney extract with catalase and vitamin C to support digestive histamine sensitivity and accompanying	60c
*			9	reactions. Supplies the enzyme diamine oxidase (DAO) which can neutralise histamine when taken prior to consuming high histamine foods/beverages.	120c

Pure Encapsulations

For more than 25 years, Pure Encapsulations® has produced hypoallergenic, research-based food supplements.

Their products are meticulously formulated using pure ingredients and designed to deliver predictable results, even for the most sensitive people. What makes them different is not just what goes into their supplements but what they leave out. Pure Encapsulations products are free from: wheat, soy*, dairy*, eggs; tree nuts and peanuts; gluten; artificial colours, flavours and sweeteners; coatings and shellacs; GMOs; unnecessary binders, fillers and preservatives; magnesium stearate; trans-fat and hydrogenated oils. *except where labelled.

Pure Encapsulations promise ensures their products do not go to market without meeting the most stringent criteria to ensure the highest quality and integrity of every product. You can feel confident knowing only the best of the best in terms of potency and purity ever makes it into your hands.

Committed to advancing the science of nutrition and sharing their passion and knowledge for the greater good sees Pure Encapsulations conduct extensive scientific research. They have published more than 50 product-specific clinical studies in leading peer-reviewed journals highlighting their commitment to research and their collaboration with top academic institutions.

*	♥ PRODUCT NAME	CODE	DESCRIPTION	VOLUME
	5-HTP 100mg	PURE-HYD16	5-hydroxytryptophan (5-HTP) aids serotonin production, regulates sleep, mood and appetite. Each capsule contains 100mg of 5-HTP.	60c
	A.C. Formula II	PURE-AC21	Synergistic formula of herbal extracts, caprylic acid and calcium undecylenate, supports a healthy environment for microflora in the colon and intestinal tract.	120c
	ADR Formula®	PURE-AD6	Combines the whole adrenal and adrenal cortex with a mixture of herbs which nutritionally support the adrenal glands.	60c
	Adrenal	PURE-AR6	Supports adrenal gland function and healthy cortisol levels. Contains a blend of whole adrenal and adrenal cortex.	60c
	Alpha Lipoic Acid 100mg	PURE-AL16	Versatile fat-and water-soluble antioxidant. Supports energy production, nerve health, liver detoxification and healthy glucose metabolism and regenerates glutathione. Neuroprotective effects support cognitive function.	60c
	Alpha Lipoic Acid 200mg	PURE-AL26	A water and lipid-soluble antioxidant that helps maintain healthy glucose metabolism, nerve health and cardiovascular function.	60c
	Amino-NR	PURE-ANR41	An amino acid complex that supports athletic training by promoting muscle performance and recovery, supports a healthy immune response.	180c
	AntiOxidant Formula	PURE-AO21	Offers a synergistic, broad spectrum of antioxidants designed to protect against free radical damage in the body.	120c
*	Ashwagandha	PURE-ASH6	Helps to counteract the effects of occasional physical and mental stress, as well as support cognition and memory function. Each capsule contains 500mg of ashwagandha.	60c
	Astaxanthin	PURE-AST6	Stable, fat-soluble antioxidant for skin, joint and eye health as well as supports immune system and cardiovascular system health. May help protect the skin against UV induced free radicals.	60 softgel capsules
*	B-Complex Plus 5+1 free	PURE-BCP6 PURE-BCP1	Balanced B vitamin formula provided in their optimal, bioavailable and functional forms. Supports cellular, cardiovascular, neurological and psychological health.	60c 120c
	B12 Liquid	PURE-B12L	Vitamin B12 as methylcobalamin in a convenient liquid glycerin base. Support for nerve health and cognitive function. Each serve contains 1000mcg of methylcobalamin.	30ml (30 serves)
	Balanced Immune	PURE-BIM6	A blend of resveratrol, Meriva® turmeric phytosome, Sirtmax® black ginger, broccoli, quercetin and vitamin D to support healthy self-tissue response, cytokine balance, detoxification and immune balance and function.	60c
	BenfoMax	PURE-BFM9	Benfotiamine is a fat-soluble vitamin B1 (thiamine) derivative which has shown to be better tolerated than thiamine. Each capsule contains 200mg of benfotiamine.	90c
	Beta Carotene (with mixed carotenoids)	PURE-BE9	Precursor to vitamin A. Supports the body's defence system, visual acuity and quenches free radicals, supporting healthy tissues and DNA integrity. Each softgel contains 7500mcg of vitamin A (as beta carotene).	90 softgel capsules
	Biotin Complex Hair & Skin	PURE-BCHS6	Enhanced solubility biotin complex to support healthy hair and skin. Clinically-researched and patented Lustriva® contains biotin and silica (10,000mcg biotin per 2 capsules – 40x more soluble than standard D-biotin).	60c
	Black Currant Seed Oil	PURE-BL1	Black currant seed oil contains gamma linolenic acid (GLA) to support joint health, immune function and premenstrual comfort.	100 softgel capsules

Professional Nutritional Supplements

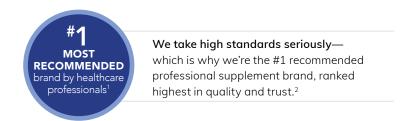

GOODNESS ENCAPSULATED

At Pure Encapsulations®, we know **it's what's inside that counts.** That's why we've spent more than 30 years researching, innovating and developing our comprehensive line of premium supplements, made with high-quality, pure ingredients, backed by verifiable science to complement your plan of care. **Everything your patients need and nothing they don't** — that's goodness encapsulated.

PURE DIFFERENCE

What makes us different is the promise of goodness that goes into every one of our supplements. Our supplement formulations are developed in collaboration with our nutritional experts and made with only high-quality ingredients sourced from trusted suppliers. We then carefully manufacture and test them to ensure they are **FREE FROM** unnecessary additives and many common allergens.

Exclusively distributed in New Zealand and Australia by FxMed.

*	♥ PRODUCT NAME	CODE	DESCRIPTION	VOLUME
*	Boron (glycinate)	PURE-BO6	Nutritionally supports the utilisation of many vitamins, minerals and hormones, which are crucial to the optimal functioning of the body. Each capsule contains 2mg of boron.	60c
	Brain Reset™	PURE-BRT6	Designed to support concentration, mental clarity and memory with a multi-faceted blend of nutrients and herbal extracts. Features ginkgo-phosphatidylserine-sunflower phytosome complex (Virtiva®) for enhanced bioavailability with lion's mane mushroom, Bacopa and luteolin.	60c
	Buffered Ascorbic Acid Powder	PURE-ABP32	Buffered form of vitamin C, formulated to lessen gastric irritation that may occur among sensitive individuals when consuming vitamin C. Each serve provides 1220mg of vitamin C plus calcium, magnesium and potassium ascorbates.	227g (approx 103 serves)
*	Calcium (citrate)	PURE-CC1	Contains calcium citrate – a highly absorbable form of calcium. Contains 300mg per serve (2 capsules).	180c
	Calcium Magnesium	PURE-CM9	Highly absorbable form of calcium (Ca) citrate combined with magnesium	90c
*	(citrate)	PURE-CM1	(Mg) citrate to support bone and cardiovascular health. Contains 240mg Ca and 240mg of Mg per serve (3 capsules).	180c
	Calcium Magnesium (citrate/malate)	PURE-CMC1	Highly absorbable form of calcium and magnesium citrate/malate. Contains 225mg Ca and 225mg of Mg per serve (3 capsules).	180c
*	Calcium-D-Glucarate™	PURE-CG6	For enhanced liver detoxification, supports glucuronidation pathways and supports hormone metabolism. Contains 1000mg per serve (2 capsules) of calcium-D-glucarate.	60c
	Caprylic Acid	PURE-CAP1	Gradual release, buffered caprylic acid, providing optimal support for healthy microbial balance and candida management.	120c
	CarbCrave Complex	PURE-CCC9	Designed to help curb excessive carbohydrate intake and to help moderate appetite by supporting healthy brain chemistry and mood.	90c
	CholestePure	PURE-CHO1	Phytosterol complex; supports healthy lipid metabolism. A broad- spectrum balance of the most prized phytosterols including beta-sitosterol, campesterol, stigmasterol, brassicasterol and sitostanol.	180c
	Cholosto Duro Dius	PURE-CHP36	A blend of pine phytosterols (PhytoPin®), enhanced bioavailable berberine	60c
	CholestePure Plus	PURE-CHP31	phytosome (Berbevis®) and clinically studied bergamot (Bergavit®) for healthy lipid metabolism and cardiometabolic health.	120c
	Choline (bitartrate)	PURE-CLB1	Highly bioavailable and researched choline bitartrate form (275mg choline per capsule). Key vitamin to support healthy methylation, cell function and neurotransmission. Suitable for ages 4+.	100c
	Chromium (picolinate) 500mcg	PURE-CRP56	Chromium is a trace mineral which supports healthy glucose and lipid metabolism, enzyme activation and carbohydrate utilisation. Each capsule contains 500mcg of chromium.	60c
	CogniMag	PURE-CGM21	Combination of Magtein™ (magnesium-L-threonate) and PhytoMemory polyphenol blend (wild blueberry, Orléans strawberry and spinach juice concentrate) to support cognitive function and memory.	120c
	Collagen JS	PURE-CJS6	BioCell Collagen® complex that offers support for joint health, healthy skin; supporting the elasticity and firmness as well as retaining moisture.	60c
*	CoOl0 120mg	PURE-CQ13	Kaneka Q10® a natural trans-isomer CoQ10. Supports cellular energy, cardiovascular and neurological health. Contains 120mg of CoQ10 per	30c
	CoQ10 120mg	PURE-CQ16	capsule.	60c
*	Cortisol Calm	PURE-COR6	A blend of herbal extracts and vitamin D to maintain healthy cortisol levels, promoting relaxation, restful sleep and positive mood under stressful	60c
	5+1 free	PURE-COR1	conditions.	120c
	CurcumaSorb	PURE-MCU1	Patented Meriva® curcumin-phosphatidylcholine complex for enhanced absorption and bioavailability, helps maintain a healthy inflammatory response.	180c
	CurcumaSorb Mind	PURE-MCUM6	A blend of Meriva® turmeric phytosome and Neurophenol® (polyphenols), Monterey pine and green tea to support mood, memory and mental sharpness.	60c
	Curcumin 500 with Bioperine®	PURE-CUB56	BioPerine® enhances the absorption of curcumin to help support joints, tissue, liver, colon and cellular health and maintaining a healthy inflammatory response.	60c
	Daily Stress Formula	PURE-DSF9	Herbal blend for mental relaxation combined with B-complex, magnesium, vitamin C and L-tyrosine for counteracting the metabolic effects of occasional stress.	90c
	Detox Pure Pack	PURE-DPPB3	Comprehensive daily packet providing core nutrients, fish oil, taurine, NAC and herbal extracts for optimal liver and detoxification function.	30 packets
	DGL Plus®	PURE-DG6	Designed to support a healthy GI tract, maintains intestinal comfort by enhancing the protective mucosal lining. Contains licorice (DGL), Aloe vera, marshmallow and slippery elm.	60c
	DHA Ultimate	PURE-DHU6	Eco-friendly, supercritical CO2 extracted DHA fish oil for cardiometabolic and cognitive health. Contains 790mg DHA and 188mg EPA per serve (2 softgel capsules).	60 softgel capsules

*	•	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
			PURE-DGB9	RE-DGB9 A unique mix of digestive enzymes, bile salts, taurine and herbal extracts	90c
*		Digestion GB	PURE-DGB1	to support healthy gallbladder function and fat utilisation in addition to general digestive function.	180c
		Digestive Enzyme chewables Natural Mixed Berry	PURE-DGC1	Great tasting (mixed berry), chewable, vegetarian digestive enzyme tablet. Supports digestion of proteins, carbohydrates, fibre and dairy. Suitable for children aged 4 and over.	100 chewable tablets
_		Digestive Enzymes	PURE-DEU9	High strength mix of vegetarian digestive enzymes; supporting protein,	90c
*		Ultra 🖸	PURE-DEUI	carbohydrate, fat, fibre and dairy digestion, as well as optimal nutrient bioavailability and absorption.	180c
*		Digestive Enzymes Ultra with Betaine HCI	PURE-DEUB9	The same formulation as Digestive Enzymes Ultra with the addition of 500mg of betaine HCL per serving which supports digestion.	90c
*		DIM Detox 5+1 free	PURE-DD6	Support for detoxification, hormone metabolism, and cellular health. Includes ingredients like broccoli sprout concentrate, DIM, calcium-D-glucarate and more to promote phase II detoxification pathways.	60c
		DIMPRO® 100	PURE-DP6	Highly absorbable form of diindolylmethane to support breast, cervical and prostate cell health. Each capsule contains 100mg of BioResponse DIM® diindolylmethane complex.	60c
		Disc-Flex	PURE-DIS1	Comprehensive blend of nutrients including vitamins D3 and K2 (M-7) to support the strength, flexibility and integrity of spinal discs. Includes hydrolysed collagen, glucosamine, devil's claw and Boswellia.	120c
*		D-Mannose Powder	PURE-DMP5	D-Mannose is a simple sugar found naturally in cranberries and other plant sources. As D-mannose is flushed out of the body, it maintains a healthy environment for the mucosal surface of the urinary tract.	50g (approx 55 serves)
		DL-Phenylalanine	PURE-LP9	A combination of amino acids, D-phenylalanine and L-phenylalanine. Supports mental functioning, a positive outlook and relaxation in the musculoskeletal system.	90c
		DopaPlus	PURE-DOP1	Supports mood, cognition and behavioral health. Supports dopamine production; contains L-tyrosine, L-Dopa (<i>Mucuna pruriens</i>), Rhodiola, grape and green tea plus cofactors B6, L-5MTHF and zinc.	180c
		Electrolyte/Energy Formula	PURE-EEF3	A balanced mix of electrolytes (sodium, chloride, potassium, calcium, magnesium), carbohydrates (glucose, maltodextrin), Krebs cycle intermediates (malic acid, alpha ketoglutarate) plus L-tyrosine and vitamin C. Supports hydration, stamina and electrolyte repletion in a convenient lemon-lime flavoured powder format.	340g (approx 40 serves)
		Energy Xtra	PURE-EX21	Adaptogenic blend of ashwagandha, Asian ginseng, Eleuthero and Rhodiola to support energy, mental stamina and mild fatigue.	120c
		E.P.O. (Evening Primrose Oil)	PURE-EPO1	Cold-pressed evening primrose oil (EPO), contains GLA. Provides versatile support for healthy skin, cardiovascular function and premenstrual comfort.	100 softgel capsules
		EPA/DHA essentials	PURE-ED19	Ultra-pure, molecularly distilled fish oil concentrate for broad omega-3 essential fatty acid support. Each capsule contains EPA 300mg and DHA	90 softgel capsules
		EPA/DHA essentials	PURE-EDII	200mg.	180 softgel capsules
		EPA/DHA Vegetarian	PURE-EDV21	Algae-derived vegan EPA and DHA omega-3 fatty acids to support cardiovascular health, joint health and daily wellness. Offered in an enhanced-stability capsule to protect the oil from oxidation. Each serving (2 capsules) contains 150mg EPA and 300mg DHA.	120c
		Ester-C® & Flavonoids	PURE-ECF29	Vitamin C enhanced with flavonoids for antioxidant, immune and vascular support. Contains 619mg of vitamin C (from ChelaMax® calcium ascorbate) plus quercetin 50mg and rutin 100mg.	90c
		Folate 400	PURE-FOL49	Provides L-5-MTHF, the naturally occurring, universally metabolised form of folate. Each capsule contains Metafolin®, L-5-MTHF 667mcg DFE (400mcg L-5-MTHF).	90c
		G.I. Fortify Powder	PURE-GIF4	Supports the function, microflora balance, integrity, tone, comfort, cellular health and detoxification of the gastrointestinal tract.	400g (approx 45 serves)
		G.I. Integrity	PURE-GIII	Support for gastrointestinal integrity and function with glutamine to support a healthy mucosal lining. This formula provides metabolic fuel for the enterocytes and immune cells in the SI.	120c
		Ginger Extract	PURE-GII	Stimulates digestive enzymes, increases bile production from the liver and gall bladder plus supports healthy platelet function and cardiovascular health.	120c
		GlucoFunction	PURE-GF9	A blend of key nutrients, antioxidants and herbal extracts designed to support healthy glucose uptake and metabolism, microcirculation and pancreatic function.	90c
*		Glucosamine+ Chondroitin with MSM	PURE-GCMS1	Offers support for healthy cartilage formation, connective tissue strength and joint movement ease.	120c

*	٧	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
		Grapefruit Seed Extract	PURE-GR6	Supports healthy microbial and fungal balance in the gastrointestinal tract. Each capsule contains 250mg of grapefruit extract.	60c 120c
		Green Tea Extract (decaffeinated)	PURE-GT6	A decaffeinated green tea extract containing a high EGCG content, providing important antioxidant support for all cells in the body. Contains 100mg capsules of green tea extract.	60c
		Growth Hormone Support	PURE-GH9	Supports healthy growth hormone levels, contains the amino acids arginine and ornithine. May also support healthy muscle protein synthesis, muscle recovery and lean muscle mass for athletes.	90c
*		Hair/Skin/Nails Ultra	PURE-HSN6	A blend of key building blocks to support healthy skin elasticity and hydration, healthy hair and nail strength and thickness. Offers clinically studied nutrients, featuring BioCell Collagen®, Metafolin® L-5-MTHF, biotin and antioxidants (including CoQ10) at higher dosage levels.	60c
		Hist Reset	PURE-HRTI	Advanced formula for nasal and respiratory health, designed to stabilise mast cells and support histamine metabolism and histamine intolerance symptoms. Includes luteolin, quercetin, rutin, bromelain and NAC for immune support.	120c
_		11116	PURE-HMC9	Contains ingredients with natural chelating and detoxification properties for	90c
$ \star $		HM Complex	PURE-HMC1	common, mild environmental exposure to heavy metals while supporting antioxidant and immune defences.	180c
		Homocysteine Factors	PURE-HO6	Helps maintain normal homocysteine levels and cardiovascular health with a combination of L-5-MTHF, vitamin B12 and vitamin B6 plus trimethylglycine.	60c
		Hyaluronic Acid	PURE-HYA6	Supports skin hydration, joint lubrication and comfort. Hyaluronic acid is found in every tissue of the body, but decreases with ageing.	60c
		Innate Immune Support	PURE-IIS6	Supports cell-mediated immune response, including NK cell and macrophage activity, for enhancement of natural defences and mucosal health. Contains a blend of Astragalus, Andrographis and reishi mushroom.	60c
		Inositol Complex	PURE-INC6	Offers clinically researched 3.6:1 ratio of myo-inositol to D-chiro inositol to support emotional wellness, healthy insulin response and ovarian function. Each vegan-friendly capsule contains 550mg myo-inositol and 150mg D-chiro inositol.	60c
*		Inositol (powder)	PURE-INP2	Supports healthy central nervous system function, including emotional wellness and mood; may also support ovarian health. Each serve contains 4.1g of inositol (as myo-inositol).	252g (approx 60 serves)
*		Junior Nutrients	PURE-JUN1	Comprehensive, highly bioavailable, vegetarian multivitamin/mineral blend without iron for children ages 4 and up.	120c
		L-Carnitine	PURE-LC6	This stabilised L-carnitine formula supports cellular energy, cardiovascular health and recovery from intense exercise, featuring 680mg L-carnitine per two capsules. Contains 68% pure L-carnitine and 32% natural L-tartaric acid for optimal energy production and fat metabolism.	60c
			PURE-LL9	An essential amino acid, L-lysine maintains healthy arginine production	90c
$ \star $		L-Lysine	PURE-LL2	and supports the body's natural defences. Each capsule contains 500mg of L-lysine.	270c
		L-Methionine	PURE-LM6	This sulphur-containing essential amino acid supports lipid metabolism and healthy hepatic function. As a methyl donor, it contributes to numerous physiological pathways. Each capsule contains 375mg of L-methionine.	60c
		L-Theanine	PURE-LTH6	An amino acid found in green tea that supports non-drowsy relaxation, focus, memory and a healthy stress response. May also ease occasional nervous tension and irritability. Provides 400mg per serve (2 capsules) of L-theanine.	60c
*		L-Tyrosine	PURE-LT59	Amino acid supplement providing 500mg of free-form L-tyrosine per capsule to support neurotransmitter production, thyroid function and stress management. Supports dopamine, epinephrine, and norepinephrine synthesis, aiding in stress response, cognitive function and metabolic support.	90c
*		Liposomal Glutathione	PURE-LSG3	Supports antioxidant defences and detoxification in an innovative liposomal form for enhanced absorption.	30 softgel capsules
		Lipotropic Detox	PURE-LDI	Supports the breakdown of fats in the liver, allowing for healthy bile flow and toxin metabolism and healthy detoxification.	120c
*		Liver-G.I. Detox	PURE-LGD1	Powerful hepatic and gastrointestinal detoxification by providing nutrients and botanical extracts that support toxin elimination, digestion, intestinal motility, gut integrity and cell function.	120c
		LVR Formula	PURE-LV6	Combination of herbs and nutrients with powerful antioxidant properties designed to protect and support liver cell health and tissue function.	60c
		Маса-3	PURE-MAC6	Combines 3 Maca extracts to support energy, stamina, healthy libido and reproductive system function for men and women.	60c

*	•	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
*		Macular Support Formula	PURE-MS26	Comprehensive formula for healthy eyes. A blend of antioxidants and botanicals formulated to protect and support the retina and protect retinal tissues from free radical damage.	60c
*		Magnesium (citrate) 5+1 free	PURE-MC9 PURE-MC1	Highly bioavailable magnesium citrate. Each capsule contains 150mg of magnesium.	90c 180c
		Magnesium (citrate/ malate)	PURE-MCM9	Magnesium bound to citrate/malate for superior absorption. Each capsule contains 120mg of magnesium.	90c
*		Magnesium (glycinate) 5+1 free	PURE-MG9	Highly absorbable magnesium glycinate for sensitive individuals. Each capsule contains 120mg of magnesium.	90c 180c
		Magnesium Glycinate Liquid (exp. 6–9 months)	PURE-MGL4	Magnesium glycinate in a great tasting, convenient liquid form. Each serving (2tsp) contains 165mg of magnesium.	480ml (48 serves)
*		Magnesium Gummy Berry Vanilla	PURE-MGG6	Great-tasting berry vanilla flavour gummies that provide a convenient way to increase daily magnesium intake. Provides 150mg of magnesium citrate and less than 0.5g of sugar per gummy. Suitable for ages 9+ and vegans.	60 gummies
		Magnesium Liquid (exp. 9–12 months)	PURE-ML2	Magnesium citrate combined with vitamin B6 in a convenient liquid form. Each serving (1tsp) contains 215mg of magnesium and 20mg of vitamin B6 (for intracellular accumulation of magnesium).	240ml (48-96 serves)
		Magnesium (powder)	PURE-MGP1	Convenient taste-free magnesium powder for easy dispensing. Each serving (1 scoop) contains 250mg of magnesium citrate.	108g (approx 60 serves)
		Manganese (aspartate/citrate)	PURE-MN6	Trace mineral for connective tissue and bone support. Convenient, small size capsule with 8mg of manganese per dose.	60c
		Memory Pro	PURE-MEP29	Formulated to support neuron health, cognitive function and memory. Provides healthy levels of acetylcholine, a key neurotransmitter in the brain as well as supporting cerebral blood flow.	90c
*		Men's Nutrients	PURE-MENNI	Multivitamin/mineral complex for men over 40 to support prostate health, overall energy, endurance and stamina.	180c
		Men's Pure Pack	PURE-MPPB3	Convenient daily packet for easy dispensing. Each packet contains a multivitamin/mineral complex, extra magnesium, vitamin D, omega-3 fatty acids, CoQ10 and more to provide essential nutrients for men.	30 packets
		MenoVive	PURE-MOV6	Formulated to support female health and comfort during menopause, moderates hot flushes, mood, libido, cognitive function and cardiovascular health.	60c
		Metabolic Xtra	PURE-MX29	Supports healthy insulin function and glucose homeostasis. Contains chromium, berberine, alpha lipoic acid and trans-resveratrol.	90c
		Mineral 650	PURE-MF1	Highly bioavailable, balanced combination of chelated minerals in a controlled ratio, which prevents minerals from competing with each other for absorption in the digestive tract.	180c
		Mineral 650® (without Copper & Iron)	PURE-MM1	Same balanced combination of minerals as Mineral 650 but without copper and iron.	180c
		Mitochondria-ATP	PURE-MATP41	Provides nutrients and antioxidants to support ATP production. Supports healthy mitochondrial function, ageing, energy and performance.	120c
*		MotilPro	PURE-MOP1	Advanced gut signalling support formula, supporting serotonergic and cholinergic function for healthy gut motility.	180c
		MSM Capsules	PURE-MSM2	MSM is a naturally-derived sulphur formula that helps support connective tissue, joint, immune and respiratory health. Each serve provides 1700mg of MSM.	250c
*		Muscle Cramp/ Tension Formula	PURE-MCT6	Electrolyte and soothing herb formula to ease muscle tension, lessen occasional night-time or exercise-related leg muscle cramps while promoting overall relaxation.	60c
*		NAC 600mg	PURE-NA69	NAC is a cellular antioxidant that supports healthy lung tissue, respiratory function, glutathione production and detoxification. Each capsule contains 600mg of NAC.	90c
*		NAC 900mg	PURE-NA91	NAC is a cellular antioxidant that supports healthy lung tissue, respiratory function, glutathione production and detoxification. Each capsule contains 900mg of NAC.	120c
		NAC + Glycine Powder Natural Peach Ginger	PURE-NGYI	NAC and glycine to support glutathione production, immune defences and detoxification in a convenient and great tasting ginger/peach powder.	159g (approx 30 serves)
		NeuroPure	PURE-NOP1	Offers key nutrients to support overall neurotransmitter function, neuronal health, emotional balance and mood stability.	120c
		Nrf2 Detox	PURE-NRF6	Targets Nrf2 to support detoxification and antioxidant defences. Contains glutathione, sulforaphane from broccoli sprout concentrate and resveratrol.	60c

* 1	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
	O.N.E.™ Omega	PURE-ONO6	Omega-3 fatty acid formula (Triglyceride form). Each capsule contains	60 softgel
			600mg of EPA and 400mg of DHA in a convenient, once-daily dose. 50mg capsules of the active form of vitamin B6 – Pyridoxal 5 Phosphate.	capsules

	Phosphatidylcholine (sunflower)	PURE-PHC9	Provides 550mg capsules of phospholipid-bound choline to support cellular function, cognitive function and liver health. Soy-free, GMO-free, sunflower-derived phosphatidylcholine.	90 softgel capsules
	PMS Essentials	PURE-PMS21	A comprehensive nutrient and botanical formula to support mood, cravings, cramps and bloating associated with the menstrual cycle.	120c
	Poly-Prebiotic	PURE-PPRC1	A shelf-stable prebiotic formula for microbiome and overall GI health support. Includes 1.4g of clinically researched PreticX™ XOS with 225mg of cranberry extract (1% proanthocyanidins). XOS support the growth of Bifidobacteria.	120c
	Poly-Prebiotic Powder	PURE-PPRP1	A pleasant-tasting, fruit flavoured blend of researched prebiotic fibres and polyphenols to support gastrointestinal, cellular and immune function by boosting microbiome diversity.	138g (approx 30 serves)
	Potassium	PURE-PM9	Supports a number of physiological functions which includes healthy nerve	90c
	Magnesium (aspartate)	PURE-PM1	impulse function, muscle contraction and cardiovascular health. Provides 70mg of magnesium and 99mg of potassium per capsule.	180c
	ProbioMood (capsules)	PURE-PBM6	A clinically researched probiotic combination, designed to support intestinal integrity plus mood, emotional well-being and lessen occasional stress.	60c
	Probiotic 123	PURE-PRO26	Probiotic support for children ages 1 and up. Supports healthy intestinal microflora in a dairy and soy-free powder containing 2.25 billion CFU per serve.	60g (162–333 serves)
	Pro-Resolve Omega	PURE-PRVO6	An advanced fish oil with guaranteed specialised pro-resolving mediators (SPMs) potency (300mcg per softgel). Contains a unique blend of marine oils, SPMs, EPA, DHA and DPA (docosapentaenoic acid) to support the natural resolution of the inflammatory process, immune homeostasis, cytokine balance and cardiovascular health.	60 softgel capsules
	PS 100 (phosphatidylserine)	PURE-PS6	100mg capsules of phosphatidylserine known as the "brain nutrient" supports cognitive function, emotional well-being and healthy phospholipid balance in cell membranes.	60c
	PureDefense Collagen w/ Bone Broth Powder	PURE-PDC4	Savoury grass-fed beef bone broth and hydrolysed collagen powder (15g protein) featuring immune-supportive mushrooms, EpiCor®, aged garlic and enhanced bioavailability curcumin extracts.	400g (approx 20 serves)
*	PureDefense w/NAC	PURE-PDN1	Designed to support overall immune defence specifically upper respiratory	120c
*	PureDefense w/NAC Travel Pack	PURE-PDNB2	health. Contains EpiCor® Saccharomyces cerevisiae, NAC, elderberry, quercetin, vitamin C and D plus zinc.	20c
	PureHeart® K2D	PURE-PHK26	Vitamin D and K2 (M-7) combination to maintain a healthy calcium balance in vascular tissue for optimal cardiovascular function, supports healthy arterial blood flow and vascular elasticity.	60c
	PureMelt B12 Folate	PURE-PMLB9	Activated B12 and Metafolin L-5-MTHF in a unique lozenge designed to dissolve in the mouth without requiring water. Each lozenge contains 1000mcg of methylcobalamin and 667 mcg DFE/400mcg of L-5-MTHF.	90 lozenges
	Pycnogenol® 50mg	PURE-PY56		60c
	Pycnogenol® 100mg	PURE-PY13	A pine bark extract that contains proanthocyanidins which provides antioxidants to support the health of blood vessels and overall vascular health.	30c
	Fychogenor looning	PURE-PY16		60c
*	Quercetin	PURE-QU6	Supports cellular, cardiometabolic and immune health, a bioactive flavonoid which helps maintain mast cell function. Contains 500mg per serve	60c
	Quercettii	PURE-QUI	(2 capsules).	120c
*	Rapid Calm	PURE-RCM3	This formula is ideal for individuals seeking fast, as-needed support from occasional stressors (anxiety or stress) and can be taken daily or as needed. Features Zembrin®, Suntheanine® L-theanine and vitamin B6 to support mood regulation, focus and relaxation.	30c
*	Rapid Mental Energy	PURE-RME3	Support alertness, working memory and cognitive health with clinically studied ingredients like enXtra®, Cereboost® and <i>Ginkgo biloba</i> , offering fast support without interfering with sleep or caffeine intake.	30c
	Reduced Glutathione	PURE-RG6	Supports antioxidant defences, detoxification and liver health. Protects the body from free radicals at the cellular level. Contains 100mg capsules of reduced glutathione.	60c

*	•	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
		Relora®	PURE-RL6	A proprietary blend, supports a positive mood and moderates occasional stress, in addition to supporting satiety and healthful eating.	60c
		Resveratrol	PURE-RE6	Resveratrol is a compound that supports cardiovascular health through its antioxidant action. Derived from <i>Polygonum cuspidatum</i> . Each capsule provides 40mg of trans-resveratrol.	60c
		Resveratrol EXTRA	PURE-REE1	Combines trans-resveratrol from Japanese knotweed with polyphenols from red wine and grape seed. Supports overall health, cardio-metabolic function and healthy ageing.	120c
		RevitalAge™ Ultra	PURE-RJU49	Enhanced antioxidant and mitochondrial support formula for cellular longevity. Featuring NR, acetyl-L-carnitine, alpha lipoic acid, biotin, polyphenols, resveratrol, CoQ10 and pTeroPure™ (pterostilbene).	90c
		Rhodiola Rosea	PURE-RR9	Broad-spectrum adaptogen support for occasional mental and physical stress and cardiovascular function. Contains 100mg Rhodiola extract per capsule.	90c
		Saw Palmetto Plus	PURE-SP6	A combination of extracts that supports optimal prostate gland health and function, as well as support for urinary function.	60 softgel capsules
		SeroPlus	PURE-SOP1	Provides neurotransmitter precursors to help balance serotonin function. Supports positive mood and relaxation, occasional stress and healthy eating behaviour.	120c
		SR-CoQ10 with PQQ	PURE-CQP6	24-hour sustained-release MicroActive® CoQ10 with BioPQQ® to support mitochondrial, cognitive and cardiovascular health. Each serve provides 100mg of CoQ10 and 20mg of BioPQQ®.	60c
*		Strontium (citrate)	PURE-STC9	Supports healthy osteoblast activity while maintaining healthy osteoclast activity to support healthy bones. Contains 227mg of strontium per capsule.	90c
		SunButyrate™-TG Liquid Blueberry-Vanilla	PURE-BTGL	Exclusively sourced SunButyrate™ is a unique butyrate-rich triglyceride oil. Supports gut cell function, cytokine balance in the GI tract, bowel motility and abdominal comfort.	280ml (56 serves)
		Synergy K	PURE-SKD1	A unique blend of vitamins K1, K2 and D for healthy calcium utilisation to maintain healthy bones and blood vessels.	120c
		Systemic Enzyme Complex	PURE-SYC1	Formulated with enzymes and Boswellia to support overall health of the musculoskeletal system by maintaining healthy cell function as well as joint and cartilage health.	180c
*		Th1 Support	PURE-THII	Supports healthy Th1-predominant cellular immune response and innate immunity. Contains a blend of berberine, baicalin from Chinese skullcap, sulforaphane from broccoli, ginger and zinc.	120c
*		Th2 Modulator	PURE-TH2A1	Modulates the Th2 immune response and maintains Th1/Th2 balance. Contains a blend of NAC, quercetin, Perilla and Astragalus extracts. Supports sinus, respiratory and GI function.	120c
*		Thyroid Support	PURE-TS26	Comprehensive formula containing vitamins, minerals and herbal extracts to nourish and support healthy thyroid cell metabolism and thyroid	60c
		Complex	PURE-TS21	hormone function.	120c
*		Trace Minerals	PURE-TRM26	Provides a highly absorbable blend of essential minerals to support metabolism and cellular function.	60c
		Tribulus Formula	PURE-TBF9	A combination of Tribulus, chrysin, hesperitin and D-aspartic acid to support healthy testosterone balance and aromatase enzyme activity.	90c
		Ubiquinol-QH 100mg	PURE-UQ16	Active antioxidant form of CoQ10; support for energy metabolism and cardiovascular health. Each capsule provides 100mg of Kaneka Ubiquinol™ CoQ10.	60 softgel capsules
*		UltraMag Magnesium	PURE-UM1	Utilises an innovative microencapsulation technology (creates a phospholipid bilayer around the mineral similar to a liposome) to enhance the absorption of magnesium to support musculoskeletal, cardiometabolic and emotional health. Contains 225mg of magnesium per capsule.	120c
		UltraNutrient®	PURE-UVC9	Multivitamin/mineral complex with enhanced support for cardiovascular and liver health.	90c
*		UltraZin Zinc 📵	PURE-UZ9	Utilises an innovative microencapsulation technology to enhance the absorption and bioavailability of zinc by creating a phospholipid bilayer around the mineral similar to a liposome, increasing solubility and absorbability. Each capsule contains 30mg of zinc.	90c
		VisionPro Nutrients	PURE-VPN9	Comprehensive multivitamin/mineral complex for maintaining healthy vision. Supports eye integrity and healthy tear production.	90c
*		Vitamin A + Carotenoids	PURE-VA59	Vitamin A (1500mcg) with lutein, zeaxanthin and astaxanthin to support cellular, ocular and immune function, with carotenoids for retinal and macular health.	90c
*		Vitamin A 3,000mcg (10,000 I.U.)	PURE-VAC1	Vitamin A from cod liver oil and palmitate provides a wide range of nutritional support for the entire body, including vision, immune, skin and mucous membrane health. Each softgel capsule provides 3000mcg of vitamin A.	120 softgel capsules

*	•	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
*		Vitamin D3 25mcg (1,000 I.U.)	PURE-VD16	Supports calcium absorption and bone health; provides potential support for breast, prostate, cardiovascular, colon and immune health. Each capsule contains 1,000 IU per serve.	60c
*		Vitamin D3 Liquid	PURE-VDL	Convenient liquid vitamin D3 for easy dispensing. Provides 1,000 IU per drop, an ideal daily amount.	22.5ml (approx 750 serves)
		Vitamin D3 (Vegan) Liquid	PURE-VD3VL	Lichen-derived, vegan vitamin D3 to support bone, breast, prostate, cardiovascular, colon and immune health in a convenient liquid form. Provides 1,000 IU per serve (5 drops).	10ml (approx 100 serves)
*		Women's Nutrients 40+	PURE-WN1	Multivitamin/mineral and herbal complex for women over 40. Supports breast cell health, eye integrity, urinary tract health as well as emotional health.	180c
		Women's Pure Pack	PURE-WPPB3	Convenient daily packets for easy dispensing containing Women's Nutrients 40+ with extra calcium, vitamin D3, omega-3 and antioxidants. Designed for women over 40 for optimal nutritional support.	30 packets
*		Zinc (citrate)	PURE-ZC6	Zinc is designed to support the body's natural defence system as well as support digestion and metabolism of important vitamins, minerals, carbohydrates and other essential nutrients. Provides 30mg of zinc citrate per capsule.	60c
		7' 15	PURE-Z16	Highly absorbable zinc picolinate 15mg capsules. Essential to a wide range	60c
		Zinc 15	PURE-Z11	of physiological functions, including immune health.	180c
			PURE-Z36	Contains 30mg capsules of the highly absorbable form, zinc picolinate,	60c
		Zinc 30	PURE-Z31	which is essential for a wide range of physiological functions.	180c
*		Zinc chewables Natural Orange	PURE-ZNC1	Great tasting chewable zinc tablets (natural orange flavour) for ages 4+. Each tablet contains 10mg of zinc citrate. Offers broad physiological support, including immune function and emotional wellness.	100 chewable tablets
		Zinc Gummy Natural Blueberry	PURE-ZNG1	Convenient zinc gummies enhanced with an organic berry/fruit blend. Great-tasting natural blueberry flavour with 12mg of zinc citrate per gummy. Offers broad physiological support, including immune function and emotional wellness. Suitable for children (4+) and adults.	100 gummies

Methylation Masterclass Series with Dr Denise Furness This 3 part series from Dr Denise Furness comprises the following webinar topics:

- Understanding methylation and nutritional co-factors
- Folates and gene–nutrient interactions within the methylation cycle
- Practical applications, clinical assessment and management with personalised nutrition

Duration: 250 minutes

Visit fxlearn.co.nz to watch

Professional Nutritional Supplements

Cortisol Calm

Supports healthy cortisol levels under stressful conditions

- A blend of herbal extracts and vitamin D
- Provides support for occasional stress, calm and emotional well-being
- Potential to support healthy sleep, positive mood and cognitive function

Mindful Living

As integrative health practitioners, you view your patients as a whole being, instead of a conglomerate of parts. Yoga, if understood at a deeper level, can help us connect the dots – for overall health and healing. The word yoga means 'to unite', and refers to the fusion of mind, body and spirit.

See page 144 for more information.

LIPOSOMAL GLUTATHIONE A powerful detoxifier and endogenous antioxidant

Glutathione + Lemon Mint

Glutathione + Cacao Mint

LIPOSOMAL NAD Fuel the processes that keep you young

NAD+ GOLD®

NAD+ PLATINUM®

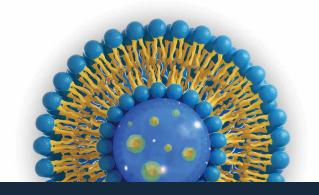

Quicksilver's liposomal delivery technology supports the absorption of ingredients directly to cells, bypassing the bioavailability constraints of traditional supplement delivery methods. This can only be achieved through stable chemistry methods and crafting liposomes that are small enough to easily diffuse through cell membranes.

WHAT IS A LIPOSOME & NANOEMULSION?

Liposomes and Nanoemulsions are microscopic single-to-multi-layer spheres made of phospholipids and house nutrients within their aqueous core.

PARTICLE SIZE MATTERS

Our nanoparticles range between 20-70nm, below the industry standard of 100nm.

Quicksilver Scientific

Quicksilver Scientific® was founded by Dr Christopher Shade, PhD to offer you advanced liposomal supplements that are highly bioavailable and support vital health functions.

An internationally recognised expert and lecturer, Dr Shade's eclectic background has informed the breadth of his work in cutting-edge lipid-based delivery systems for nutraceuticals. Growing up in a toxic steel town, he started asking questions early about the havoc toxins can play and their ability to impair mind and body function.

In order to combat this universal toxicity and restore a balanced system, Quicksilver Scientific® has pioneered a complete solution starting from toxicity testing, detoxification protocols to offering premium supplements that are aimed at helping achieve genetic potential.

This quest also led to the development of Quicksilver Scientific's proprietary delivery system. Using nanoparticle technology, it allows nutrients to absorb fast and act with up to 5 times the efficacy of non-liposomal products. Increased bioavailability means their products begin to work within five minutes and progress to full exposure in 20–30 minutes, allowing you to truly feel the effects.

Quicksilver Scientific's philosophy is rooted in their desire to give you the tools to maintain lifelong mind and body health.

*	♥ PRODUCT NAME	CODE	DESCRIPTION	VOLUME
	AMPK Charge+®	Q-1152	A blend of DIM, quercetin, milk thistle, resveratrol, berberine and cinnamon. This formula taps into the benefits of intermittent fasting and carb restriction with or without fasting protocols. Helps activate the AMPK pathway – critical for energy metabolism, fat breakdown and healthy ageing.	100ml (20 serves)
	Cardio Elite Orange Guava	Q-1214	A blend of modern nutraceuticals and time-honoured botanicals designed to support healthy blood pressure, nitric oxide (NO) production, vascular integrity and microcirculation.	100ml (20 serves)
	Cat's Claw Elite®	Q-1087	This immune-supportive blend of cat's claw, vitamin D, monolaurin and essential oils is enhanced with fast-acting liposomal delivery.	50ml (50 serves)
	CoQ10	Q-1026	Supports healthy ageing at the cellular level with antioxidant CoQ10. Using advanced liposomal delivery allows for rapid absorption into every cell, overcoming the absorption barriers of most CoQ10 supplements.	50ml (50 serves)
	Cryptolepis	Q-1230	Highly bioavailable liposomal-form <i>Cryptolepis sanguinolenta</i> root extract, known as 'Ghanian quinine,' for broad-spectrum support against modern microbial challenges. Supports immune response regulation and balances inflammation via the NF-kB pathway. Effective on both active and persistent forms of pathogens.	50ml (50 serves)
	DIM	Q-1028	Diindolylmethane helps activate the body's master antioxidant switch to support hormone balance, upregulate endogenous detoxification pathways and support a healthy immune and inflammatory response.	50ml (25 serves)
	Dr. Shade's Bitters No. 9	Q-1014	A proprietary blend of nine bitter herbs and aromatic essential oils. Activates bitter receptors and gently supports bile flow and healthy digestion plus detoxification via the liver, gallbladder and kidneys.	50ml (50 serves)
	Dr. Shade's Bitter X	Q-1042	A whole-body bitter tonic and potent blend of dandelion, gentian, Solidago, myrrh and essential oil of sweet orange. A stronger bitter formula which can support the bile flow for healthy detoxification.	50ml (50 serves)
	Dr. Shade's Kidney Care	Q-1173	Nanoemulsified proprietary blend of time-honoured botanicals (including Astragalus, dandelion leaf and goldenrod) and nutraceuticals (ferulic acid) to support the health and regeneration of the kidneys – often overlooked when supporting detoxification.	100ml (20 serves)
	Dr. Shade's Liver Sauce®	Q-1059	A liver formula which supports all phases of detoxification and elimination. Featuring a potent bitter blend to support bile flow and the digestive process, alongside milk thistle, R-lipoic acid, DIM, quercetin and luteolin.	100ml (20 serves)
	Dr. Shade's NanoMojo®	Q-1022	A blend of 19 herbs that increase resilience and endurance in an advanced liposomal delivery system. Formulated for everyday use with an emphasis on the male constitution.	50ml (50 serves)
	Dr. Shade's Performance Cardio	Q-1175	Nanoemulsified whole-body circulation formula designed to support blood flow and oxygenation. Contains L-citrulline with time-honoured herbs like hawthorn, notoginseng, Ginkgo and Boswellia.	100ml (20 serves)
	Dr. Shade's The One	Q-1025	Mitochondrial optimiser which includes pyrroloquinoline quinone (PQQ), ubiquinone (CoQ10), delta tocotrienol and resveratrol. Combined with a powerful adaptogenic formula of 13 herbs that upregulate resistance to stress.	100ml (20 serves)
	Dr. Shade's Thrivagen	Q-1043	A gentle and powerful formula for everyday use to support the female constitution and endocrine system. Contains adaptogenic botanicals in an advanced nano-liposomal delivery system.	50ml (50 serves)

*	•	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
		Glutathione + Cacao Mint Glutathione + Lemon Mint	Q-1234 Q-1005	This advanced liposomal delivery system not only protects glutathione from breakdown in the digestive system, but also dramatically enhances cellular delivery. Supports healthy ageing, immunity and detoxification. Available in two flavours.	50ml (50 serves) 50ml (50 serves)
		Glutathione Complex Cacao Raspberry	Q-1060	An advanced liposomal formula that blends the body's master antioxidant, glutathione, with supportive phytonutrients and B-complex vitamins for optimal support of high-level detoxification.	100ml (20 serves)
			Q-1122	A ground-breaking antioxidant formula that infuses pure water with a high concentration of H2 that dissolves in ≤2 minutes (10ppm of	30t
		H2 Elite®	Q-1045	molecular hydrogen per 500ml). Supports energy, detoxification and healthy metabolism. Each tablet delivers 80mg of magnesium malate in a proprietary hydrogen base.	60t
		Hista-Aid®	Q-1088	Provides powerful support for seasonal allergy sufferers. This fast-acting blend of flavonoids (quercetin, luteolin), vitamin C and DIM supports detoxification, improves immune function and reduces symptoms associated with high histamine.	50ml (25 serves)
		IMD® Powder	Q-1001	Optimises the natural elimination of metals through the intestines. A proprietary thiol-functionalised silica binds and eliminates mercury and other heavy metals accumulated in the intestines.	6g (30 serves)
*		Immune Charge+® Throat Spray	Q-1156	A highly bioavailable zinc-based spray with flavonoid fusion. Designed to provide immune support in the throat, zinc acetate is combined with quercetin, luteolin and bee propolis. Perfect for travel, seasonal exposures and year-round fortification of defences.	27ml (50 serves)
		Immune Charge+® Zinc Ionophore	Q-1157	Zinc acetate complexed with quercetin, luteolin, hesperetin and propolis. These flavonoids function as ionophores to bind the zinc ions, transporting them across cell membranes independently of zinc transporters. Utilises a next-generation self-emulsifying delivery system (SEDS) which enhances zinc bioavailability.	60c
		Keto Before 6®	Q-1097	This revolutionary phytonutrient blend drives true ketosis, unlike the faux-keto state that exogenous ketones present. The use of targeted nutraceuticals helps rapidly shift the body into ketosis in a matter of hours, allowing for greater dietary freedom.	100ml (20 serves)
		Magnesium Hydroxide	Q-1223	Designed to support GI regularity in those that are prone to occasional constipation. Each serving (2 capsules) provides 266mg of vegan-friendly magnesium (from 700mg of magnesium hydroxide).	120c
		Membrane Mend®	Q-1159	A synergistic blend of phosphatidylcholine (PC), Ahiflower® plant-based essential fatty acids, astaxanthin and DeltaGOLD® tocotrienols designed to support the health and resilience of cell and organelle membranes. Supports cellular energy and brain health alongside antioxidant activity.	100ml (20 serves)
		MerProtect® Protocol	S-2030	A one week, two-step protocol designed to support the body in detoxifying and eliminating mercury and other heavy metals during removal of dental amalgams. Includes Liposomal Glutathione Complex and Amalgaclear (binders and prebiotic acacia gum).	each
		Methyl B-12 (exp. 6–9 months)	Q-1008	Premium, fast-acting vitamin B12 is a perfect boost for mood and energy support. This product has shown elevated B12 blood levels just 2 minutes after taking orally. Contains 1000mcg of methylcobalamin.	30ml (90 serves)
*		Methyl B-Complex Lemon Raspberry	Q-1032	A liposomal blend of eight metabolically active B-vitamins enhanced by TMG and milk thistle. Supports energy, mood, cognition, immunity, methylation, detoxification and more.	50ml (50 serves)
		Methyl Charge+®	Q-1148	A thoughtful blend of four key B vitamins (methyl B12, folate, B6 and riboflavin) and TMG designed to keep the wheels of the methylation cycle turning. Can be used on its own for hypo methylators, paired with NAD+Gold or alongside detox and heathy ageing protocols.	50ml (50 serves)
		Milk Thistle	Q-1064	This state-of-the-art liposomal delivery is a game changer – enhancing the bioavailability of silymarin in fast-acting support for detoxification, digestion and liver health. Each 2ml serve delivers 30mg of milk thistle extract (standardized to 80% silymarin).	50ml (25 serves)
*		NAD+ Gold®	Q-1136	A healthy-ageing-support tonic. This liposomal formula contains nicotinamide mononucleotide, a potent activator of NAD+, along with TMG to support methylation. NAD+ is critical for DNA repair, energy production and cell survival.	30ml (30 serves)
*		NAD+ Platinum®	Q-1154	This highly bioavailable blend builds upon NAD+ Gold, boosting nicotinamide mononucleotide by enhancing its power with sirtuin activators (resveratrol and quercetin) and B vitamins.	100ml (40 serves)
		Pure PC®	Q-1009	Phosphatidylcholine (PC) is the predominant building block of cellular internal and external membranes. Required for membrane integrity, structure and function. Also a constituent of bile and facilitates fat emulsification, absorption and transport.	120ml (24 serves)

*	•	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
		PushCatch® Liver Detox Protocol	S-2029	This two-step liver cleanse effectively 'pushes' toxins to the gut and 'catches' them with binders for safe, effective results. The kit includes Dr Shade's Liver Sauce (a blend of botanicals with potent bitter, drainage and detoxification capability) along with Ultra Binder (a blend of synergistic binders that capture toxins in the GI tract).	each
*		Ultra Binder®	Q-1165	The capsules (1.8g/4 caps) feature PectaSol-C® modified citrus pectin whilst	120c
*		Ultra Binder® Powder	Q-1029		120g (30 serves)
*		Ultra Binder® Stick Packs	S-3007		20 stick packs
*		Vitamin C	Q-1033	Liposomal vitamin C in buffered form enables high level dosing for immune and antioxidant support – better tolerated for those with GI sensitivity. Each 5ml delivers 1000mg vitamin C (sodium ascorbate).	120ml (24 serves)
		Vitamin C + R-Lipoic Acid	Q-1003	A cornerstone of QSS metal detox protocols, vitamin C with RLA helps initiate detoxification. This fast-acting liposomal format optimises delivery of both these important antioxidants. Contains 500mg Quali®-C vitamin C (as sodium ascorbate) and 20mg RLA per 2ml serve.	50ml (25 serves)
		Vitamin C+ Elderberry	Q-1149	Elderberry and vitamin C join forces in this fast-acting immune-support tonic powered by liposomal delivery technology. Includes vitamin E as delta tocotrienols for further antioxidant support. Each 5ml delivers 1000mg vitamin C, 100mg ElderCraft® and 8mg DeltaGOLD®.	100ml (20 serves)

ULTRA BINDER® Universal toxin binder

Activated charcoal and bentonite clay gut health supplement for detoxification & digestive health.

There is no one binder that can eliminate all toxins. Many binders 'miss' key toxins and allow for their recirculation. Quicksilver Scientific's formula binds to and helps remove a wide array of toxins in the GI tract for a smoother, more thorough detox.

Ultra Binder® contains Chitosan, which is derived from shellfish.

Ultra Binder® Universal Toxin Binder is available as capsules, powder or stick packs.

One Product. Two Flavours. Three Mechanisms of action.

Tri-Fortify® is a clinically researched liposomal glutathione in a delicious oral delivery system, providing superior cellular absorption. Tri-Fortify® is backed by peer-reviewed, published clinical research. Furthermore, Tri-Fortify® overcomes the common shortcomings of other glutathione supplements.

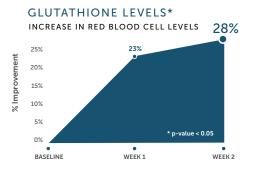

Mechanisms of Action:

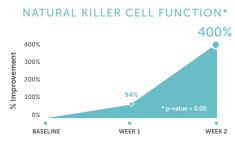

- Bolsters antioxidant action
- · Supports detoxification
- · Fortifies the immune system

Research Highlights:

- 28% increase in red blood cell glutathione levels
- · 25% reduction in oxidative stress
- 400% increase in natural killer cell function

The Foundation Kit™, Enhanced Immunity Duo™ and Revitalizing Detox Duo™ all include the 150ml size of Tri-Fortify®, available in both flavour options.

Researched Nutritionals

Founded in 2006 by CEO, Dennis Schoen, and headquartered on California's beautiful central coast, Researched Nutritionals® has quickly become a leader in the practitioner-only nutritional supplement market.

The company's research-based product development and ongoing clinical trials to demonstrate product efficacy are an integral aspect of their mission. With 'Researched' the first word in their company name, it is no surprise they have a research-driven culture, conducting clinical studies, many of them published in peer-reviewed medical journals.

Researched Nutritionals® product focus is on mitochondrial function, immune support, detoxification and cytokine health. Their range of advanced, researched-focused products are designed to meet specific patient needs and they spend countless hours ensuring they develop the most unique cutting-edge formulas with no compromises on quality.

*	♥ PRODUCT NAME	CODE	DESCRIPTION	VOLUME
	AnxiaEase™	RN174	Multifaceted stress and mood support featuring researched-backed ingredients: ashwagandha, holy basil, lemon balm, lavender and passionflower; with phosphatidylserine, P5P and magnesium taurate. Targets the gut-brain axis with psychobiotics <i>B. longum</i> Rosell®-175 and <i>L. helveticus</i> Rosell®-52.	120c
*	ATP 360®	RN159	Complete mitochondria support backed by peer-reviewed, published clinical research. Featuring RLA, PQQ, NADH and CoQ10 in a phospholipid matrix.	90c
	ATP Fuel®	RN130	The predecessor to ATP 360° supports healthy mitochondrial membrane function and maximises the Krebs cycle of cellular energy production. Contains antioxidants, nutrients and probiotics.	150c
*	BDNF Essentials®	RN162	Designed to support neurological health and cognitive function. Supports BDNF formation, neuroplasticity and neurogenesis. Features lion's mane, Sensoril® ashwagandha and CDP choline.	120c
	BioDisrupt®	RN161	Two synergistic enzyme and herbal proprietary blends for microbial biofilm support; disrupt biofilm matrices and inhibit formation of new biofilms. Contains enzymes including lysozyme and serratiopeptidase, plus berberine and NAC.	120c
	BLt™	RN142	A stand-alone or adjunctive herbal support for vector-borne diseases, offering vital detoxification and immune support.	120ml (approx 60 serves)
*	Boluoke®	RNBD202	Lumbrokinase (proprietary earthworm protein extract) is the only fully researched oral fibrinolytic supplement on the market supporting healthy coagulation and is backed by Phase I-III clinical trials.	60c
*	C-RLA™ Original	RN141	Liposomal vitamin C 1500mg with R-lipoic acid supports vascular, immune and mitochondrial health. Sunflower-derived phospholipids (non-soy), GMO-	300ml (30 serves)
*	C-RLA™ Vanilla Caramel 🙃	RN164	free and 100% vegan. Available in two flavours.	300ml (30 serves)
	CoQ10 Power™	RN144	High strength CoQ10 in a convenient and absorbable softgel delivery system. Contains 400mg of pure ubiquinone naturally fermented.	60sg
*	Core Minerals™	RN147	Balanced mineral complex providing twelve minerals in an easily assimilated form. This iron-free formulation includes vitamin D3 to aid in the absorption of calcium.	120c
	CoreBiotic®	RN158	Combines three fully sequenced and registered spore-based probiotics along with organic VitaFiber® prebiotic to support a healthy microbiome. Contains <i>B. coagulans</i> (SNZ1969), Lactospore® <i>B. coagulans</i> (MTCC 5856) and <i>B. subtilis</i> (DE111®).	60c
	CoreBiotic® Sensitive	RN163	Specifically developed for patients who are sensitive to prebiotics and/or are following a low FODMAP diet. Contains the same ingredients and dose as CoreBiotic but without the prebiotic.	60c
	Crypto-Plus™	RN143	Antimicrobial support, a stand-alone or adjunctive herbal support for vector-borne diseases.	120ml (approx 60 serves)
*	Curcumin Pure™	RN155	Published research supports CurcuWIN™ providing increased absorption (46 times more than traditional turmeric extract). Contains a minimum of 20% curcuminoids. Each serve (2 caps) contains 500mg.	60c
*	CytoQuel®	RN145	Supports normal cytokine activity and healthy inflammation levels. Contains NAC, black tea extract, CurcuWIN™, resveratrol and DeltaGold® Tocotrienols.	90c

*	♥ PRODUCT NAME	CODE	DESCRIPTION	VOLUME
	Elim-A-Cand™	RN172	This targeted multi-ingredient herbal tincture supports a healthy microbial balance (including Candida) through multiple mechanisms, utilising a phospholipid delivery system for optimised absorption. Contains cinnamon, clove bud, marshmallow, pau d'arco, slippery elm, berberine and Stillingia.	120ml (approx 60 serves)
*	Enhanced Immunity Duo™ <i>Orang</i> e	RNKT05-o	Includes two clinically researched formulas to provide targeted immune	each
*	Enhanced Immunity Duo™ <i>Watermelon</i>	RNKT05-w	support with reduced risk of Herxheimer reactions. Featuring Tri-Fortify® Gel 150ml (glutathione) and Transfer Factor Multi-Immune™.	each
*	Foundation Kit™ Orange	RNKT01-O	A curated kit providing targeted nutritional support for four critical factors associated with prolonged health challenges: cytokine function,	each
*	Foundation Kit™ Watermelon	RNKT01-W	detoxification, immune function and mitochondrial health. Includes ATP 360°, CytoQuel®, Tri-Fortify® Gel 150ml (Glutathione) and Transfer Factor Multi-Immune™.	each
	H2 Absorb™	RN149	Effervescent molecular hydrogen tablets. Powerful and selective H2 based antioxidant targeting the most toxic hydroxyl group of free radicals. Able to penetrate the BBB.	60t
*	HistaQuel®	RN167	A comprehensive allergy support formula which supports normal histamine production and a healthy mast cell function. Contains Quercefit®, Perilla, luteolin, fisetin, black cumin and stinging nettle.	120c
	InflaQuell™	RN115	A vegetarian proteolytic enzyme blend with rutin and ginger to support a healthy inflammatory response, respiratory functioning and vascular health.	180c
	Microbinate®	RN146	Designed to support the body's healthy response to microbial challenges, internally and externally. Contains oregano, monolaurin, olive leaf, allicin and CurcuWIN™ turmeric.	120c
*	Multi-Biome™	RN169	Multi-source probiotic combining the best of the spore-based strains and traditional live strains, eliminating the need for taking multiple probiotics. All strains supported by published research and sequenced for specificity.	30c
	Мус-Р™	RN160	Targeted microbial support for atypical and difficult microbial issues in a phospholipid delivery complex for increased absorption and delivery of herbs to the tissues.	120ml (approx 60 serves)
*	MycoPul®	RN170	An advanced binder complex which includes six targeted binders – binds mycotoxins in the GI tract. Use as a standalone product or combine with ToxinPul for robust detox support.	30c
	OraMax™	RN171	Include OraMax [™] as part of your daily dental care to optimise oral health. Restores a healthy oral microbiome, supports tooth and gum health. Contains a probiotic blend with 1 Billion CFUs and a proprietary oral health complex including xylitol, cinnamon and lysozyme.	60 dissolvable tablets
*	RenewGut+™	RN177	Multi-function gut support complex formulated to support the gut lining & tight junctions for a healthy intestinal mucosal barrier. Contains: hydrolysed collagen peptides, N-acetyl D-glucosamine, GutGard® deglycyrrhized licorice, black cumin, zinc carnosine and luteolin.	120c
	RenewGut Thrive™	RN180	3-in-1 gut formula with collagen, tributyrin (CoreBiome®) and pasteurised Akkermansia to support barrier integrity, SCFA production, microbiome balance and immune regulation. A comprehensive non-glutamine option for gut and metabolic support.	150c
*	Revitalizing Detox Duo™ Orange	RNKT03-o	Includes two clinically researched formulas to open detox pathways and	each
*	Revitalizing Detox Duo™ <i>Watermelon</i>	RNKT03-w	supports the removal of heavy metals and glyphosate from the body. Featuring Tri-Fortify® Gel 150ml (glutathione) and ToxinPul™.	each
	RibosCardio™	RN126	Contains CardioPerform™ a blend of L-carnitine and acetyl-L-carnitine shown to support heart and brain health, protecting against oxidative damage with the addition of D-ribose, malic acid and magnesium gluconate.	414.4g (56 serves)
	Soothe & Relaxx™	RN107	All-in-one joint, soft tissue and mood/stress support. Soothes joints and muscles, supports calm legs and mind and provides a healthy inflammatory response.	180c
*	ToxinPul™	RN168	Binds toxins in the GI tract and systemically, while supporting key organ health such as the liver and kidneys. Contains PureBind™ humic acid, fulvic acid, organic cilantro, silica, chlorella, Quercefit™, dandelion root, taurine and vitamin C.	90c
*	Transfer Factor Multi-Immune™	RN103	A comprehensive immune formula to support natural killer cells, macrophages, T-cells, and cell division as well as providing additional immune support during acute health conditions.	90c
	Transfer Factor Multi-Immune™ (Mushroom-free)	RNIII	As per Transfer Factor Multi-Immune but without shiitake and maitake mushroom extracts.	90c
	Transfer Factor Sensitive™	RN123	As per Transfer Factor Multi-Immune but without the additional herbs or nutrients. Designed for sensitive patients to support healthy natural killer cell activity. In smaller capsules for easier swallowing.	60c

VOLUME

Offering evidence-based healthcare solutions, RN Labs is a privately-owned company based in Brisbane with a mission to support practitioners to achieve improved patient outcomes supporting them to live a health and vibrant life.

They formulate premium grade, well-researched clinical supplements to support even the most sensitive individuals. Since 2014, they have been developing products made from the purest possible and most active ingredients and with no harsh excipients, fillers or binders for better patient outcomes.

As a company, RN Labs focuses on providing practitioners with clinically relevant information by way of educational tools, seminars and webinars. They continue to listen to practitioners on their quest to continually deliver new and evidence-based products to their range.

Patient comfort, safety and efficacy are paramount. RN Labs do not ask for your trust. They earn your trust, one bottle at a time.

DESCRIPTION

	V I RODUCT MAINE			
	5-HTP Powder	ARN-PC1201	The amino acid 5-hydroxytryptophan can cross the blood-brain barrier and supports healthy serotonin production, sleep and mood.	25g
*	Active B6 5+1 free	ARN-504324	A yeast-free, biologically active form of vitamin B6 as pyridoxal-5-phosphate (PSP). Supports the methylation and transulfation pathways and is a vital component in the formation of the myelin sheath that surrounds nerve cells. 50mg PSP (34.2mg pyridoxine).	60c
	Adaptex	ARN-PC2035	Adaptogen complex delivering a synergistic blend of botanicals for supporting the maintenance of a healthy stress response. Contains ashwagandha, Siberian ginseng, gotu kola, holy basil and Rhodiola.	60c
*	Berbersorb	ARN-PC2255	Metabolically active berberine using a patented phytosome technology (Berbevis®). This vegan phytophospholipid complex allows for maximum absorption (optimised x10) to support healthy blood glucose levels, metabolic health and PCOS/fertility.	60c
*	Bergasome +	ARN-PC2439	A highly absorbable scientifically studied bergamot phytosome (Vazguard®) paired with artichoke extract to offer an innovative approach to healthy cholesterol, cardiovascular and liver support. Currently the only Bergamot Phytosome product available in New Zealand and Australia!	60c
*	BioActive B-Complex 5+1 free •	ARN-PC2257	Well-balanced, broad-spectrum B vitamin support – highly bioactive forms without causing excess over-stimulation (unmethylated). Includes folinic acid, hydroxy-B12 and non-flushing B3. Supports energy production, neurological health and healthy stress response.	60c
	Cal-D-Glucarate Powder	ARN-CMRNCD50	This calcium salt of D-glucaric acid supports optimum liver function, detoxification and allows the body to successfully excrete excess hormones (such as oestrogens) before they can be reabsorbed, reactivated and recirculated within the body.	50g
	Cal:Mag 1:1	ARN-505146	Balanced formula with highly bioavailable forms of the electrolytes calcium (75mg) and magnesium (75mg) in citrate forms in equal doses to minimise the chance of excess calcium imbalances.	60c
	CDP-Choline Powder	ARN-PC2507	Pure pharmaceutical-grade cytidine diphosphate choline (CDP-choline/citicoline) is a specialised nucleotide form of choline found naturally in the body, where it provides enhanced cholinergic and neuroprotective activities. Highly bioavailable powder form.	25g
	Citrulline Powder	ARN-504896	Pure pharmaceutical-grade L-citrulline in a versatile powder form with a mild, sour taste that is well tolerated. This amino acid supports tissue blood flow, vascular perfusion and nitric oxide synthesis.	100g
*	Core Nutrients with Collagen French Vanilla	ARN-PC2358	A comprehensive blend of essential vitamins, minerals and trace elements with hydrolysed bovine collagen (10g/scoop) and herbs (milk thistle and ginger).	448g (28 serves)
*	Creatine Monohydrate Powder	ARN-PC2694	Pure pharmaceutical-grade creatine supports cellular metabolism and energy production. It supports cognitive function, sleep quality, migraines, aids recovery from fatigue, and supports healthy blood glucose management and muscular endurance.	300g
*	Curcutex 5+1 free	ARN-PC2039	Delivers a highly absorbable form of curcumin, using soy-free proprietary Meriva® phytosome. Curcumin has been shown to significantly reduce oxidation, inflammation and pain.	60c
	D-Mannose Powder	ARN-504366	D-Mannose is a naturally occurring saccharide which may support the urinary tract. Supports intestinal, metabolic and immune health.	50g
*	Fe-Restore ••	ARN-PC1873	Highly absorbable iron bisglycinate (24mg elemental iron). Gentle on the digestive system without the common side effects from iron supplementation.	30c

*	♥ PRODUCT NAME	CODE	DESCRIPTION	VOLUME
*	Folate 400 Drops	ARN- CMMTF40030	Liquid methyl folate drops containing 400mcg of Levomefolate calcium (folate L-5-MTHF) in a base of purified water and vegetable glycerine.	30ml
*	Folinic Acid	ARN-PC1166	Metabolically active, yet unmethylated and therefore less over-stimulating form of folate. Contains calcium folinate (equivalent to 500mcg folinic acid). Provides a gentle and invaluable basis to folate supplementation for a broad range of clinical applications.	120c
	GI Defence	ARN-PC1710	Break-through gut support formula that is great tasting, multi-faceted and clinically potent. Zinc to help support gut membrane integrity and healing, healthy flora and detoxification. Includes glutamine, arabinogalactan, amla, pectin and marshmallow.	210g (35 serves)
	Glutamine Powder	ARN-504889	The most abundant amino acid in circulation. Supports the synthesis of protein, muscle mass, neurotransmitters, energy, ammonia metabolism, GIT membrane integrity and immunity.	200g
	Glycine Powder	ARN-504890	L-glycine can provide a sweet taste to foods, drinks and formulas, without delivering any carbohydrate. The powder is easily mixed into drinks/food (hot or cold) and other supplements. Supports glucose regulation, detoxification, brain function and sleep quality.	100g
	Immuno AHCC	ARN-PC2703.60	High-potency AHCC® (333mg per capsule) derived from Shiitake mycelia. Supports innate immune defences, immune modulation and resilience in viral and autoimmune contexts.	60c
*	InflamaSoothe Trio	ARN-PC2310	Containing Palmidrol (PEA), Casperome® Boswellia Phytosome® and Meriva® Curcumin Phytosome® to support a broad range of painful and inflammatory health conditions.	60c
	Inositol Powder	ARN-504363	Also referred to as 'vitamin B8'. Supports blood sugar balance, female reproductive health (particularly PCOS), emotional wellness and healthy cardiovascular and nervous system function.	100g
*	lodine & Tyrosine	ARN-AUM219	Combined support for maintenance of healthy thyroid function and produced without flowing agents that can inhibit bioavailability. Contains 500mg L-tyrosine and 225mcg potassium iodide.	60c
	L-5MTHF	ARN-PC1167	Methylated and metabolically active form of folate. Contains 500mcg L-5MTHF which supports numerous metabolic processes including detoxification and facilitates methyl-group donation.	120c
	L-Theanine Powder	ARN-504365	L-Theanine is a non-dietary amino acid derived from tea with the ability to cross the blood-brain barrier. Supports the nervous system and mental focus without sedation.	50g
*	Lipotropex	ARN-PC1782	Highly concentrated lipotropic complex providing nutritional liver support. This nutraceutical blend of taurine, glycine, inositol, acetyl-carnitine, choline, milk thistle, vitamin C and selenium to support lipid metabolism and healthy bile production.	300g (100 serves)
	Longevity Factors	ARN-PC2362	Revitalising blend of botanicals and nutrients designed to support antioxidant and anti-inflammatory defences against ageing. Includes nicotinamide riboside and resveratrol for cognitive support, and B vitamins for sustained energy. Features reishi, grape seed extract and rosemary for immune resilience, skin and eye health.	60c
	Lysine Powder	ARN-504913	L-lysine has one of the highest amino acid requirements in the body and this essential amino acid supports collagen and connective tissue synthesis, wound healing and vascular protection.	100g
	Magnesium Citrate	ARN-PC1675.90	Highly-absorbable citrate chelate form (150mg elemental magnesium).	90c
*	5+1 free	ARN-PC1675.180	Magnesium is present in all cells of the body and is involved in over 300 enzymatic processes, including energy production.	180c
	Magnesium	ARN-PC2173.90	A highly absorbed glycinate chelate form of magnesium (Mg). Supports over	90c
*	Glycinate 5+1 free	ARN-PC2173.180	300 enzymatic processes including supporting brain and nervous system health. Each capsule contains 750mg Mg (equiv. elemental Mg 150mg).	180c
*	Magnesium L-Threonate Powder	ARN-PC2684.50	The formula now contains patented Magtein®, a pure pharmaceutical-grade magnesium L-threonate that can readily cross the BBB. A neurological cofactor that supports cognitive, mood, sleep and stress-related functions.	50g
*	Medi Metabolic Smooth Chocolate	ARN-PC2528	Comprehensive metabolic nutritional formula with rice and pea protein (20g/serve), prebiotic Kfibre®, vitamins/minerals and botanicals. Provides support during clinical dietary programs to optimise metabolic health with blood glucose support and healthy body composition.	574g (14 serves)
*	Medi Restore French Vanilla 5+1 free	ARN-PC2147	Great tasting vegetarian protein formula of highly concentrated nutritional support comprised of FODMAP-friendly ingredients. Supports digestion, detoxification, immune function, inflammatory balance, energy production and healthy weight management.	616g (28 serves)
*	Methyl Fortify	ARN-PC2741	Contains a balanced and synergistic blend of methylated folate and B12 with choline. Activated B2 and B6 provide additional cofactor support for optimum metabolism, methylation and cardiovascular, neurological and detoxification function.	60c

Clinical Essential

*	•	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
		Micro Clear	ARN-PC1970	A potent combination of botanicals to provide a targeted yet comprehensive antimicrobial effect. Ideal for individuals needing to address bowel flora imbalances revealed through clinical stool testing. Features Uva ursi, purple loosestrife, barberry, olive leaf and pomegranate.	60c
		Micronised PEA	ARN-PC2256	Highly bio-available palmitoylethanolamide (PEA) in clinically proven micronised form. Vegan caps.	120c
*		Mito-Charge Powder	ARN-PC2355	Great tasting powder supporting optimal mitochondrial performance and cellular efficiency throughout the body. Contains acetyl-carnitine, 1:1 calcium:magnesium, malic acid, NR, ribose, taurine and B vitamins.	210g (28 serves)
*		Mixed Mag Forte 5+1 free	ARN-PC1984	Highly absorbable magnesium in citrate, glycinate and orotate forms with taurine and glycine. Palatable 'not-too-sweet' sugar-free lemon formula with 300mg of elemental magnesium per serve.	180g (60 serves)
		N-Acetyl-L-Tyrosine Powder Forest Berry	ARN-CMMTLTP50	Pharmaceutical-grade N-Acetyl-L-Tyrosine (NALT), a bioavailable L-tyrosine form, supports neurotransmitter synthesis, metabolic homeostasis and cognitive function. Acetylated form assists better absorption, stress modulation and catecholamine metabolism. Forest berry flavour; vegan.	50g
		NAC Powder 5+1 free	ARN-PC1933.100	This sulphur-bearing amino acid supports glutathione synthesis and detoxification. Powerful mucolytic agent and scavenger of free radicals. Supports antiviral defences. Improved palatability powder-form and of non-animal origin.	100g
*		Niacinamide B3	ARN-PC1169	Non-flushing vitamin B3 with various clinical applications including supporting cellular mitochondrial energy production and anti-ageing, detoxification, skin protection and calming of neurological over-excitation (including from over-methylation). 250mg/capsule.	120c
		Nicotinamide Riboside NR	ARN-PC2363	Delivers a highly bioavailable, well tolerated, non-flushing form of vitamin B3, that serves as an active precursor to NAD+. Each vegan capsule contains nicotinamide riboside chloride 300mg equiv. ribose 155mg.	60c
*		Pantothenic B5	ARN-PC1236	Active B5 for flexible dosing in clinical applications, such as healthy neurotransmitter production, adrenal health and stress resilience, healthy hormone and energy metabolism. 500mg/capsule.	120c
*		Quercesorb 5+1 free	ARN-PC1868	Delivering a highly absorbable and bioavailable form of quercetin, using patented phytosome technology. Provides anti-inflammatory, antioxidant and analgesic support. Each capsule contains 250mg Indena phytosome (equiv. 85mg quercetin).	60c
*		Selenium	ARN-PC2292	Vegan-friendly selenomethionine – an easily absorbed and utilised form (150mcg elemental selenium per capsule).	60c
		Starter B	ARN-PC1922	The first step in methylation support. Provides B vitamin support for people with the MTHFR gene mutation to assist key enzymes in the methylation cycle. Contains active forms of B2 and B6 along with nicotinamide (niacin). Does not include B12 or folate, allowing separate supplementation as required.	60c
		Stress Forte (formerly AdrenaForte)	ARN-PC2036	A botanical formulation that supports the maintenance of healthy cortisol levels and activity in the body, when deficient. May assist in alleviating the symptoms of low mental and physical energy, low adrenal output and stress capacity. Contains <i>Panax ginseng</i> , Ginkgo, licorice and vitamin C.	60c
*		Sublingual Hydroxy-B12 5+1 free	ARN-PC2633.120	Highly absorbable, great-tasting B12 lozenges that support the methylation cycle without over-stimulating. Supports healthy homocysteine levels, stress response, cardiovascular and cognitive function. Each lozenge contains 1000mcg hydroxocobalamin.	120 lozenges
		Taurine Powder	ARN-504891	Pure pharmaceutical-grade L-taurine in a versatile powder form. Taurine is a conditionally essential sulphur-bearing amino compound offering numerous clinical uses.	50g
		Thyro Fortify	ARN-PC2368	A synergistic vegan nutrient blend to support healthy thyroid function and hormone synthesis. Contains iodine, P5P, B12 (hydroxocobalamin), selenium, tyrosine, vitamin K2 (menaquinone 7) and zinc.	60c
*		Total B Methyl	ARN-PC2194	Activated forms of B vitamins including methylated B12 and folate. May help relieve nervous tension, stress and mild anxiety, whilst also supporting and assisting methylation reactions. MM Note: It is important to purchase niacin at the same time as Total B Methyl to ensure it is on hand in case of an adverse reaction to methyls.	60c
		TraceMins Complex	ARN-PC2580	A synergistic and broad-spectrum trace mineral formula, containing highly bioavailable forms of all primary trace elements. For general nutritional support as well as for focused cofactor supplementation to support healthy hormonal and blood glucose levels, energy production, antioxidant mechanisms and immune health.	90c
		Tri-Factor	ARN-504296	Synergistic combination of zinc, B6 (as P5P) and magnesium in bioavailable citrate mineral forms. These combined cofactors are involved in hundreds of enzymatic processes, support neurotransmitter production, detoxification and energy production.	60c
*		Zinc Glycinate	ARN-PC2291	Highly bioavailable and gentle vegan-friendly zinc (25mg elemental zinc per capsule).	120c

Inflammation Support

A synergistic formulation which supports a broad range of inflammatory health conditions

- Synergistic blend of natural anti-inflammatory compounds
- Combines Palmidrol (PEA) with Casperome® Boswellia Phytosome® and Meriva® Curcumin Phytosome® proprietary extracts
- Micronised and phytosomal forms ensure maximum clinical efficacy at lower doses
- May help support muscle aches and joint discomfort
- May provide support for menstrual symptoms

Discover resilient skin and boost self-esteem with SIV, a pioneering skincare brand founded in 2021. SIV revolutionised the beauty industry by becoming the first to harness bacillus spores, setting a new standard in microbiome-focused skincare. In 2023, the brand introduced quorum-sensing skincare, leveraging bacteria's natural communication to enhance results.

Developed by a team of microbiology and skincare experts, SIV's products support a balanced skin biome and optimise individual biology. This innovative approach integrates deep microbiome knowledge with cutting-edge research, offering groundbreaking formulas designed to support skin health.

SIV's commitment to blending science and skincare ensures each product is crafted to complement unique microbiology, setting new benchmarks in the industry. Collaborating with leading microbiologists, SIV delivers transformative results and continues to advance skincare science.

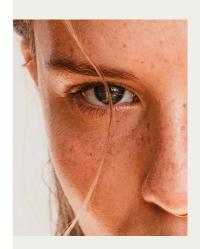

,	*	•	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
	*		Biome Balancing Serum	SIVSERUM	Bioactivated, quorum-sensing skincare serum that adapts to any skin type. Lightweight formula features squalane for hydration, caprylic/capric triglyceride for moisture retention and glyceryl caprylate for oil restoration. Bacillus spores activate on contact to balance and support the skin microbiome.	15ml

Introducing The Power of Tesseract: A Single Molecule in its CyLoc® – DexKey® Matrix

Tesseract's CyLoc® technology encases each molecule of active ingredient in its own dextrin fibre delivery cage. Tesseract's DexKey® technology then releases the active ingredient at the desired point within the intestinal tract, allowing for maximum absorption and effectiveness.

Conceived and developed by industry leader Al Czap, widely known and respected as the founder, former CEO and architect of Thorne Research and its success.

Explore more at fxmed.co.nz/tesseract

Tesseract

Based on the advancement in drug and nutrient delivery technology, Tesseract brings a large portfolio of unique, breakthrough products that are already transforming doctor and patient expectations on bioavailability, efficacy and outcome.

Conceived and developed by industry leader Al Czap, widely known and respected as the Founder, former CEO and architect of Thorne Research and its success. Tesseract's patent-pending technology is set to revolutionise health for patients caught in the modern world cycle of compromised diets, environmental insults and illnesses.

Tesseract offers practitioners Nature — At Full Power®; proven molecules and optimal delivery. This is achieved by firstly isolating individual molecules of an active ingredient to achieve nano-level scale. Each molecule of the active ingredient is encased in its own dextrin delivery cage, thus eliminating the issue of unpalatable taste and smell. Furthermore, the cage only breaks at the desired release point in the intestinal tract, thus resolving the problem of poor absorption and supplementing the body's own efforts.

Quite simply put, it's The Tesseract Effect.

*	•	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
		AnaQuell SR™	TMR-NE001	This revolutionary slow-release formula contains anandamide (the 'bliss molecule') – the body's own naturally-occurring endocannabinoid neurotransmitter – and L-citrulline to support a healthy response to stress, mild anxiety, mood changes and trauma.	90c
		AuRx®	TMR-GI010	Stabilised butyric acid in a single molecule form provides nutritional requirements for ASD patients with SCFA gut microbiome deficiencies. Palatable taste with minimal odour, via a specialised food matrix delivery system, optimises patient compliance.	56.7g (68 serves)
		BerberActiv QR®	TMR-EX010	A berberine complex in a patent-pending delivery system (CyLoc®/DexKey®) providing nano-delivery to the body's tissues. Offers effective support for healthy blood glucose, insulin and blood lipid levels.	90c
		CoQ10 Pro®	TMR-CV010	With proprietary CyLoc® technology, each molecule of sustained-release CoQ10 is encased in a DexKey® matrix, for enhanced absorption and bioavailability. Delivers one molecule at a time to the tissues. Each capsule contains 300mg CoQ10 complex.	60c
		HepatiSafe®	TMR-HE000	Support for all phases of liver detoxification and a healthy inflammatory response. Contains silymarin, R-lipoic acid, glutathione and tetrahydrocurcumin, in a patent-pending delivery system.	60c
		MuSolve SR®	TMR-RE000	A powerful mucous-resolving sustained-release botanical formulation that supports healthy mucosal clearance and respiratory health. Includes Eucalyptus, fenugreek, menthol, peppermint and pine.	90c
		NOX Flo SR™	TMR-CV000	Formulated to improve nitric oxide (NO) production to support circulatory, endothelial and vascular function. Featuring CoQ10, L-citrulline and R-lipoic acid with vasoactive rutinosides (hesperidin 2S and diosmin) in sustained-release CyLoc® and DexKey® delivery technology.	120c
*		ProButyrate®	TMR-GI000	Molecules of SCFA butyric acid in proprietary CyLoc® technology – delivered one molecule at a time to ensure palatability and maximum absorption. Supports a healthy gut microbiome and healthy inflammatory response in the GI tract.	120c
		ProstaSorb®	TMR-HA000	Provides support for optimal functioning of the prostate. Blend of three clinically tested botanical extracts that support prostate health: Serenoa repens (saw palmetto), Pygeum africanum and Cucurbita pepo (summer pumpkin).	60c
*		QuerciSorb® Immuphore SR™	TMR-EX004	Ionophoric-Quercetin™ complex is paired with zinc picolinate, vitamins C and D3 for unprecedented immune function support. Ensures delivery one molecule at a time in a sustained-released format.	120c
		QuerciSorb QR®	TMR-EX000	Features bioactive quercetin in a quick release format for more immediate benefit. Offers antioxidant properties and supports cardiovascular health and immune function. Contains 400mg of quercetin complex per capsule.	90c
		QuerciSorb SR®	TMR-EX001	Bioactive quercetin offering sustained-release throughout the intestinal tract to maximise therapeutic efficacy and provide effective cardiovascular and immune support. Contains 350mg of quercetin complex per capsule.	90c

FxMed Catalogue – New Zealand

*	•	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
		RLA Pro SR™	TMR-AM020	A sustained-release formula that utilises Tesseract's ground-breaking delivery science to protect R-lipoic acid (RLA) as it travels through the stomach, resulting in unparalleled absorption. Supports healthy blood glucose levels and metabolism throughout the day. Each capsule contains 250mg RLA complex.	60c
		SafeCell [®]	TMR-AM000	An acetylated form of glutathione with optimal absorption using CyLoc®/DexKey® delivery technology. Supports intracellular glutathione levels and offers antioxidant and detoxification support. Each capsule contains 300mg S-acetyl-glutathione complex.	60c
		TetraCumin QR®	TMR-EX020	Highly bioactive metabolite of curcumin using patent-pending delivery technology in a quick-release format. This potent antioxidant supports a healthy inflammatory response, providing optimal support for cardiovascular, GI and musculoskeletal/joint health. Each serve (2 caps) contains 800mg tetrahydrocurcumin complex.	120c
		TetraCumin SR®	TMR-EX021	Provides the bioactive curcumin metabolite in a 12-hour sustained-release format providing optimal absorption and long-term benefit, regardless of variations in digestive status. Each serve (2 caps) contains 700mg tetrahydrocurcumin complex.	120c

therapure

Therapure

Since 2022, Therapure® has been dedicated to creating formulations that genuinely support health and wellbeing. Designed by a team of Nutritionists and Naturopaths, the Therapure® range utilises therapeutic doses and only the purest nutrient forms to maximise absorbability. Each ingredient is carefully selected for its effectiveness, ensuring meaningful quantities without token additions. Therapure® prioritises highly absorbable forms that the body recognises, for the best nutrient utilisation possible. With a commitment to transparency, every ingredient – including excipients – is listed on the label, allowing you to trust what you're recommending. Therapure® products are free from artificial flavours, colours and unnecessary fillers, reflecting their promise of clean formulations. This Australian company stands firm on quality, sourcing only the most ethical and unadulterated raw ingredients, because they believe great health should be accessible to everyone.

*	♥ PRODUCT NAME	CODE	DESCRIPTION	VOLUME
*	B6 liquid	СММВ6100	Active vitamin B6 in liquid format containing 7.85mg P5P per 5ml (equiv. to 5mg pyridoxine). In a base of purified water and sunflower-derived glycerol. Suitable for children and adults.	100ml
*	folate 100 drops	CMMTF10030	Liquid methyl folate drops containing 100mcg Levomefolate calcium (folate L-5-MTHF) in a base of purified water and vegetable glycerine.	30ml
*	hydroxy B12 100 drops	СММТВ12Н	Hydroxocobalamin B12 drops containing 100mcg per drop in a base of purified water and vegetable glycerine. Suitable for children and adults.	30ml
*	methyl B12 100 drops	СММТВ12М	Methylcobalamin B12 drops containing 100mcg per drop in a base of purified water and vegetable glycerine. Suitable for children and adults.	30ml
*	my daily wellbeing (formerly my immune support)	PC2295	Herbal and nutritional blend supports vitality and strengthens natural defences. Key ingredients like Astragalus and mushrooms support immunity, while zinc and vitamin C support overall well-being and resilience.	120c
*	my hair	PC2414	A nourishing blend of herbs, amino acids and nutrients to support thick, strong hair. Stabilises the telogen (shedding) rate, supports the anagen (growth) rate, strengthens strands and improves texture. Core ingredient silica delivers essential nutrients to hair follicles and conditions the scalp for healthier, more vibrant hair.	120c
*	my immune cold + flu	PC2294	This herbal blend supports the body's defences against cold and flu, supporting quicker recovery. Key ingredients include Echinacea, Andrographis, black elderberry and vitamin C to support immune response.	60c
*	my liposomal D + K Lemon	PC2293	Synergistic blend of bioavailable vitamins D and K supports absorption and bone, cardiovascular and immune health. Each serve (2 pumps) provides 1000 IU/25mcg of vitamin D3 and 40mcg of vitamin K2 (MK7) with a delicious lemon taste from natural organic lemon oil.	50ml (50 serves)
*	my liposomal glutathione Peppermint	PC2350	This powerful liposomal antioxidant formulation provides 100mg per serve for cellular function and health. Glutathione supports detoxification, inflammation, regenerates vitamins C and E, boosts immune response and maintains levels as we age.	50ml (50 serves)
*	my menopause	PC2707.60	Supports healthy oestrogen levels for women during perimenopause and menopause as well as adaptation to stress. Contains black cohosh, shatavari, red clover and pine bark extract which work in synergy to enhance each other's effects.	60c
*	my organic PHGG	PHGGORG	Sunfiber® partially hydrolysed guar gum (PHGG) provides organic soluble fibre with naturally occurring prebiotic glucomannan. Well-tolerated, colourless & flavourless powder to boost daily fibre intake.	250g (62.5 serves)
*	my pms support	PC2778	Synergistic botanical blend supports healthy hormone balance and premenstrual tension. Featuring chaste tree and passionflower, this formula offers flexible dosing for individual needs.	60c
*	my prenatal methyl	PC1894	Prenatal multi with a high dose of biologically active Bs including folate (5MTHF), B6 as P5P and hydroxocobalamin/mecobalamin forms of B12. Supporting preconception, pregnancy and breast feeding, this formula is suitable for both men and women to maintain reproductive system health. Supports a healthy pregnancy, foetal development and placental health. Does not contain iron.	90c
*	my skin	PC1927	A bioactive blend of skin-nourishing ingredients that supports inflammation, detoxification, sebum and pore size and cellular turnover. Formulated to support pimples and minor eruptions, it's also suitable for eczema, psoriasis and damaged skin, for a vibrant, glowing complexion.	120c

*	•	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
*		my testosterone	PC2738	Supports healthy testosterone levels in both men and women while providing antioxidant and anti-inflammatory support. Tribulus and pine bark support testosterone production and inhibit its conversion to DHT, supporting mood, energy and libido.	60c
*		pure collagen peptides + C Natural Vanilla	PC2038.480	Premium bovine collagen blend supports skin, gut and joint health. Enzymatically hydrolysed for superior absorption, it supports collagen production, hydration and elasticity, while vitamin C supports skin healing and resilience.	480g (30 serves)
*		total B drops	CMMTBD100	Newly upgraded formula containing a higher dose of eight B vitamins in a flavour-free, liquid delivery for flexible dosing. Featuring activated forms of B6, folate and B12 – created to meet the needs of patients with methylation polymorphisms.	100ml
*		total B folinic	CMMFTBF60	Total B Folinic includes the Starter B formulation with the addition of 400mcg of hydroxocobalamin and 400mcg of folinic acid.	60c

Thorne

THORNE

Thorne was founded in 1984 to revolutionise an industry too often satisfied with "good enough." Their founders committed to owning every step of the process, to perfecting every ingredient and to saying "no" to fillers and shortcuts.

By investing in clinical trials, Thorne earned the respect of scientists and the confidence of clinicians globally. They knew their dedication to uncompromising quality and integrity would be a 'thorn in the side' of competitors who may have not the same standards - hence, naming the company THORNE.

As such, this was FxMed's first brand in our portfolio and is the benchmark against which all subsequent brands were measured.

On top of their focus on research, Thorne is dedicated to offering practitioners an absolute guarantee of purity, quality and consistency of products plus innovative, comprehensive solutions to improve the health and wellness of patients.

*	♥ PRODUCT NAME	CODE	DESCRIPTION	VOLUME
*	5-Hydroxytryptophan	SA503	Supports serotonin production, sleep and mood. Contains 5-HTP and P5P, the active form of vitamin B6 needed for the conversion of 5-HTP to serotonin.	90c
*	Acetyl-L-Carnitine	SA520	Acetyl-L-carnitine enhances neurotransmitter regulation, which can support optimal nerve function. Also supports cognitive function. Each capsule contains 500mg of acetyl-L-carnitine.	60c
*	Adrenal Cortex	SG803	Adrenal cortex tissue (bovine) for support of healthy adrenal function and energy.	60c
*	Advanced Bone Support	SG822	A comprehensive bone-support formula containing boron, calcium, folate, magnesium, vitamin B12 and B6 and vitamin D3.	120c
*	Advanced Digestive Enzymes	SD405	A digestive enzyme blend that supports the digestion and absorption of proteins, fats and carbs with the combination of HCl, pepsin/pancreatin (porcine) and ox bile.	180c
	Ascorbic Acid	C153	Pure ascorbic acid, each capsule contains 1g of vitamin C.	60c
	Bacillus Coagulans	SF758	A stable, every day, all-ages probiotic that supports GI function. Survives stomach acid and retains its potency in the intestines. No refrigeration required.	60c
*	Basic B Complex	B104	Comprehensive B complex containing active forms of B vitamins.	60c
*	Basic Prenatal	NZVMP	A well-researched multivitamin and mineral formula for pregnancy, also supports baby's development. Use from pre-conception through to breastfeeding.	90c
*	B-Complex #6	B106	Essential B vitamins, including methylated B12 and folate, with extra B6 (as pyridoxine HCL and P5P) for sports performance and hormone balancing support. NSF Certified for Sport®.	60c
*	B-Complex #12	B112	B-complex with all the active forms and including extra vitamin B12 (as methylcobalamin).	60c
*	Berberine	SF800	Supports already healthy cholesterol and blood sugar levels, GI microbial balance and healthy metabolism. Each serving (2 caps) contains 450mg of berberine HCL and 550mg of highly absorbable berberine phytosome.	60c
	Berberine 200mg	SF760	A powerful botanical for heart health, immune support, weight management, and GI support. Each capsule contains 200mg of berberine HCL.	60c
*	Betaine HCL & Pepsin	SD415	Supports optimal stomach acidity, protein digestion, and enzyme activity. Each capsule contains 1g of Betaine HCL and 47mg of Pepsin.	225c
*	Biotin	B118	Supports glucose metabolism, nerve health, healthy skin, hair and nails. Each capsule contains 8mg of biotin.	60c
	Buffered C Powder	C155	Buffered form for those sensitive to the acidity of pure ascorbic acid or have compromised digestive systems. Each serve provides 2.35g of vitamin C along with calcium (350mg), magnesium (350mg) and potassium (99mg) mineral-ascorbates that serve as buffers.	236g (42 serves)
	Calcium	M281	DimaCal® is more concentrated than other well-absorbed forms of calcium, allowing for more elemental calcium per capsule. Each capsule contains 250mg of calcium.	120c
	Calcium-Magnesium Malate	M277	A 1:1 ratio of calcium and magnesium as malate chelates to support healthy bones, heart and more. Each capsule contains 100mg of calcium and 100mg of magnesium.	240c

* \	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
*	Choleast-900	SF705	Provides naturally occurring monacolins, phytosterols and isoflavones for support of healthy lipid levels and cardiovascular health. Each capsule contains 900mg of red yeast rice. (Supplementing CoQ10 is recommended when using this product).	120c
*	Chromium Picolinate	M255	Essential mineral for support of healthy blood sugar levels, carbohydrate cravings and weight management. Each capsule contains 500mcg of chromium.	60c
	Collagen Fit	SP686	An unflavoured grass-fed, hormone-free bovine collagen powder, made for the toughest competitors. Featuring nicotinamide riboside and betaine. Supports joint and muscle health, cellular energy, training, recovery and healthy ageing.	506g (30 serves)
	Collagen Plus Passion Berry	SP685	Grass-fed bovine collagen peptides with nicotinamide riboside (NR) and botanical extracts, including patented ceramide and polyphenol blends, in a pleasant-tasting passion berry flavoured-powder. Nourishes skin, hair, and nails and protects them from environmental insults.	495g (30 serves)
*	Copper Bisglycinate	M228	An optimally absorbed Albion mineral chelate that supports bone, blood vessel, heart, nerve and skin health. Each capsule contains 2mg of copper.	60c
	CoQ10	SP624	Proprietary crystal-free formula of CoQ10 that demonstrates superior absorption over other forms including nanoparticle and liposomal preparations. Each gelcap contains 100mg of CoQ10.	60gc
		SF813	The most clinically-studied curcumin on the market. Supports a healthy	60c
	Curcumin Phytosome	SF814	inflammatory response in the joints, muscles, GI tract, liver, brain and nerves. Each capsule contains 500mg of Meriva® soy-free curcumin phytosome complex.	120c
	Curcumin Phytosome – Sustained Release	SF815	A well-absorbed, sustained-released curcumin. Well-studied with 29x greater absorption than ordinary curcumin. Each capsule contains 250mg of Meriva® curcumin phytosome.	120c
*	D-1,000	D128	Pure vitamin D3 for maintaining healthy levels. Supports healthy bones and muscles, cardiovascular and immune function. Each capsule contains 1,000 IU (25mcg).	90c
	Daily Greens Plus	SP687	A blend of greens and botanicals to support body and mind. Contains 28 powerhouse ingredients to support peak daily performance – including spirulina, matcha and mushrooms. Vegan, paleo and keto friendly with naturally-derived mint flavour and no added sugars. Mix into water or smoothie.	204g (30 serves)
	Diabenil®	SF790	Botanicals and nutrients for healthy blood sugar levels. Includes ALA, bilberry, chromium, Gymnema and quercetin.	90c
	EnteroMend® Orange Vanilla	SP681	Botanical and amino acid orange-vanilla flavour powder formula to support a healthy intestinal tract. Contains Aloe vera, Boswellia, Meriva® curcumin, PHGG and L-glutamine. NSF Certified for Sport®.	168g (30 serves)
*	Ferrasorb®	NZSF750	Contains 24mg iron as bisglycinate – which is highly absorbable and well tolerated – plus folate (400mcg) and vitamin B12 (50mcg), which are all essential for healthy blood-building.	60c
	FiberMend®	SP635	A soluble prebiotic fibre blend that helps support healthy blood sugar levels, regularity and optimal digestive function. Contains green tea phytosome (decaffeinated), guar gum, larch arabinogalactan, pectin and rice bran.	330g (approx 30 serves)
*	GI Relief	SF714	A soothing blend of botanicals – Aloe vera, slippery elm, marshmallow and licorice – to support the mucous membranes of the GI tract.	180c
*	Glucosamine & Chondroitin	SF767	Key components of the structural matrix of joints to help support healthy joint function and mobility. Each capsule contains 500mg glucosamine sulfate and 250mg chondroitin sulfate.	90c
	Glutathione-SR	SA540	A sustained-release form of glutathione that provides antioxidant support for the liver, brain, heart, lung and eyes. Each capsule contains 175mg of glutathione.	60c
	Glycine	SA512	Glycine is an inhibitory neurotransmitter that supports relaxation and healthy stress management and detoxification by increasing glutathione production. Contains 1g per 2 capsules.	250c
	Grape Seed Extract	SF745	Optimally absorbed grape seed phytosome containing oligomeric proanthocyanidins (OPCs) to support blood vessels, eye health and reduce swelling and bruising after injury. Contains 100mg per capsule.	60c
	Green Tea Phytosome	SB336	Green tea polyphenols bound to phospholipids; functions as a liver protective antioxidant. Each capsule contains 250mg green tea phytosome (decaffeinated).	60c
	Heart Health Complex	SF713	Contains CoQ10, potassium, magnesium, taurine and hawthorn which support the heart muscle and blood vessels with nutrients for healthy functioning.	90c
*	Hormone Advantage	SP684	Supports healthy oestrogen metabolism and detoxification. Contains a combination of DIM, pomegranate and sulforaphane from broccoli seed extract.	60c

*	♥ PRODUCT NAME	CODE	DESCRIPTION	VOLUME
*	Joint Support Nutrients	SF774	Comprehensive joint support, offering support for relief from occasional soreness and stiffness. Contains glucosamine, MSM, Meriva® curcumin, Boswellia, bromelain and potassium.	240c
	L-Arginine – Sustained Release	SA525	Sustained release L-arginine supports heart health, nitric oxide production and optimal blood flow. Each capsule contains 500mg of L-arginine.	120c
*	L-Glutamine	SA518	An amino acid that supports a healthy intestinal lining and optimal gastrointestinal and immune function. Also supports healing after injury or	90c
*	L-Glutamine Powder	SA519	surgery and muscle cell repair. Available in 500mg capsules or powder (5g serves).	504g (90 serves)
	Liver Cleanse	SF769	Synergistic blend of berberine HCl, burdock, chicory and milk thistle offering support for general liver health, bile production/flow, metabolism and detoxification.	60c
	Lysine	SA516	An essential amino acid that supports immune function, bone health, skin integrity and healthy wound healing. Each capsule contains 500mg of L-lysine.	60c
*	Magnesium CitraMate™	M272	Well-absorbed combination of magnesium citrate (55mg) and dimagnesium malate (80mg). Citrate supports healthy kidneys; malate supports fatigue and muscle tenderness.	90c
	MediClear Plus®	SP645	A rice and pea protein-based suppplement with a complete multivitamin/mineral profile and additional GI and liver support nutrients, to support detoxification. Also includes curcumin, grape seed and green tea phytosome to support the body's normal inflammatory response. Refer to the 10-day detox protocol.	772g (21 serves)
	MediClear-SGS™ Chocolate	SP646	Provides all the nutrients from MediClear Plus with the addition of advanced antioxidants and phase II liver support from sulforaphane glucosinolate (SGS).	1083g (21 serves)
	Men's Multi 50+	VM6M	A daily multi-vitamin/mineral that provides support for a healthy, active lifestyle. Formulated for men 50+ who are at low risk for iron deficiency (contains no iron or copper).	180c
	Meta-Balance™	SF711	Herbal formula of chaste tree, wild yam, black cohosh and pycnogenol to provide support during menopause and mitigate common associated symptoms.	60c
	Metabolic Health	SF801	A science-backed formula containing well-absorbed curcumin (Meriva®) and bergamot(Vazguard™) phytosomes to help support metabolism, a healthy weight, healthy cholesterol and blood sugar levels.	120c
	Methyl-Guard®	SF787	Supports healthy homocysteine levels, healthy methylation for cardiovascular, cognitive and bone health. Contains betaine, L-5-MTHF, methylcobalamin B12 and P5P.	180c
	Multi Enzyme	SD410	A blend of betaine HCL, pepsin (porcine) and pancreatin (porcine) to support digestion.	180c
	NAC (500mg)	SA560	A potent antioxidant that supports comprehensive wellness, including lung, liver and kidney health, as well as immune and respiratory function. Contains 500mg N-acetyl-L-cysteine per capsule.	90c
	NiaCel® 400	SP654	A combination of nicotinamide riboside and betaine, designed to support healthy ageing, cellular repair, sirtuin regulation, NAD+ production and cellular energy production in the mitochondria.	60c
*	Niacinamide	B131	For cellular protection and antioxidant support. This is a non-flushing form of vitamin B3. Supports joint and skin health and restful sleep. Each capsule contains 500mg.	180c
	Ovarian Care Mixed Berry	SF823	A mixed-berry flavoured powder offering support for menstrual regularity, reproductive health, hormonal balance and healthy insulin response. Contains inositol (d-chiro and myo), green tea, wild blueberry, CoQ10, 5-MTHF and pomegranate.	214g (60 serves)
	Pancreatic Enzymes	SD401	Pure pancreatin for digestive support for lipids, proteins and carbohydrates. Highest purity and lactose free. 1g per 2 capsules.	180c
	Phosphatidyl Choline	SP605	An excellent source of choline for liver support, cholesterol metabolism and healthy bile. Each gelcap contains 420mg of phosphatidylcholine.	60gc
	Phosphatidylserine	SF715	Contains phosphatidylserine (PS) which is essential for nerve cell membranes to support healthy brain function, memory and focus. Each capsule contains 100mg PS.	60c
	Phytoprofen®	SF799	This formula combines ginger, Boswellia and curcumin phytosome to support healthy cytokine balance and bromelain which reduces swelling and bruising. Supports healing after injury or surgery.	60c
	PolyResveratrol-SR®	SB300	Trans-resveratrol plus plant extracts (curcumin, green tea, quercetin) and pterostilbene, which support trans-resveratrol's metabolic, cardioprotective, hepatoprotective and healthy-ageing properties.	60c

THORNE

Achieve Optimal Wellness with Thorne

Support your patients from every angle with Thorne's trusted, high-quality supplements designed to enhance total wellbeing.

Advanced Digestive Enzymes

Provides nutritional support for individuals who have indigestion or bloating, or who have had their gallbladder removed.

Magnesium CitraMate™

Contains two well-absorbed forms of magnesium for supporting the heart and skeletal muscles.

Stress B-Complex

B-complex formula with extra vitamin B5 for adrenal support and stress management.

Whether you're looking to support stress, digestion, muscle health or total body wellness, Thorne's premium supplements offer targeted solutions to keep your patients feeling balanced and vibrant.

*	♥ PRODUCT NA	ME CODE	DESCRIPTION	VOLUME
	Potassium Citra	te M240	Well-absorbed form of potassium. Essential for heart and skeletal muscle function, as well as supporting kidney and urinary tract health. Each capsule contains 99mg of potassium (as citrate).	90c
	Pro-Resolving Mediators	SP630	High-potency formula provides essential pre-resolving mediators 17-HDHA, 14-HDHA and 18-HEPE, along with EPA and DHA, to support the body's healing process after injury or inflammation, for recovery and overall health.	60gc
	Pyridoxal 5'-Phosphate	B126	Active form of vitamin B6, readily used by the body, essential cofactor for amino acid and neurotransmitter synthesis. Each capsule contains 33.8mg of B6 (as P5P).	180c
	Quercetin Com	olex SB332	Quercetin phytosome with bromelain for enhanced absorption. Provides support for allergies, stabilises mast cells.	60c
	Quercetin Phytosome	SB335	Quercetin bound to sunflower-sourced phosphatidylcholine to enhance absorption, stabilise mast cells and support allergies. Each capsule contains 250mg of quercetin phytosome.	60c
*	Red Yeast Rice + CoQ10	SF751	Red yeast rice (600mg) with CoQ10 (15mg) per capsule to support healthy cholesterol levels and cardiovascular health.	120c
*	ResveraCel®	SB302	Nicotinamide riboside with trans-resveratrol, betaine and quercetin phytosome for healthy ageing, metabolic function and cellular energy.	60c
*	Rhodiola	SF755	Adaptogenic herb that supports neurotransmitters that enhance mood, sleep and mental focus. Each capsule contains 100mg of Rhodiola.	60c
*	Riboflavin 5'-Phosphate	B115	The bioactive form of riboflavin also known as vitamin B2. Each capsule contains 36.5mg of riboflavin.	60c
	Sacro-B™	SF757	Saccharomyces boulardii is a yeast species that supports immune function in the gut by increasing sIgA and is effective for antibiotic-associated diarrhoea. Supports growth of beneficial gut flora.	60c
*	Selenomethioni 150mcg	ine NZM225	An amino acid bound form of selenium. Supports thyroid function, heavy metal detoxification and is a cofactor for SOD/glutathione. Each capsule contains 150mcg of selenium.	60c
	Siliphos®	SF733	Combines a flavonoid from milk thistle (silybin) with phospholipids to form a well-absorbed complex. It offers liver-protective benefits and helps support normal levels of glutathione.	90c
*	Stress B-Comple	ex B107	A vitamin B complex with extra vitamin B5 for adrenal and stress management support.	60c
	Stress Balance	SG804	A non-glandular formula of botanicals and nutrients to support the adrenal gland's response to stress. Includes ashwagandha, ginseng, licorice, B vitamins and zinc.	60c
	Super EPA	SP608	Omega-3 (fish oil) essential fatty acids. Supports a normal inflammatory response, healthy heart and brain function. Each easy-to-swallow gelcap contains 425mg of EPA and 270mg of DHA.	90gc
	Super EPA Pro	SP610	Omega-3 fish oil with a higher level of EPA. CO2 extraction ensures its freshness and purity. Each gelcap contains 650mg EPA and 160mg DHA from fish oil.	120gc
	Theanine	SA508	Amino acid from tea that supports a healthy stress response, relaxation, focus and memory. Each capsule contains 200mg of L-theanine.	90c
*	Thyrocsin™ 🗿	NZSF784	A non-glandular formulation that supports healthy thyroid function. Contains ashwagandha with copper, iodine, L-tyrosine, selenium, zinc and vitamins B12, C, and E to support T4 levels and peripheral conversion of T4 to T3.	120c
	Trace Minerals	M242	A complete trace mineral complex with highly absorbable boron, chromium, manganese, selenium and zinc chelates.	90c
*	Ultimate-E [®]	E143	A mixture of all tocopherols and utilises molecular distillation to remove allergenic soy residues. A vital antioxidant shown to benefit the cardiovascular system. Each gelcap contains 335mg vitamin E (d-alphatocopherol).	60gc
*	Undecylenic Ac	id SF722	Fatty acid for the support of healthy gut and vaginal flora. Each serving contains 250mg undecylenic acid (10-undecenoic acid).	250gc
	Vitamin B12	B125	An active form of vitamin B12 readily used by the body. Supports heart health and nerve function. Each capsule contains 1mg of methylcobalamin.	60c
*	Vitamin C with Flavonoids	C154	Immune-supporting, antioxidant benefits of vitamin C (500mg) with bioflavonoids from oranges (75mg) – replicating the way it's found in nature.	90c
	Vitamin D Liqui	d D168	Vitamin D3 liquid for easy dosing for children or adults, in a medium chain triglyceride oil. Each serve (2 drops) contains 25mcg (1,000 IU) of vitamin D3.	30ml (600 serves)
*	Vitamin D + K2 Liquid	KD500	Each serve (2 drops) contains 25mcg (1,000 IU) of vitamin D3 and 200mcg of vitamin K2 in a liquid form for ease of dosing and titration.	30ml (600 serves)
	Vitamin K2 Liqu	id K170	Vitamin K2 in its MK-4 form to support bone, heart and blood vessel health. Each serve (15 drops) contains 15mg of vitamin K2.	30ml (80 serves)

*	•	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
		Women's Daily Probiotic	SF817	Formulated with 10B CFU of eight probiotic strains (including well-studied ASTARTE TM , UREX® and two <i>Lactobacillus</i> species). Designed specifically to support the unique daily needs of women – going beyond gut health – with strains found specifically in a healthy urinary and vaginal tract. Shelf-stable.	30c

THORNE

Target the effects of ageing from the inside, out.

ResveraCel combines nicotinamide riboside with resveratrol and cofactors to support healthy ageing. It provides support for metabolic syndrome and increases cellular energy production.

- · Resveratrol and quercetin support increased sirtuin activity
- · Contains nicotinamide riboside (NR) the most efficient direct precursor to NAD+
- · Helps support metabolism regulation for healthy metabolic syndrome parameters
- · Betaine provides important methylation factors
- · Quercetin is bound to sunflower-sourced phospholipids for enhanced absorption

Xlear Inc

Xlear® Inc. (pronounced "clear") was founded in June of 2000 to launch the company's first commercially available product, the Xlear® Sinus Care Nasal Spray. Since that time, Xlear® product range has grown and is now recognised as an industry leader in the manufacturing and distribution of high-quality, natural xylitol products.

Xlear® offers a complete line of sinus care products with xylitol, unique to the New Zealand market. They hold a global patent for the addition of xylitol in nasal sprays. It is the only nasal spray containing xylitol in sufficient concentration that has been proven by clinical studies to be more effective than saline alone. Xlear® with xylitol has no rebound effect, no risk of dependency, does not destroy the collagen in the nose and is safe to use daily by everyone of all ages.

*	V	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
		MAX Nasal Spray	XL-XL MAX	Xlear®'s original nasal spray with the added benefit of Capsicum (for sinus pressure, congestion, and headaches) and Aloe vera (for its moisturising and soothing properties). These two extra ingredients offer more immediate relief for allergy symptoms when needed. Not intended for daily use.	45ml
		Nasal Spray	XL-ADX1	Patented, natural saline spray containing xylitol – an ingredient which cleanses and moisturises the sinuses and nasal passages. Travel-friendly 22ml bottle delivers a gentle mist when squeezed or can also be dispensed in drops.	22ml
*		Nasal Spray Kids	XL-KIDSX1	A steroid free, kid-friendly nasal spray that contains xylitol – a natural ingredient that cleanses and moisturises. Normal saline nasal sprays can dry out the nasal passage, actually leaving it more irritated and susceptible to external contaminants. But the addition of xylitol will moisturise and soothe your child's nose and sinuses while alleviating congestion.	22ml
*		Nasal Spray with Measured Pump	XL-XLM1	Includes all the benefits of the Nasal Spray but with an additional measured pump. Delivers approximately 240 consistent measured sprays.	45ml
		Rescue Nasal Spray	XL-XLR	A unique blend of herbal extracts and essential oils featuring pau d'arco, oregano, tea tree, Eucalyptus and parsley combined with the original nasal spray to give fast, effective relief from congestion, sniffles and contaminants in the air.	45ml
		Sinus Rinse Bottle with Solution	XL-NETIRINSE	The Sinus Rinse Bottle system is one of the easiest nasal irrigation systems to use. Features a specially-developed saline solution containing xylitol to help soothe, moisturise and cleanse the sinuses. Using a gentle, low	bottle w/6 solution packets
	Sinus Rinse Soli Refills	Sinus Rinse Solution Sinus Rinse Solution	allergens or other harmful contaminants can be cleared out. Refills can be	50 packets

Xymogen

Since its inception in 2003, Xymogen has become a trusted, experienced brand that provides only the highest quality ingredients at effective levels and in well-researched combinations.

In 2010, Xymogen forged a partnership with renowned expert, Dr David Perlmutter, acquiring his iNutritionals line of neurological formulas. The addition of BrainsustainTM and NeuroActivesTM BrainSustainTM to the Xymogen range positions them as a leader in the modulation of neurological disorders.

In 2017, Xymogen was recognised for the tenth time as one of the fastest growing and best-run private companies in the US showing dedication to their mantra: From the beginning, "the journey is the reward". They surely have set out on a journey that offers unprecedented opportunities for growth and fulfilment.

★	♥ PRODUCT NAME	CODE	DESCRIPTION	VOLUME
*	5-HTP CR	XYM-300000087	Controlled-release 5-hydroxytryptophan formula for the support of healthy mood, normal appetite and restful sleep pattern. Contains 100mg of 5-HTP per tablet.	60t
	Adrenal Essence®	XYM-300000093	Adaptogenic herbs (Cordyceps, Rhodiola, <i>Panax ginseng</i>) plus B vitamins which aid in adrenal hormone production. Supports healthy energy levels, antioxidant activity and healthy immune function.	60c
*	B Activ [®]	XYM-300000118	B-complex to support adrenal, neurological and stress related functions. It features activated forms of vitamins B2, B6 and B12 plus benfotiamine and folate as Quatrefolic®.	
*	Benfotiamine	XYM-300000134	A lipid-soluble derivative of thiamin that demonstrates improved absorption and bioavailability. Supports peripheral nerve health and vascular health as well as facilitates conversion of harmful glucose metabolites. Each capsule contains 150mg benfotiamine.	120c
*	BrainSustain™ Powder Creamy Chocolate	XYM-300082901	Designed to address brain health, structure and function, contains a variety of nutrients, protein from pea and rice and cofactors that support	10 packet
*	BrainSustain™ Powder Vanilla Delight	XYM-300082902	mitochondrial energy production, antioxidant systems, neurotransmitter production and cell membrane integrity.	10 packet
	BrainSustain™ for Kids Vanilla Delight	XYM-300000141	Designed to support children's brain development and performance in a vanilla delight flavour for increased compliance. Contains 6g of pea and rice protein plus key nutrients for brain health.	268.5g (approx 15 serves)
	Candicidal™	XYM-300000534	A complementary blend of herbs, essential oils, and sodium caprylate formulated to support healthy microbial balance, GI and immune systems. Includes oregano, ginger, turmeric and olive leaf.	60c
	Cortisolv®	XYM-300000560	A herbal formulation which helps the body resist and recover from the effects of everyday stress. Supports healthy cortisol levels, mental clarity, and supports relaxation and restful sleep. Contains Relora® (Magnolia), ashwagandha, L-theanine, banaba leaf and maral 4-6:1 extract.	60c
	Cytokine Balance	XYM-300081343	An antioxidant and detoxification support formula designed to support the Nrf2 genetic pathway. Contains glucoraphanin, pTeroPure® transpterostilbene, BCM-95® turmeric and green tea.	30c
	DioVasc™	XYM-300000572	Well-researched, citrus-based flavonoids (diosmin and hesperidin) in a micronised form for enhanced bioavailability. Supports healthy veins, capillaries and blood flow, healthy lymphatic drainage, antioxidant activity, and healthy eicosanoid and glucose metabolism.	60c
	Drainage	XYM-300000574	A homeopathic preparation which focuses on the liver, kidney, and colon excretory functions while addressing symptoms associated with toxicity such as fatigue, headaches and sluggish elimination.	30ml
	Fit Food® Lean Complete Sugar- & Stevia-Free Dutch Chocolate	XYM-300082444	A nutrient-rich fructose-free protein shake formula ideal for vegans, or individuals sensitive or allergic to soy and/or dairy. Features VegaPro™, an all-natural pea and rice protein blend; Aminogen®, a plant end shake that	10 packe
	Fit Food® Lean Complete Sugar- & Stevia-Free French Vanilla	nplete Sugar- & xym-300081902 Xym-300081902 Sweetened with monk fruit and offering a sugar, sweetener and stevia-free option.	10 packe	
	GlutAloeMine®	XYM-300000853	Gastrointestinal support for the mucosal lining, gut microflora and production of beneficial SCFA. Contains L-glutamine, larch arabinogalactan, deglycyrrhizinated licorice and Aloe vera.	174g (approx 3 serves)

*	•	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
		HistDAO™	XYM-300100117	A multi-patented, gastro-resistant source of diamine oxidase (DAO) to support healthy degradation of food-derived histamine. Provides a clinically researched dose (20,000 HDU) of porcine DAO in an easy-to-swallow, gastro-resistant mini-tablet.	60t
		IG 26 DF	XYM-300000870	Dairy free IgY immunoglobulins and immune co-factors from hyperimmune chicken egg. Provides support for immune and intestinal health, cytokine modulation and sports recovery.	120c
*		L-Theanine	XYM-300000946	Contains patented Suntheanine® form of this unique amino acid from green tea. Supports calm, relaxation without drowsiness, healthy nervous system	60c
			XYM-300000025	and liver function. Each capsule contains 200mg L-theanine.	120c
		MemorAll™	XYM-300000973	Combines nutrients and botanicals that support cognitive function, healthy memory and neurological health. Featuring Quatrefolic®, Gingko, Bacopa and NAC with brain-specific acetyl-L-carnitine and phosphatidylserine.	60c
*		NeuroActives™ BrainSustain™	XYM-300001013	Six key ingredients from Brain Sustain powder in a convenient encapsulated format to support brain performance and health. Contains acetyl-L-carnitine, NAC, phosphatidylserine, CoQ10, ALA and glucoraphanin (broccoli extract).	120c
		NiaVasc™	XYM-300001016	Sustained release niacin has a lesser flushing effect compared to other forms; the proprietary wax-coated technology permits release that is complete in 7-8 hours. Supports all healthy blood lipid parameters. Each tablet contains 500mg of niacin.	120t
*		OptiCleanse® GHI Sugar- & Stevia-Free Chai	XYM-300086548	Comprehensive, fructose-free, low-allergy-potential dietary supplement	10 packets
*		OptiCleanse® GHI Sugar- & Stevia-Free Creamy Chocolate	XYM-300085839	designed to support GI function and balanced detoxification. It features VegaPro TM , Xymogen's proprietary amino acid and pea/rice protein blend; Aminogen® (for protein absorption); phytonutrients; minerals and activated B vitamins. This formula is suitable for vegans. Sweetened with monk fruit	10 packets
*		OptiCleanse® GHI Sugar- & Stevia-Free Vanilla Delight	XYM-300081900	and offering a sugar, sweetener and stevia-free option.	10 packets
*		OptiFiber® Lean	XYM-300001021	Contains Shimizu Propol® A, a pure, premium, 100% natural soluble fibre from Amorphophallus konjac. This high viscosity (100,000 mPa·s) glucomannan supports digestive health, weight management, blood sugar balance, cholesterol metabolism and gut health with 3g of fibre per serving.	96g (30 serves)
		OptiMag® 125	XYM-300001039	A patented blend of magnesium; Albion®'s TRAACS® magnesium lysinate glycinate and dimagnesium malate. Each capsule contains 125mg of magnesium and 400mg (approx.) of malic acid. Supports healthy muscle function, nerve conduction and bone health.	120c
		OSAplex MK-7™	XYM-300001048	Multifaceted support for healthy bones, cartilage and ligaments. Each packet provides 2 capsules of Ossopan 1100™microcrystalline hydroxyapatite (MCHC) with vitamins D3 and K2; 1 capsule of choline-stabilised orthosilicic acid (ch-OSA®).	60 packets
		Ossopan MD™	XYM-300001050	Contains Ossopan MCHC – a crystalline compound which includes calcium, phosphorus, growth factors, type I collagen, amino acids, glycosaminoglycans and trace elements that naturally comprise healthy bone. Contains additional Albion® Ca and Mg in the with D3.	120c
		РерсіХ™	XYM-300005120	Chewable tablets that support the relief of occasional gastric discomforts (e.g., occasional heartburn/indigestion, upset stomach, belching, burping, bloating, mild nausea). Contains 16mg zinc and 75mg zinc-carnosine.	60t
		PMS Soothe™	XYM-300005133	A comprehensive blend of Native American and Chinese herbs traditionally used to provide balance and support for a healthy menstrual cycle and relief of PMS symptoms. Features Bupleurum, chaste tree, dong quai, licorice and more.	60c
*		ProbioMax® Daily 30B	XYM-300005129	A vegetarian, dairy- and gluten-free, four-strain probiotic (30 billion CFU/cap: <i>L. acidophilus</i> La-14®, <i>B. longum</i> BI-05, <i>L. plantarum</i> Lp-115® and HOWARU® B. lactis HN019®) in gastro-resistant DRcaps™ to ensure targeted release. Sealed in nitrogen-purged blister packs to protect against heat, moisture and oxygen.	30c
		ProbioMax® 100B	XYM-300005150	Utilises the same ingredients and capsules as ProbioMax Daily DF 30B but with 100 billion CFU per capsule.	30c
		ProbioMax® Plus	XYM-300005152	Utilises the same ingredients as ProbioMax Daily DF 30B caps but in a convenient stick pack format. Also includes non-pathogenic yeast Saccharomyces boulardii and prebiotic larch arabinogalactan. Supports intestinal ecology, cellular health and immunity.	30 stick packs
*		RegeneMax® Liquid	XYM-300005173	Patented choline-stabilised orthosilicic acid (ch-OSA®) is an advanced collagen generator. The stabilisation technology prevents polymers from forming, ensuring optimal absorption. Supports healthy bone, hair, joints, nails and skin. Each serving (6 drops) contains 120mg choline and 6mg silicon.	30ml (approx 100 serves)
*		RegeneMax® Plus	XYM-300005172	Featuring the same clinically tested ch-OSA® (choline-stabilised orthosilicic acid) as RegeneMax® liquid – complemented with 5000mcg biotin and in a convenient capsule.	60c

*	V	PRODUCT NAME	CODE	DESCRIPTION	VOLUME
		S-Acetyl Glutathione	XYM-300005182	A stable and well-absorbed acetylated form of glutathione in acid-resistant DRcaps™ to further protect stability. Provides antioxidant support for healthy cell function and ageing; supports detoxification. Each capsule contains 100mg of S-acetyl-glutathione.	60c
		Saccharomycin®	XYM-300005180	Lactose-free, stomach acid-resistant, stable, European patent-pending formula containing DNA-verified <i>Saccharomyces boulardii</i> . Supports other probiotic organisms in addition to immune function and intestinal barrier integrity. Each capsule contains 5 billion CFU (250mg) SB.	60c
		Xcellent E™	XYM-300005329	Features EVNol SupraBio™ full-spectrum tocopherol/tocotrienol complex for superior absorption and providing more comprehensive vitamin E benefits than tocopherol-only formulas. Provides a blend of tocopherols which is preferred for long-term supplementation instead of just alpha-tocopherol.	60sg
		XymoZyme® HCI	XYM-300101587	Broad-spectrum digestive support that combines key ingredients betaine, ox bile, porcine pancreatin and gentian to support each phase of digestion.	90c

OptiCleanse[®] GHI Sugar- & Stevia-Free

- Comprehensive, fructose-free, low-allergy–potential dietary supplement designed to support gastrointestinal (GI) function and balanced detoxification
- Features VegaPro[™], XYMOGEN's proprietary amino acid and pea/rice protein blend, Aminogen[®] to facilitate protein absorption, phytonutrients, mineral amino acid chelates and activated B vitamins
- Sweetened with monk fruit and suitable for vegans

Brain & Nervous System Support

Xymogen's science-based brain health formulas are designed to support the central nervous system, including cognitive abilities, mental wellness and overall brain functioning.

Find the right supplement for your brain health needs and experience the difference.

BrainSustain Powder is available in *Creamy Chocolate* or *Vanilla Delight* flavours

Experience the new, easier way to order **Functional Testing** with our seamless end-to-end solution on the **Practitioner Hub!**

Removes the need to carry test kits

Search & filter to navigate tests

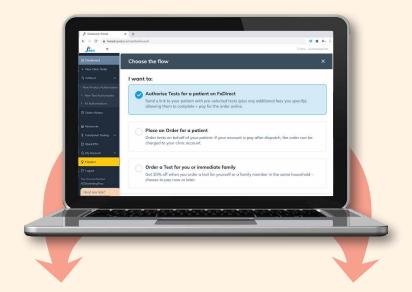

Quick view sample reports + key markers

Secure payment online

Track sample progress to results

Authorise Tests

- Sends patients an email to complete their order and pay – just like product authorisations.
- Specify an optional administration fee (<\$75), which will credited back as a rebate.

Order for the Patient

- Perfect for practitioners who prefer to complete orders on behalf of their patients or keep pricing confidential.
- · Patients will not receive an order confirmation email.
- Pay after dispatch customers will see a charge to account option in the checkout.

Exclusive Self-Test 20% Discount

 Enjoy 20% off functional test orders for yourself or immediate family*!

OR

· Pay via credit card or charge to account at checkout.

^{*}Self-test kits will be sent to your primary clinic address and are not for patient use.

Functional Testing

FxMed provides evidence-based functional tests trusted by top clinicians worldwide. We partner with leading laboratories to ensure the highest standards, transparency, and optimal patient outcomes.

Log into the Practitioner Hub to explore our tests or visit fxmed.co.nz/testing for more details.

Auckland Gut Clinic (SIBO breath testing) Auckland Gut Clinic

Small Intestinal Bacterial Overgrowth (SIBO) can occur for a number of reasons. In most people, it results in gas, bloating, discomfort, diarrhoea and/or constipation.

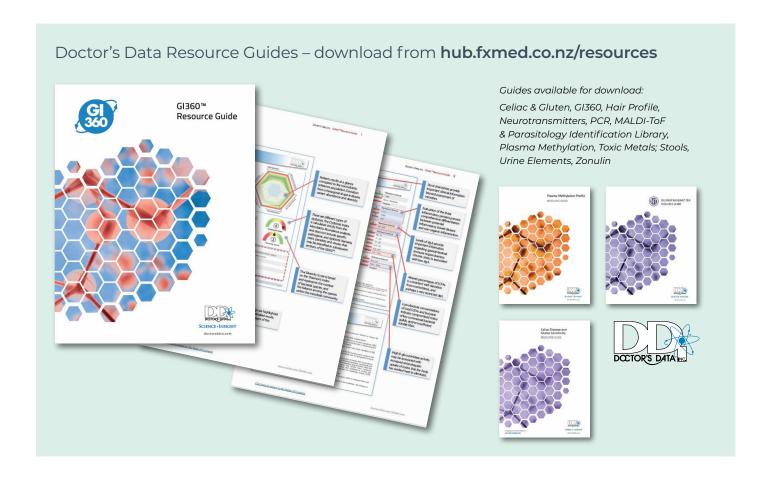

A key determinant of human health is the state of our microbiome, or gut flora. Lifestyle, previous illness (and treatments) and dietary indiscretions are just some of the factors that can cause gut flora imbalances.

The SIBO breath test is simple and non-invasive. It can determine the likelihood of SIBO as a causative or contributing factor.

Knowing the type and level of gases produced aids targeted treatment and forms a baseline for follow-up comparison.

Following collection of a baseline breath sample, a lactulose or glucose challenge drink is consumed. Breath samples are captured at periodic intervals for up to 3 hours and analysed for the amount of hydrogen, methane and carbon dioxide gas using gold-standard gas chromatography equipment.

DNALife

Genetic testing and nutrigenomics are the future of individualised healthcare. Although reliable genetic testing is readily available for clinical use, genetics is still a relatively new clinical tool. Until recently, healthcare practitioners have been left to educate themselves in this exciting area of clinical science, by simply picking up information where they can. It is for this reason that DNAlysis Biotechnology created DNALife.

DNALife comprises a dedicated team of scientists with expertise in Human Genetics, Molecular Biology, Nutritional Genomics and Dietetics. DNALife leverages scientific advances in Human Genomics research for the benefit of the consumer, by providing access to affordable, quality genetic testing that is presented in a consumer-friendly manner.

DNALIFE TESTS	CODE
DNALIFE SINGLE PANEL – TIER A	
DNA Diet – (A weight-management test that includes well-researched and clinically useful gene variations that impact obe weight management)	esity risk and
DNA GrowBaby – (Analyses 27 genes associated with the functioning of key biological pathways that influence maternal an	nd foetal health)
DNA Health – (Covering 36 genes involved in Methylation, Inflammation, Oxidative Stress, Detoxification, Lipid Cholesterol N Health, Insulin Sensitivity, Food/Nutrient Sections)	Metabolism, Bone
DNA Histamine – (Analyses the two main enzymes responsible for histamine degradation in the body, Histamine N-Methylt and Diamine Oxidase (DAO))	transferase (HNMT)
DNA Hormones – (Previously DNA Oestrogen, now offers 22 gene variants that affect metabolism and detoxification of sex	hormones)
DNA Mind – (Analyses 30 genes associated with key mental health disorders)	
DNA Pain – (Provides insight into key biological pathways that influence chronic pain. Offers personalised diet, nutraceutical lifestyle recommendations for improved chronic pain management)	al, exercise and
DNA Resilience – (Provides valuable insights into how you can learn to thrive under adverse conditions, using personalised exercise and lifestyle recommendations)	diet, nutraceutical,
DNA Skin – (Analyses 19 genes associated with key areas involved in skin health and ageing)	
DNA Sport – (Covers three categories relating to sport performance – Injury Susceptibility, Recovery, Power and Endurance	Performance)
CHOOSE FROM 1-10 TIER A PANELS	
DNALife - 1 panel	10047
DNALife – 2 panels	10050-P2
DNALife – 3 panels	10050-P3
DNALife – 4 panels	10050-P4
DNALife – 5 panels	10050-P5
DNALife – 6 panels	10050-P6
DNALife – 7 panels	10050-P7
DNALife – 8 panels	10050-P8
DNALife – 9 panels	10050-P9
DNALife – 10 panels	10050-P10
DNALIFE SINGLE PANEL - TIER B (NB: NOT AVAILABLE AS PART OF THE TIER A COMBO PANELS)	
DNA Core – (Covering 4 key areas; weight, exercise, nutrition, biological processes. DNA Core brings together information provided by the existing DNA Health, DNA Diet and DNA Sport Panels)	10055
DNA Risk – (Looks at gene variants related to common autoimmune diseases)	10051
DNALIFE SINGLE SNPS	
DNALife Single SNP – (MTHFR x2, CYP17A, DIO2, SULTA1, COL1A1, CYP1B1, DRD2, ER Alpha, Factor V, NAT2, NQ01, APOE-E2/E3/E4)	10099
Add on; DNALife Single SNP (if ordered with any other full panel, excludes other single SNPs)	10100
PHARMACOGENOMICS DNA PANELS	
MedCheck – (Analyses 71 gene variations within 17 genes to give accurate and actionable recommendations on approximately 123 different prescription medications)	10119
Add on; DNA Medcheck (if ordered with any other full panel, excludes single SNPs)	10120

Doctor's Data, Inc

Doctor's Data, Inc (DDI), a premier clinical laboratory with over 30 years' experience, provides specialty testing to healthcare practitioners around the world. A specialist and pioneer in essential and toxic elemental testing of multiple human tissues, the laboratory offers a wide array of functional testing. DDI's tests are utilised in the assessment, detection, prevention, and treatment of heavy metal burden, nutritional deficiencies, gastrointestinal function, hepatic detoxification, metabolic abnormalities, and diseases of environmental origin. Founded in 2004 by two practicing clinicians, Labrix is now owned by Doctor's Data, Inc. The combined strengths of both laboratories, including clinical education and support, and a more comprehensive test menu are now available to providers worldwide.

KBMO Diagnostics

KBMO Diagnostics is a fully integrated medical diagnostics company based near Boston, USA. They are a FDA registered, ISO 13485 compliant manufacturing facility as well as a CLIA High Complexity Laboratory.

KMBO Diagnostics are focused on personalised medicine. They look at identifying tests which help physicians with individualised results, which aids the treatment of underlying symptoms with a focus on Food Sensitivity Testing. Their patented FIT (Food Inflammation Test) Test was created by Brent Dorval, Ph. D, who was involved in the creation of the first HIV/AIDS rapid diagnostic assay. The test is the most sensitive food test available using new patented technology.

Lipid Technologies

Lipid Technologies uses their precision proprietary method for high sensitivity blood-spot omega 3 analysis to identify the patient's complete fatty acid profile, specifically focusing on omega 3 and omega 6 fatty acid levels, and it's relation to heart health.

The Holman Omega-3 Test tests both the 'Omega-3 Index' and 'Omega-3 in HUFA' making it one of the most comprehensive fatty acid profiles available.

Mosaic Diagnostics

Mosaic Diagnostics (formerly The Great Plains Laboratory) is a research-based clinical laboratory offering a variety of metabolic and chemical profile testing options. They are dedicated to assisting healthcare practitioners help patients achieve their maximum potential through quality laboratory testing. Founded in 1996 and currently serving more than 100 countries.

Mosaic Diagnostics provides one of the most reliable, comprehensive, and understandable scientific results, using the latest technology and proven techniques.

Precision Analytical

Precision Analytical is a CLIA certified laboratory based in Oregon, USA. It is run by a team of dedicated scientists with over 50 years combined experience in performing laboratory testing and the development of innovative testing methodology. After extensive experience working within numerous well-known hormone testing laboratories, Precision Analytical was established by Mark Newman to address the need for better clinical accuracy, convenience and relevance compared with existing conventional hormone testing methods. Subsequently developing one of the most advanced and comprehensive models for testing a patient's steroid and adrenal hormones

DUTCH CM + Complete – (for markers refer to DUTCH CM and DUTCH Complete)	10062

Precision Point Diagnostics

Precision Point Diagnostics, formerly Dunwoody Labs, is a CLIA licenced laboratory located in Dunwoody, Georgia, USA. The birth of Precision Point Diagnostics came out of a clinical need for certain testing profiles that were not currently on the market. Founded by Dr. Cheryl Burdette, ND, a clinical healthcare practitioner who noticed that many tests exist in academia or research settings, but may lag in commercial availability to clinicians.

As much as modern healthcare is directed at defining a disease process and blocking it, Precision Point Diagnostics saw the need to more effectively evaluate systems in the body, and provide these insights to practitioners.

The analytes that Precision Point Diagnostics bring to the market have been extensively studied in thousands of published papers - to put well-researched lab methodologies in the hands of clinical healthcare practitioners.

Quicksilver Scientific

Quicksilver Scientific, a leader in liposomal delivery systems, advanced detoxification protocols, and nutritional supplements was founded by Dr Christopher Shade, an environmental metals chemist. Dr Shade developed and patented the game-changing analytical technology for mercury speciation testing which separates methyl mercury from inorganic mercury. From this, the Mercury Tri-Test was born. Samples of hair, blood, and urine are used to assess the body's mercury burden and its ability to eliminate it. This test enables practitioners and patients to understand the magnitude and source of mercury exposure, and if additional support is needed in the process of mercury detoxification. Quicksilver Scientific's laboratory is CLIA-certified and offers practitioners access to a very comprehensive, in depth measurement of human mercury exposure.

TruDiagnostic Lab

TruDiagnostic™ is an epigenetic testing laboratory that specialise in biological aging based on DNA Methylation. Their lab is CLIA certified where they use custom, state-of-the-art technology. They research and develop epigenetic analysis methods which help to create new methylation-based diagnostic tools. TruDiagnostic™ only use proven processes and are committed to high standards making them a trusted source when it comes to epigenetic information. Their Scientific Advisory Board is composed of Medical Doctors and PhDs who all specialise in Epigenetics and Aging.

mindfulliving

As part of our ongoing search to provide resources to support you and your patient's health journey, FxMed is committed to bring you enriching and empowering content – the latest in Mindful Living and Yoga as a way of life to support the Body, Mind and Spirit as a whole.

Broaden your horizons and explore further: fxmed.co.nz/mindful-living

Unlock Exclusive Benefits

Registering with FxMed gives you unparalleled access to:

- ✓ Exclusive Offers Enjoy a special opening deal, receive our quarterly newsletter and ongoing promotions
- ✓ World-Class Education Learn on-demand from leading clinicians through FxLearn
- ✓ Practitioner-Only Events Join exclusive FxMed hosted live webinar events
- Expert Support Get technical guidance from our experienced and qualified team
- ✓ The Practitioner Hub Your personalised, all-in-one online space to order + explore + download resources

- ✓ Professional Exposure Feature on our 'Find a Practitioner' tool
- ✓ Hassle-free Patient Ordering Seamlessly manage the flow with FxDirect
- ✓ Functional Testing made easy A seamless end-to-end solution, from selecting the right test, to ordering, tracking samples, through to test results
- ✓ Exclusive Testing Discount Get 20% off Functional Testing for yourself or immediate family

Who Can Register?

You must be a **qualified Health Professional** (credentials required including adequate nutrition training), conditions apply. **Final-year students** from approved education providers can also open an account. If you're still studying, you can gain access to **FxLearn** until your final year.

Simplify Your Ordering Experience

For fast and efficient order processing, place orders via the **Practitioner Hub.** With features like order history, datasheets, stock ETAs, personalised favourites, and condition/ingredient search, online ordering ensures a streamlined experience with faster turnaround times.

For Patient ordering that is designed to deliver convenience for both you and your patients, explore FxDirect on page 4.

Terms & Conditions

Claims and Returns

If there are any problems with your order FxMed must be notified within 7 days of receiving the goods. The goods must be returned to head office within 14 days from the date of the invoice to be eligible for a credit/refund. A credit will be given for the following:

- If the goods we deliver are not what you ordered, damaged (including damage to the outer seal), defective or the invoice does not represent goods received.
- Expiry dates must be checked when receiving the goods, as products will not be credited if returned after 14 days.
- Any incorrect product ordered may be returned if unopened and the outer seal is in place. Due to incorrect ordering you are responsible for the delivery/shipping fees for any product returned.

Delivery of Goods

If you do not receive goods you have ordered from FxMed within the time specified below for the North and South Island, we shall have no liability to you unless you notify us of the problem within 14 days of the date on which you ordered the goods.

- · North Island expected delivery time 1 to 2 working days.
- · South Island expected delivery time 2 to 3 working days.
- Rural Delivery expected delivery time additional 1 to 2 working days.
- All orders over \$200 excl. GST will be delivered freight free.
 Orders under \$200 incur a freight charge of \$7.50 excl. GST, or \$11.50 excl. GST for Rural or Saturday delivery.

Orders received damaged in transit must be left intact as found with packaging and reported immediately to FxMed.

Adverse Reactions

All correspondence for adverse reactions should be emailed to support@fxmed.co.nz. Customer Services will email you if they require more information or if the product needs to be returned to head office.

Product Complaints

For any product complaints, please email Customer Services on support@fxmed.co.nz.

- Any opened product returned due to dissatisfaction with the taste will not be eligible for a credit unless a fault has been found with the product.
- Any opened product returned due to the product being unsuitable for the use intended will not be refunded.
- FxDirect please note we will not accept any returns from patients unless goods are damaged, of which FxMed must be notified within 7 days after receiving the goods.
- Any customer labels must be removed before products are returned.
- Products arriving at FxMed which are damaged due to improper packing will not be credited.

Out of stock items

All products out of stock are automatically placed on our backorder system and will be forwarded to you freight free as soon as we receive the goods. Please notify us if you want to cancel your backorder.
